**Superintendent**

Mr. Jeff McKinney

Welcome to the Stuttgart School District!

Dear Parents and Students:

On behalf of the Stuttgart School District, I welcome you to our district. It is truly my honor to partner with parents, the Stuttgart School District staff, and the community to serve as your superintendent. Our district strives to challenge students to reach maximum success in a safe and encouraging environment. Park Avenue Elementary, Meekins Middle School, Stuttgart Junior High, and Stuttgart High School are consistently working to meet the individual needs of our students as well as develop the individual talents they each possess. Through the development of a strong partnership with parents, faculty, and the community, we strive to grow students both academically and socially to prepare them for the career path they choose. By working together, we have the opportunity to build upon the tradition of excellence already in place, and to continue to strive to not only be a leader in the state in athletics, but in academics as well.

It is with great pride that I serve this community in my role as superintendent. I am here to be of service to students, parents, faculty, and the community by doing my part to provide a quality education that both equips and empowers students to achieve success and receive the education they deserve. Feel free to contact me at the Stuttgart School District Central Office at (870) 673-8701 or [jmckinney@stuttgartschools.org](mailto:jmckinney@stuttgartschools.org).

Go Birds!

Sincerely,

Jeff McKinney  
Superintendent  
Stuttgart School District

## **VISITORS TO SCHOOL**

**(Board Policy 4.15, 4.16, 6.5, 6.10)**

We welcome visitors to our building and have the following rules and expectations to ensure a pleasant experience occurs! Thank you in advance for your cooperation.

- To minimize the potential for disruption of the learning environment, visitors, for the purpose other than to attend an activity open to the general public, are required to first report to the school's main office. The district will be utilizing a new security measure called **Hall Pass**. Any visitor coming into the building is required to scan his or her government issued identification card (driver's license, state identification card, green card, military identification card) in order to obtain a pass to enter the halls of the school. Once scanned, the *Hall Pass* program determines if the visitor is listed on the National Sex Offender Registry or the District's Visitor Restricted List. Visitors not identified on either list will be issued a photo ID badge, good only for that day. Visitors who are Level 3 or Level 4 sex offenders may only enter a school campus under the provisions listed in Policy 6.10.
- After completing required visitor process, a visitor's pass may be issued to individuals with legitimate business. PARENTS/GUARDIANS ARE ALWAYS WELCOME. Student visitors or small children are not permitted to attend class with a student. Unauthorized visitors will be asked to leave. Noncompliance with this request will result in authorities being notified.
- No on-campus visitations with students will be permitted with anyone other than parents or guardians except at the discretion of the principal.
- Park Avenue Elementary and Meekins Middle School encourages parents to plan their visits after Labor Day. This allows teachers and students the first two weeks of school to review and implement procedures.

### **RULES FOR VISITORS**

- Cell phones must be turned off and put away while on campus.
- Confidentiality of all employees and students will be maintained while on campus.
- The problem-solving order is:
  - the teacher or teachers involved
  - then the building administrator
- No raised voices.
- No cursing.
- No threatening behavior.

If any of the above rules are violated, you will be asked to leave. Refusal to leave when requested is considered trespassing. Repeated violations will result in restrictions to your school visits and could lead to being banned from all school property and events. Anyone who attempts to bypass, avoid, or refuse to cooperate with the Hall Pass program or has been identified as a sex offender and refuses to be escorted off the premises, is a trespasser, and will be dealt with accordingly.

Access to school events held during school hours requires that all visitors follow the above guidelines and receive a visitor's pass.

Although parents are welcome on campus during scheduled times, please recognize that it is not possible for teachers to visit with you when they are responsible for providing instruction to the students. Visits and conferences will be arranged upon request. To request a conference with your child's teacher, please communicate with the teacher by sending a note with your child, emailing, or by leaving a message in the office. The teacher will contact you to set up an appointment as soon as possible.

Parents and guardians are invited to eat lunch with their student in the school cafeteria. An elementary or middle school student who has a lunch guest may sit with his/her guest; however, all other children should sit with their classmates in the order they receive their tray as duty teacher assigns. Immediately after lunch, guests should exit the building. (No hallways, classrooms, courtyard or playgrounds.)

Principals or designees are authorized to remove disruptive visitors from the school campus.

Clear background checks for school volunteers are only required for those individuals who wish to volunteer to work one-on-one unsupervised, or in small groups of five or fewer students, such as a tutor or mentor or who wish to accompany students on overnight school trips.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation.

## SUPERVISION OF STUDENTS

Upon arrival of the first bus (7:40 am for Park Avenue students; 7:30 am for Meekins Middle School, and 7:30 am for Stuttgart Junior High School and Stuttgart High School) students will be supervised by school personnel. This supervision will continue until the last bus leaves in the afternoon. No supervision will be provided for students, who arrive earlier or stay later except as described. Students who are at school at the request of a teacher, for practice, tutoring, rehearsal, a meeting, or other school activity will be supervised by school personnel and are subject to the rules and guidelines which apply to the regular school day. The High School parking lot will be locked for safety reasons. Should you need to sign your child out for an appointment, please allow time for security to open the gate.

## WEATHER RELATED CLOSINGS

In the event of inclement weather or other emergencies, an inclement weather message may be sent out to parents via phone. In addition, all school information will be reported to our local radio stations (Country 97.3 FM, Oldies 105.5 FM, and KWAK 1240 AM). Inclement weather will also be reported to television stations KARK-4, KATV-7, KTHV-11 and FOX 16 out of Little Rock. **Please do not call the schools or the radio station. You may also check our website: [www.stuttgartschools.org](http://www.stuttgartschools.org) or Facebook page: Stuttgart School District.**

## PARK AVENUE ELEMENTARY PRE-KINDERGARTEN

The Stuttgart School District offers a 4-year-old preschool program funded by Arkansas Better Chance and our district. The Pre-K Program is housed at Park Avenue Elementary with a 10:1 student/teacher ratio.

## RICEBIRDS' NEST AFTERCARE PROGRAM

The Ricebirds' Nest is a five (5) day afterschool care program offered at Park Avenue Elementary for K-4<sup>th</sup> grade students. This program is for students who need five day after school care. The program hours are from 3:00-5:30pm. Ricebird nest is also available on early dismissal days with the exception of inclement weather. The daily schedule includes a snack, playtime, homework, reading and other activities. The program has a yearly registration fee of \$20.00 and a weekly cost of \$30.00. No drop-ins are allowed.

## NUTRITION/MEAL PROGRAM (Board Policy 4.50 and 4.51)

Our school district provides breakfast and lunch for all students. These meals meet the new regulations for nutrition. **Students must have their identification badge scanned to eat in the cafeteria.** Prices are as follows:

Grades Pre-K -6<sup>th</sup> qualify for the Community Eligibility Provision. Meals served to students in grades Pre-K-6<sup>th</sup> are free. No applications are required to qualify for the free meals for grades PK-6<sup>th</sup>.

|                           |        |                       |        |

For grades 7<sup>th</sup>-12<sup>th</sup>, Free or Reduced Meal Application Forms are available from your child's teacher and the school business office. A new application for each child must be **submitted yearly**.

If your financial situation changes during any school year, you may reapply at that time. Outstanding balances will be sent home monthly.

All ALA-CARTE items will be individually priced and must be paid for in advance or at the time of purchase. Our cafeterias use a computerized accounting system to maintain student accounts. You may put any amount into your child's account at any time. The proper amount will be deducted each time your child uses the account. If you pay by check, please write your child's name and/or ID number in the memo.

We accept payments by cash or check in the cafeterias or the Administration Office/Food Service Department. We also have an online meal payment option available. Please go to [www.EZSchoolPay.com/login.aspx](http://www.EZSchoolPay.com/login.aspx) to register for a parent account or visit the district's website to learn more. A convenience fee in the amount of \$3.00 will be charged for each EZSchoolPay online transaction.

The district only provides modified meal components on menus to accommodate students with disabilities. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to the district's Director of Child Nutrition a medical statement completed by a State licensed healthcare professional, which includes:

- Physicians, including those licensed by:
  - The Arkansas State Medical Board;
  - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
  - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student's disability that is sufficient to understand how the disability restricts the student's diet;
2. An explanation of what must be done to accommodate the disability, which may include:
  - a. Food(s) to avoid or restrict;
  - b. Food(s) to substitute;
  - c. Caloric modifications; or
  - d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District's 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

General Information

Students who bring their lunch may not share that lunch with any student due to possible food allergy reaction.

For more information, please contact Jessica Millerd, Food Service Director at 673-8701.

### **SCHOOL CELEBRATIONS** *(Board Policy 5.29)*

In order to keep our school environment in compliance with regulations for nutrition, the building principal must approve all celebrations. Classes may not have more than 9 celebrations per year that involve food.

### **FOOD and OTHER DELIVERIES**

Birthday parties are not held at school. Students are not allowed to distribute personal invitations for parties. Building principals can provide more specific information regarding these regulations.

**For grades PK-12**, deliveries for individual students such as: balloons, flowers, birthday or holiday deliveries, etc., will not be accepted by the schools. Food delivery services will not be allowed. Parents who leave lunch in the office for a student must notify the student before school of the arrangement. School employees are not responsible for delivering outside food (such as Pizza Hut, etc.) to an individual student or group. Any delivery must have the student's name identified.

### **CHECKING STUDENTS IN AND OUT OF SCHOOL**

Your child's attendance in school is essential to his/her success. If an emergency should arise and a student needs to leave school, the parent or adult whose name appears on the information card must **come in** the school office and **sign the student out before he/she will be allowed to leave campus**. If a student returns to school during the school day, he/she must be accompanied to the school office by a parent or adult whose name appears on the student information card. No student shall be checked out of school during the day (morning, lunch or afternoon) and allowed to return without documentation, note from guardian, doctor/dental note, funeral or court documentation, drivers test, etc. or parents/guardians signature upon return. **No student may be signed in or out over the phone**. Please do not interrupt your child's education due to other children or work schedules. Early check-outs will prevent a student from earning perfect attendance each quarter.

At Stuttgart High School, interrupting class time to call a student to the office will not be allowed except in EMERGENCY situations and will only be done with administration approval. We must keep the classroom disruptions to a minimum in order to maximize instructional time. Students may come to the office on their own in between classes and retrieve items if they need to. They will not be called to the office.

**PAE students-** \*Due to traffic congestion and the safety of our students, please check your child out before 2:20 p.m. If you are needing to check out your child on an early release day, please do so by 12:20 p.m..

**For The Safety Of Our Students, We Do Not Accept Any Transportation Changes Over the Telephone.** All changes in transportation must be in writing and sent to your child's teachers **PRIOR** to the date of the changes.

## ACCIDENT AND STUDENT INSURANCE

The school does not carry liability insurance and is immune from liability and from suit for damages. (A.C.A. §21-9-301) It is strongly recommended that parents purchase student insurance to cover their child while at school, particularly if no other health coverage is in force.

All student accidents that occur on school property or during a school activity will be reported to the School Business Office. An Accident Report will be completed and copies will be kept on file. Only first aid treatment is administered at school. After assessing the situation, the school nurse or designee may or may not contact parents.

If the parent/guardian cannot be reached and the school nurse or designee feels that further medical attention is warranted, the student will be taken to the emergency room. Stuttgart Public School District assumes no responsibility or financial obligations for any treatment involving accidents or illness.

FOR YOUR CHILD'S SAFETY, IT IS THE PARENT'S RESPONSIBILITY TO LEAVE A CURRENT ADDRESS, PHONE NUMBER(S), AND MEDICAL INFORMATION IN THE SCHOOL OFFICE AT ALL TIMES.

## STUDENT IDENTIFICATION BADGES

The first student ID badge will be provided free of charge to the student. If the identification badge is lost or misplaced, the student has five (5) school days to replace at \$1.00 per badge. When a school employee requests the student to surrender his/her student ID badge, the student must comply. Non-compliance is insubordination. The only approved exception for not wearing the student ID badge will be students actively involved in school-related performances or scheduled extracurricular activities requiring uniforms. Students must not deface identification badges.

### **Grades K-4**

Students will wear identification badges on a clip on their shirt collar or upper torso each day. ID badges will be left at school each day. **For student safety, lanyards are not permitted.**

### **Grades 5-6**

ID badges will be left at school each day.

## EMERGENCY DRILLS

The Stuttgart Board of Education recognizes that its responsibilities for the safety of students and staff extends to possible natural and man-made disasters and that such emergencies are best met by planning and preparation. The board has authorized a system of emergency preparation which ensures the health and safety of both students and staff. Students and staff will be trained to respond sensibly to emergency situations to ensure minimal disruption of educational programs.

The Stuttgart Public School District recognizes that a crisis or natural disaster could occur during school hours. It is the responsibility of each principal, teacher, support staff, custodian, secretary, and cafeteria worker to know and implement the crisis plan for the safety of the students. If a crisis plan is in effect, only a parent or emergency contact identified on the pupil data card may pick up a student. Threats to the safety of the school district's facilities shall be identified by appropriate personnel and responded to promptly in accordance with the plan for emergency response. The superintendent or his/her designee shall develop a plan for the handling of emergencies, which includes a plan for the prompt and safe evacuation of the schools, if necessary.

**GRADUATION REQUIREMENTS FOR THE CLASS OF 2027 AND THEREAFTER  
(Board Policy 4.45.2)**

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

**GRADUATION REQUIREMENTS**

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements. Career education courses that are determined by DESE to be eligible for use in the place of a listed course may be substituted for the course as designated by DESE.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

**Personal and Family Finance**

All students shall receive credit in a course covering the Personal and Family Finance Standards in order to graduate.

## Community Service

Each student must receive seventy-five (75) clock hours of community service that is certified by the service agency or organization where the student volunteers.

The community service must be in programs or activities, either in Arkansas or outside of Arkansas, that meet the requirements established by the State Board and the District Board of Directors and include preparation, action, and reflection components. Except as provided by this policy, a student must receive at least the following documented clock hours of community service each year:

- Fifteen (15) hours for students in grade nine (9);
- Twenty (20) hours for students in grade ten (10);
- Twenty (20) hours for students in grade eleven (11); and
- Twenty (20) hours for students in grade twelve (12).

Students transferring into the District after grade nine (9) or students who are graduating early may receive a diploma provided that the minimum requirement for each year the student attends the District is met. The District Board of Directors may grant a waiver of the community service requirement for extenuating circumstances on a case-by-case basis, which may include without limitation:

- A major illness associated with a student or a family member of a student;
- Student homelessness or housing insecurity; and

*(Board Policy 4.56)*

The Stuttgart School Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student's educational experience. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments or other similar events subject to approval of the Superintendent). A student may lose eligibility to participate in extracurricular activities when, in the opinion of the school's administration, the student's participation in such an activity may adversely jeopardize academic achievement. Students may also be denied permission to participate in extracurricular activities as a consequence of disciplinary action taken by the administration for inappropriate behavior. For the purposes of this policy, extracurricular activities are defined as any school-sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time or are competing for the purpose of receiving an award, rating, recognition, criticism or qualification for additional competition. A process of nominating, evaluating/assessing and placing students into the gifted program is completed at the beginning of the school year for students in third grade and any time thereafter as requested by a parent, student or teacher.

Nomination – Students may be nominated by parent, teacher, other students, or self. Students should demonstrate above average intelligence, creativity and self-motivation. Report cards, Standardized test scores, characteristics check-list, portfolios, and interviews are also considered.

Placement – Placement into the GT program begins in the 3<sup>rd</sup> grade. The placement is determined by the consensus of a school-based committee. The committee may consist of the GT Coordinator and facilitator, school administrators, teachers and school counselors.

Appeal Procedure – Parents may appeal any placement decision by following the appeal procedure as defined by the district and available in the GT Coordinator's office.

#### Services:

*K-2:* All students participate in weekly enrichment activities provided by the gifted education staff.

*3-6:* Identified gifted students participate in a pull-out class for 150 minutes per week.

*7-11:* Students may select to participate in Advanced classes. These classes are offered in the areas of math, English, and science. High School students may also take advanced social studies classes.

*10:* Students in good academic standing may take some of the AP classes offered.

*11-12:* Students may select to take any of the 8 AP courses offered. These classes are offered in each of the core content areas (math, English, social studies, computer science and science).

Advanced classes are offered for students in grades 7-11. Advanced Placement (AP) classes are offered for juniors and seniors. The curriculum for both Advanced and AP classes is designed to promote higher levels of learning. Students are required to complete more out-of-class assignments and maintain a more rigorous class load.

Students considering enrollment in Advanced/AP courses must have above-average grades, read on grade level or above grade level (as determined by diagnostic assessments), and meet or exceed expectations on state standardized testing in the content area of the classes they wish to enroll. Guardians and students should take into consideration indicators for success, such as grades, test scores, self-motivation, and prompt completion of assignments when choosing to enroll in Advanced/AP classes.

For any student scoring close on the ACT Aspire or below a 19 on the ACT, a waiver must be signed by the guardian and enrollee acknowledging an understanding of the increased rigor and requirements of the course(s) and that the student may have difficulty meeting those requirements proficiently. Students who score in need of support will remain in on level classes. In the event there is no ACT Aspire test data to evaluate for the prior year, no waivers will be available.

## **Special Education**

Beginning with the incoming freshman for the 2019-2020 school year with the most significant cognitive disabilities, an alternate pathway to graduation has been developed by the Arkansas State Board of Education. In order to pursue the alternate pathway to graduation, the student must meet the criteria for and participate in the state's alternate assessment. The requirements for the Alternate Pathway to Graduation differ from the traditional core graduation requirements. For each graduation requirement, the alternate pathway provides an aligned, appropriate alternative for students with the most significant cognitive disabilities. Students who will be graduating through the alternate pathway must complete each of the prescribed graduation requirements and these requirements may be obtained through the student's Free and Appropriate Public Education (FAPE) period, which in Arkansas is the end of the school year in which the students turns 21. Students with the most significant cognitive disabilities that complete all the course requirements for this pathway will graduate with a regular diploma.

For all other students with individualized educational plans (IEP) beginning with the incoming freshmen for the 2019-2020 school year, must meet the requirements for the core pathway in order to graduate with a regular diploma.

Students with special needs who engage in misbehavior are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to a free appropriate public education. The individual education plan (IEP) team for a student should consider whether particular discipline procedures should be adopted for that student and included in the IEP. Questions concerning special education should be directed to the building principal or the Director of Special Education.

## **PROMOTION/RETENTION/COURSE CREDIT**

A disservice is done to students through social promotion and is prohibited by state law. The district shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Each school in the Stuttgart School District shall include in the student handbook, the criteria for promotion of students to the next grade as well as the criteria for being required to retake a course, if applicable. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents and teacher(s) of a student in kindergarten through eighth (8<sup>th</sup>) grade shall be notified in writing of the student's independent grade-level-equivalency in reading. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria. If there is doubt concerning the promotion or retention of a student, or their required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a) The building principal or designee;
- b) The student's teacher(s);
- c) School counselor
- d) A 504/special education representative (if applicable); and
- e) The student's parents.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement, the final decision to promote or retain shall rest with the principal or his/her designee.

**Grades K-4**

A student's education must be built on a solid foundation of skills. The mastery of essential skills is the critical element in unhampered future learning.

Retention in grades K-4 will be based on data collected from a variety of sources which may include performance reports from the classroom teacher, goals of the IEP, work samples, standardized test scores, and Light's Retention Scale. Student traits, such as maturity level, attendance and potential to succeed at the next level will also be considered. A committee may be formed to review the data and make a recommendation to the principal for appropriate grade placement. Multiple retentions may result in students being ineligible for interscholastic athletics at the junior and senior high levels.

**Grades 5-6**

If a student has a grade in any class that is below average or failing, a committee may review and make recommendations on students to determine eligibility for promotion. Student traits such as maturity level, attendance and potential to succeed at the next level will also be considered. Special Education students must meet the requirements set forth in their individual educational plans to be promoted. Multiple retentions may result in students being ineligible for interscholastic athletics at the junior and senior high levels.

**Grades 7-8**

Students in the 7<sup>th</sup> thru 8<sup>th</sup> grades will pass 75% of all classes to be promoted. A committee will review and make recommendations on students who do not meet the criteria. Special Education students must meet the requirements set forth in their individual educational plans to be promoted.

**Grades 9-12**

Students in grades 9 – 12 must pass all required courses in order to graduate.

## **SECTION 3**

### **RESIDENCY/ENROLLMENT/RECORDS**

## **RESIDENCE REQUIREMENTS**

### ***(Board Policy 4.1)***

#### **Definitions:**

“In loco parentis” means relating to the responsibility to undertake the care and control of another person in the absence of:

1. Supervision by the person's parent or legal guardian; and
2. Formal legal approval.

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having, lawful control of the student, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty-one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district whose parents move the student into another district or who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and the employee’s child or ward reside outside the district.

Any student who was enrolled in a state-accredited or state-approved kindergarten program in another state or in a kindergarten program equivalent in another country, becomes a resident of this state as a direct result of active military orders or a court-ordered change of custody, will become five (5) years of age during the year in which he or she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon a written request to the District.

**Please note:** Cases of pertussis (whooping cough) have increased in children, teens, and adults in the last few years. Tragically, some infants too young to be fully protected by vaccination have died. Ask your doctor or nurse if your children have received all the pertussis shots needed for his or her age. Also, if you haven't had your pertussis shot, you need to get one.

**What is "Catch-up?"** If your child's vaccinations are overdue or missing, get your child vaccinated as soon as possible. If your child has not completed a series of vaccinations on time, he or she will need only the remainder of the vaccinations in the series. There's no need to start over.

The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.

**Kindergarten Waiver (Board Policy 4.2)**

Any parent, guardian, or other person residing within the state and having custody or charge of any child may elect for the child not to attend Kindergarten if the child will not be age five (5) on August 1 of that particular school year. If such election is made, a signed Kindergarten Waiver must be filed at the local district administrative office.

**School Choice (Board Policy 4.5)**

Students wishing to attend Stuttgart Public School District but who do not reside in the attendance areas for the district may file a petition with the school board to attend Stuttgart Public Schools. In accordance with, Arkansas Public School Choice Act of 2015 Stuttgart Public Schools will consider all applications postmarked no later than May 1 of the year in which the student would begin the fall semester at the non-resident district. The standards for acceptance of the petition by the school board will not include previous academic achievement, athletic or other extracurricular abilities, handicapping condition, English proficiency level or previous disciplinary proceedings. (Revised 2015)

## **OPPORTUNITY SCHOOL CHOICE**

### ***(Board Policy 4.5)***

#### **Standard School Choice**

##### **Definition**

"Sibling" means each of two (2) or more children having a common parent in common by blood, adoption, marriage, or foster care.

#### **Transfers Into the District**

#### **Capacity Determination and Public Pronouncement**

The Board of Directors will annually adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedures for participation in the program. Such pronouncements shall be made no later than January 1.

#### **Application Process**

The student's parent shall submit a school choice application on a form approved by DESE to this District and the student's resident district. Except for students who are transferring under Uniformed Service Member Dependent School Choice, the transfer application must be postmarked, emailed, or hand delivered between January 1 and May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who are transferring under Uniformed Service Member Dependent School Choice, applications postmarked, emailed, or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Except for students who are transferring under Uniformed Service Member Dependent School Choice, no earlier than January 1 of each year, the Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

#### **Accepted Applications**

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents.

If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who either fails to initially enroll under the timelines and provisions provided in this policy or who chooses to return to his/her resident district voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

### **Rejected Applications**

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the district.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. Unless the student's application was rejected due to the application not being timely received by both the resident and nonresident districts, a student whose application was rejected may request a hearing before the State Board of Education to reconsider the application request for a hearing must be submitted in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

### **Transfers Out of the District**

All Standard School Choice applications for transfers out of the District shall be granted.

### **Facilities Distress School Choice Applications**

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in distress;
- The student is not required to meet the May 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

## **Opportunity School Choice**

### **Transfers Into or Within the District**

For the purposes of this section of the policy, a “lack of capacity” is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards of Accreditation, or other applicable rules.

There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District’s school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student’s assigned school to another school in the District or from the student’s resident district into the District if:

- Either:
  - The student’s resident district has been classified by the state board as in need of Level 5 — intensive support; or
  - The student’s assigned school has a rating of "F"; and

Except for those transferring under Uniformed Service Members Dependent School Choice or seeking to transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, and the student’s resident district whether the Opportunity School Choice application has been accepted or rejected by no later than July 1 of the school year the student is seeking to enroll. If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. Unless the student’s application was rejected due to the application not being timely received by both the resident and nonresident districts, a parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District’s decision to deny the application to the State Board of Education.

The appeal must be in writing to the State Board of Education via hand delivery or certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

Except for students who are transferring under Uniformed Service Member Dependent School Choice, a student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student's enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

ACA §6-18-209 states the board of directors at each school district in this state shall adopt student attendance policies. A student attendance policy may include excessive absences as a mandatory basis for denial of promotion or graduation. In order for a student to receive credit for a course of study during a semester, the student must not have more than six (6) absences for the class.

Students are required to maintain prompt and regular attendance in accordance with the Board of Education policy. Parents have the responsibility to monitor attendance and to familiarize themselves with policies pertaining to the educational program of the school. The District is responsible for providing all instructional materials for each student who enrolls in a District approved digital learning course.

Regardless of any other provisions of this policy, the District may restrict a student's access to digital courses when the student's building principal determines the student's participation in such a course would not be academically appropriate based on the student's past performance in digital courses.

Furthermore, the student's building principal may revoke a student's eligibility to continue taking a digital learning course if the student's performance during the semester indicates the student is not succeeding in the course.

Attendance in virtual learning courses shall be determined by the online attendance and time the student is working on the coursework as monitored by the teacher of record to ensure the student progresses toward standard mastery and credit attainment for the course.

A student in a digital or remote environment who is not physically present on campus will be marked present if the student can demonstrate they are engaged in learning.

Engagement is defined as a student who logs in weekly to the district learning platform and submits assignments according to the specified due dates. Adjustments may be made to meet an individual student based on their IEP, 504, or other programmatic plans.

A student with extenuating circumstances who may require longer periods of time to submit assignments due to an emergency will need to coordinate attendance options with the building administrator for approval to ensure their attendance is not negatively impacted.

If the student is not passing one or more virtual courses and not logging at least 45 minutes per day/per course, they will be marked absent from school. Grades and attendance will be monitored on a weekly basis.

## **ABSENCES/ABSENTEEISM POLICY**

### **(Board Policy 4.7)**

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school, whether in person or digitally, is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in synchronous digital courses shall be determined in the same manner as for District students attending courses in person.

### **Excused Absences**

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons:

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.

Up to one (1) time during each scheduled election, a student shall not be considered absent from school for the time the student accompanies the student's parent when the parent is exercising the parent's right to vote in a scheduled election.

In order for the absence to be considered excused, the student must:

### **Unexcused Absences**

Whenever a student exceeds 6 (six) unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, guardian, or persons in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, guardian, or person in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, guardian, or person in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

### **EXCESSIVE TARDIES**

Tardy shall be defined as a student not being in his/her classroom when the tardy bell rings. A student who is more than 10 minutes late to class without a valid excuse will be marked absent. The parent or guardian is responsible for getting their child to school on time and remaining at school each day. Every school day is an important learning opportunity for our students. Excessive tardiness and repeated early checkouts are detrimental to the student's educational growth and disruptive to the educational process in the student's classroom. ### **DISCIPLINE** **(Board Policy 4.17)**

The Stuttgart Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school sponsored function, activity, or event; going to and from school or a school activity.

Discipline learned through school policy/rules develops self-control, character, orderliness and efficiency. Good discipline is maintained by conduct and proper consideration for other people. Recognizing and praising good behavior and taking corrective action when necessary maintain good discipline. Discipline is a shared responsibility between home and school.

Students are expected to put forth their best effort and to conduct themselves at all times in a manner that will promote a safe and orderly learning environment. Stuttgart Public School District offers services and programs to aid in prevention intervention and conflict resolution skills for students who need help in this area. Behavior expectations for students in all areas of the building have been developed and will be discussed with the students. Any behavior that causes the learning atmosphere to be disrupted or which infringes upon the rights of others in the school will not be tolerated and may subject the student to corrective measures.

Disciplinary infractions may range from a minimum of a warning to a maximum of recommendation for expulsion.

All students learning virtually are considered to be on school grounds when participating in the virtual classroom synchronously or asynchronously and shall be held accountable for respecting and obeying all school policies as outlined in the Stuttgart School District Student Handbook while participating in online learning and when reporting to campus for scheduled meetings and events. Students will be expected to display appropriate behavior during virtual online sessions and when participating in online discussions.

*(Board Policy 4.39)*

**(A.C.A. §6-18-505, §6-18-503)** Corporal punishment may be administered for disruptive or unmanageable conduct; insubordination; profane, violent, vulgar or insulting language; or other conduct tending to disrupt the educational process. ### **SEARCH, SEIZURE, AND INTERROGATIONS**

*Board Policy 4.32*

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. A student that refuses to be searched will be turned over to the authorities and/or SRO.

The teacher or administrator will take appropriate disciplinary action that may also include referral to legal authorities. **BASED ON THE SEVERITY OF THE BEHAVIOR, THE ADMINISTRATOR MAY SKIP SEQUENTIAL STEPS IN CONSEQUENCES.**

## **EXCEPTION CLAUSE**

Principals or designees will consider suggested consequences initially. Based on the severity of the behavior, the administrator or his/her designee may skip sequential steps or suggested consequences. The administrator or his/her designee may administer the suggested consequences to a lighter or more severe degree.

## **DISCIPLINE FOR THE DISABLED**

Students with disabilities who engage in misbehavior are subject to normal disciplinary rules and procedures so long as such treatment does not abridge the right to a free, appropriate public education. The individual education plan (IEP) team for a disabled student should consider whether particular discipline procedures should be adopted for that student, and included in the IEP.

After an emergency suspension is imposed on a disabled student, an immediate meeting of the student's IEP team should be held to determine the cause and effect of the suspension with a view toward assessing the effectiveness and appropriateness of the student's placement and toward minimizing the harm resulting from the exclusion. When a student with disabilities is suspended beyond 10 days during a school year, the student should be offered alternate educational programming for the duration of the exclusion.

The building principal shall deal with any grievance relating to students with disabilities. All actions and procedures shall be in accordance with the Individuals With Disabilities Education Act (IDEA), as revised in 1997 and Act 102 of 1973.

- (1) Suspension
- (2) Expulsion
- (3) A statement being removed from the student's records, and
- (4) Clearing student's reputation.

Due process is, at a minimum:

- (1) Notice of charge
- (2) Opportunity for denial
- (3) Evidence against a student if charges are denied
- (4) Opportunity to tell his/her side, and
- (5) Decision and timely notice and an opportunity for a fair hearing.

The degree of due process required is directly proportional to the degree of loss to the student

## **SUSPENSION AND EXPULSION PROCEDURES**

**Out-of-School Suspension:** Exclusion from school for a period of ten (10) days or less. While under out of school suspension, students have the opportunity to make up work according to the make-up work policy. Students shall be permitted on campus only to attend a student/parent/administrator conference. While under an out of school suspension, the student will not be allowed to attend any after school activities.

**Expulsion:** A suspension of more than 10 days that is imposed by the school board. While under expulsion, students can continue their education using alternative method of instruction as provided by the school.

The principal or his/her designee will make this determination. All infractions listed in the current, board-approved student handbooks for the school district are grounds for suspension or expulsion.

## **DUE PROCESS AND PROCEDURES FOR SUSPENSION**

### ***(Board Policy 4.30)***

A school administrator may suspend a student from school for periods of time not to exceed ten (10) days. Prior to making the decision to suspend, the school administrator will informally advise the student of the nature of the student's misconduct and will allow the student to express his viewpoint in defense of mitigation. Unless the school administrator has personally witnessed the infraction, he/she will conduct such investigation, as he/she deems necessary.

The custodial parent/guardian will be given written notice of each suspension, which will include the reason(s) for suspension, its duration, and the manner in which the student may be readmitted to school. When possible, this notice will be given to the parent/guardian prior to the suspension. Such notice shall be handed to the parent/guardian or mailed to the last address reflected in the school records (Student Information Form). A student returning to school after a suspension must be accompanied by a parent/guardian in order to be readmitted.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board. Suspensions initiated by the Superintendent may be appealed to the Board.

**NOTE: When a student is suspended from school, the child may be delivered to the parent/guardian's place of employment. With all offenses, school personnel will reinforce a school-counseling component of conflict resolution and refusal skills.**

### **REGULATIONS CONCERNING SUSPENSION**

- a. The Superintendent, Principal, or Assistant Principal are authorized to suspend students from school for disciplinary reasons, for periods not to exceed ten (10) days.
- b. Prior to imposing a suspension, the school official will conduct an investigation. The investigation will, at a minimum, advise the student of the nature of his/her misconduct and will hear anything the student has to say in defense of mitigation.
- c. Unless the official has personally witnessed the infraction, he or she will conduct such investigation, as he/she deems necessary.
- d. The custodial parent or guardian will be given written notice of each suspension; the notice shall include the reasons for the suspension, its duration and the manner in which the student may be readmitted to school. On the day the suspension is imposed, such notice will be mailed to the parent or guardian at the address of record in the school office.
- e. A parent or guardian must accompany a student returning to school after suspension for the student to be readmitted. A re-entry conference must be held with the school principal or his/her designee.
- f. In some cases, a student may be assigned to In-School Suspension in lieu of an out-of-school suspension. This decision is at the discretion of the principal or his/her designee imposing the suspension.

### **SUSPENSION**

"The directors of any school district may suspend any person from school for immorality, refractory conduct, insubordination, infectious disease, habitual uncleanness, or other conduct that would tend to impair the discipline of the school, or harm the other pupils, but such suspension shall not extend beyond the current term. The board of directors may authorize the teacher to suspend any pupils, subject to the board." (Section 80-1516, Arkansas State Law).

### **DUE PROCESS AND PROCEDURES FOR EXPULSION** ***(Board Policy 4.31)***

Only the school board is authorized to expel a student, either permanently or for the remainder of the semester, for conduct it deems to be of such gravity as to make a short temporary suspension inappropriate, or where it finds that a student's continued attendance at school would be disruptive to the education process or unreasonably endanger other students or school personnel. The superintendent or his/her designee will hand deliver written notice to the parent/guardian (hand delivered to the address recorded on the school district records) that he/she has recommended to the board that the student be expelled. The notice will state the reason(s) for the recommendation, the duration of the proposed expulsion, and the date, hour, and place at which the board will consider and may dispose of the recommendation.

The board hearing will be conducted not later than ten (10) school days following the date of the notice, unless representatives of the board and of the student agree in writing to a date that does not conform to this limitation.

The President of the Board, Board Attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the superintendent will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted. However, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

The Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion.

#### **REGULATIONS CONCERNING AN EXPULSION** ***(Board Policy 4.31)***

- a. The Board is authorized to expel a student, either permanently or for the remainder of the semester or school year, for conduct it deems to be of such gravity as to make a short temporary suspension inappropriate, or where it finds that the student's continued attendance at school would be unacceptable or disruptive to the education program or would involve unreasonable danger to other students and faculty members. (A.C.A. §6-18-507)
- b. The Superintendent or his/her designee will hand deliver written notice to the parent or guardian (hand deliver to the address of record on file in the school office) that he/she has recommended to the Board that the student be expelled, the duration of the proposed expulsion, and the date, hour and place at which the Board will consider and dispose of the recommendation.
- c. The Board hearing will be conducted not later than ten (10) school days, unless representatives of the Board and the student agree in writing to a date which does not conform to this limitation.

- d. Conduct of the hearing:
  - 1) The President of the Board (or, in his absence, a member selected by the Board) shall preside at the hearing, which may be open or closed.
  - 2) A lawyer or lay counsel may represent the student.
  - 3) The Superintendent or his/her designee may present any evidence at the hearing, including statements of persons having personal knowledge or event or circumstances giving rise to the expulsion recommendation.
  - 4) The student or his/her representative may then present statements of any persons with personal knowledge of events or circumstances relevant to the issues.
  - 5) Normally, formal cross-examination will not be permitted. However, if the President determines during the course of the hearing that the credibility of a witness is at issue or that other good cause exists, he/she may permit cross-examination.
- e. A parent or guardian must accompany a student returning to school after expulsion for the student to be readmitted. A re-entry conference must be held with the Superintendent (or designee) and School Principal (or designee) before returning to school.

### **ORDERLY OPERATION, EXPULSION**

"Nothing in this Act (80-1644-80-1656) shall be construed to limit a local school district's power to adopt reasonable rules, regulations and policies, not inconsistent with the purposes of the Act, to insure continued orderly operation of schools including adult education and vocational-technical high school, and such powers are deemed to include the right of expulsion for student participation in any activity which tends, in the opinion of the board, to disrupt, obstruct, or interfere with orderly education processes." (Section 80-1656, Arkansas State Law).

### **ANOTHER CHANCE PROGRAM**

#### History

The Stuttgart School district has a long history of taking a strong stance against students possessing, using, distributing, or being under the influence of drugs and/or alcohol in school. In an effort to provide a safe learning environment for all of our students, for many years, any student found to be in violation of the drug and alcohol policy were recommended for expulsion and removed from the school environment. While this approach removed students from Stuttgart, it did nothing to help the offending students deal with their abuse.

After students that had been in trouble for substance abuse or possession at school had served their expulsion and returned to Stuttgart after spending time in an Alternative Learning Environment, Private School, or Home School setting, we found that many of them were academically behind. This had long reaching consequences on the student, their families, and the school. Many of these students fell further behind on credits, became frustrated, and did not graduate. This had a negative impact on our drop- out rate, standardized test scores, and more importantly, the student's future. In addition, we saw a trend where many of our students that were in violation of this policy, were not habitually in trouble at school and had no known history of drug or alcohol abuse.

In an effort to find a way to maintain a safe educational environment, to help students that may have made a serious mistake, and to give those students an option to avoid an expulsion and remain a Stuttgart student, we developed the "Another Chance Program". The Stuttgart School Board adopted this program April 14, 2015. This program gives qualified students the option of remaining in school under a very strict probationary status. It places them in a drug/alcohol treatment program to prevent dependency and use of illegal drugs or alcohol by the student.

This program will educate students on ways to avoid repeat problems in this area. In addition, this program will provide counseling and support for the student and parent involved in the program.

### **“Another Chance Program”**

Students who are recommended for expulsion for violation of district drug and alcohol policy MAY be eligible to appeal to the superintendent of schools for placement in the “Another Chance Program” to avoid expulsion. This request must be made directly to the superintendent by the parent or guardian and/or the student. This program is designed to allow eligible students a possibility of continuing as a Stuttgart student under a strict probation and with specific limitations if they meet the following:

- 1) The student cannot have previously been suspended or recommended for expulsion for violation of the drug/alcohol policy.
- 2) The parent and student must agree to be enrolled in and agree to complete participation in the school approved drug/alcohol abuse program. This school approved program is a partnership between the school and professionals in the field of substance abuse.
- 3) The program is provided and administered by counselors, and substance abuse professionals from a Professional Counseling Service recommended by Stuttgart School District.
- 4) The student agrees to participate in the drug/alcohol testing, counseling, and required meetings prescribed by the drug/alcohol abuse program. The program administrators will notify the school if the student fails to meet all of the requirements of their program. In addition, if the student fails a drug or alcohol test administered by officials from the court of their home residence, Arkansas County or Stuttgart City Court, Stuttgart Schools, or the Professional Counseling Service recommended by Stuttgart School District. they will be considered to have violated their agreement in the “Another Chance Program”.
- 5) The parent and student agree to the requirement that the student complete fifteen (15) hours of approved community service work as a part of this program.
- 6) The parent and student agree to assume a portion of the cost of the drug/alcohol abuse program as determined by the parent, the Professional Counseling Service recommended by Stuttgart School District. and the superintendent. The parent agrees to completely fulfill their financial agreement with the Professional Counseling Service recommended by Stuttgart School District. prior to their child completing the entire program.
- 7) Parents and students requesting enrollment in the “Another Chance Program” agree to waive the right to a hearing before the school board on the expulsion should the student fail to meet the terms of the program and be recommended for expulsion during the probationary period.

Students who meet these requirements may request probationary status from the superintendent of schools after they serve the designated days out of school suspension. The out of suspension days will count toward total days. Five (5) is the maximum days allowed to miss before losing credit/being retained. If approved, the student may have their recommendation for expulsion modified by the superintendent and will be placed in the “Another Chance Program”.

Parents making the request for this probationary status must contact the superintendent of schools and arrange for a meeting with the superintendent. Those in attendance at this meeting will include the superintendent, an administrator from the student’s school, a school counselor, the student, and their parent or guardian. The superintendent may, after reviewing the information provided, choose to allow the student to attend school on a probationary status for the remainder of the school year, or an appropriate and/or comparable length of time as determined by the superintendent.

Students who are placed on this probationary status will be allowed to attend school as long as the student satisfactorily completes the drug/alcohol abuse program. In addition, the student must meet all the prescribed stipulations dealing with the school attendance, academic performance, student disciplinary restrictions and the other restrictions that are deemed appropriate by the superintendent.

A student who fails to meet all the requirements of the drug/alcohol abuse program or violates the agreed upon terms of the “Another Chance Program”, will be considered in violation of the probation and will be recommended for expulsion. *Updated Feb. 2022*

## Saturday School

**(Grades 3-6)** Park Avenue & Meekins Middle School will have Saturday School as one form of discipline for disciplinary infractions. Saturday School will be used as a study period held on Saturday mornings in Meekins Middle School from 7:30am -11:30 am. Two hours will be considered a half day Saturday School and four hours will be considered a whole day of Saturday School. Students can be assigned a Saturday School detention for infractions of school rules. Saturday School is considered a less consequence than In School or Out of School Suspension. Attendance is mandatory. Failure to attend half-day Saturday School will result in 1 day ISS. Failure to attend a full day Saturday School will result in 2 days ISS.

The following rules must be followed while in Saturday School or the students will be subject to in school suspension.

1. Students will arrive on time. Students who arrive late will not be admitted and will be counted absent.
2. Students are required to have a textbook or appropriate material along with paper, pencil or pen.
3. Students are required to study.
4. Students are not allowed to sleep or have their head on a desk.
5. Students are not allowed to talk.
6. Transportation to and from Saturday School will be the responsibility of the parents/family. Exceptions may be made by the principal if circumstances warrant.
7. Students must wear appropriate school uniform.

## **DISCIPLINE POLICY FOR STUDENTS – GRADES 5 -6**

### **MEEKINS MIDDLE SCHOOL**

#### **School-wide Expectations**

Students at Meekins Middle School are expected to respect the rights of others to have a safe and orderly learning environment, free of disruptions. Our school-wide expectations are:

1. Attend school in uniform, including ID badge, with all necessary materials and supplies.
2. Follow directions at all times.
3. Be respectful; keep hands, feet, and objects to yourself.
4. Food, candy, gum, and drinks are not allowed at any time.  
**Water in a clear container will be allowed.**
5. Refrain from disrupting the learning environment.

Meekins Middle School students and staff are educated in strategies that help to maintain the integrity of the learning environment in our schools. Our staff believes that all students deserve to learn, are capable of learning, and should be afforded a safe environment conducive to learning while attending school. Stuttgart Public Schools' policy states "Any behavior that causes the learning atmosphere to be disrupted or which infringes upon the rights of others in the school will not be tolerated and may subject a student to corrective measures (Board Policy 4.17)."

Three questions allow staff to determine whether or not to intervene in student behavior:

1. Is the student able to continue learning?
2. Are other students in the group or class able to continue learning?
3. Is the teacher able to continue to provide instruction?

If the answer to any one of these questions is "no", the behavior is disruptive to the learning environment. Students are responsible for their conduct that occurs at any time on or off the school grounds, at a school sponsored function or activity, as well as traveling to and from a school activity. Middle School staff and administrators will respond to disruptive behaviors according to the discipline policies.

## DISCIPLINE POLICY FOR STUDENTS – GRADES 7-12

### STANDARD OF CONDUCT

All students are expected to conduct themselves at all times in a manner that will contribute to the best interest of the school and not infringe on the rights of others.

School district officials attempt to include prevention, intervention, and conflict resolution whenever dealing with student problems; however, school staff have the authority and the responsibility to take customary and reasonable measures to maintain proper control and discipline among students placed under their care and supervision. Such measures may include the use of reasonable force in the exercise of lawful authority to restrain or correct students and maintain order. A student who is well informed concerning his/her rights and responsibilities and the standards of behavior expected should not require disciplinary action. However, the Rules of Conduct set forth below are considered major infractions of proper conduct and will subject the student to disciplinary action.

If a student is assigned discipline by the building administration and the student refuses to accept the assigned discipline the parents will be contacted by the building administration. If the parent agrees with the student and refuses to accept the assigned discipline the student will be suspended for three days. This will then count toward the number of unexcused days absent for the student, which may trigger a Family in Need of Services (F.I.N.S.) petition being filed against the student and parents, and possible loss of credit due to excessive absences. This may result in the student and parents being required to attend court and facing possible fines. The outcome of the court appearance will be subject to the judge's discretion within the law.

## **K-12 POLICY**

### **STUTTGART SCHOOL DISTRICT SEARCH POLICY (PROPERTY AND STUDENTS)** **(Board Policy 4.32)**

Students are entitled to the guarantees of the Fourth Amendment and they are subject to reasonable searches and seizures. School officials are empowered to conduct reasonable searches of students and school property when there is reasonable suspicion to believe that students may be in possession of drugs, weapons, alcohol and other materials (contraband) on school grounds.

Students on school property may be searched in order to secure the school environment so learning can take place and to protect other students from any potentially harmful effects stemming from the contraband. School property shall remain under the control of school officials, and shall be subject to search. The administration may utilize canines and metal detectors (magnetometers) as provided in the administrative procedures.

For purposes of policy and these administrative procedures, the following definitions are applicable:

Contraband - All substances or materials, the presence of which is prohibited by school policy or state law, including but not limited to, controlled substances, drugs, alcohol or alcoholic beverages, abusable glue or aerosol paint guns, knives, weapons, and incendiary devices.

Reasonable suspicion - The standard for a search on school property or at school related events, which is based on the school official's experience.

Specific reasonable (suspicion) conferences enable the school official to gather data from the facts pertaining to the incident. Specific reasonable inferences may be drawn from instances including, but not limited to, a tip from a reliable student, suspicious behavior which suggest that contraband is present, a smell indicating the presence of the contraband or a bulge in a pocket, etc. Reasonable suspicion should not be on a mere hunch.

## **USE OF CANINES**

### ***(Board Policy 4.32)***

The administration is authorized to utilize canines whose reliability and accuracy for sniffing out contraband has been established to aid in the search for contraband in school owned property and automobiles parked on school property. Canines shall not be used to search students unless school officials have established independently that there is reasonable suspicion to believe the student possesses contraband on his/her person. A qualified and authorized trainer who will be responsible for the dog's actions must accompany the canines. An indication by the dog that contraband is present on school property or an automobile will warrant a further search by school officials or appropriate legal authorities.

If during a search by trained dogs a student chooses to leave campus without proper authority, that action will constitute the same consequences as being found in possession of a controlled substance

## **STUDENT RIGHTS, RESPONSIBILITIES AND LIMITATIONS**

### ***(Board Policy 6.7)***

3. Students are expected to cooperate with school personnel. Students must obey the reasonable instructions of school personnel.
4. On/off campus events: Students at school-sponsored events, both on and off campus, shall be governed by school regulations and are subject to the authority of school personnel. The Stuttgart School District makes electronic device (s) and/ or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic device is for educational and/or instructional purposes only. It is the policy of this school district to equip each computer with Internet filtering software designed to prevent users from accessing material that is harmful to minors. No student will be granted Internet access until and unless an electronic device and internet use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen (18)) is on file. The current version of the electronic device internet use agreement is incorporated by reference into board policy and is considered part of the student handbook.

## **BUS TRANSPORTATION POLICY**

**Riding the school bus is a privilege.** Each student extended this privilege has a right to a safe, non-coercive environment on the school bus while riding to and from school or school related events. Each student has the responsibility of following the directions of the driver and the established safety guidelines. Students who fail to do so adversely affect the safety of all passengers and will result in action being taken. This action may include but is not limited to reassigned seating and/or suspension of riding privileges.

Safety is a top priority! The school bus driver has the sole responsibility for the safety of the passengers and the condition of the vehicle. With this, the driver is given the authority and responsibility to enforce the safety guidelines as established by the Stuttgart Public Schools.

Below are the guidelines and consequences established by the Stuttgart Public School District. Any questions or comments can be directed to your building principal or the transportation director.

At the bus stop students will:

- Keep the aisles clear.

To help you remember the bus rules, think of BUS:

## **TOBACCO, ELECTRONIC NICOTINE DELIVERY SYSTEMS, AND RELATED PRODUCTS** ***(Board Policy 4.23)***

Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, is prohibited at any sponsored events on or off campus. Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pips, or under any other name or descriptor.

## **STUTTGART SCHOOL DISTRICT ALCOHOL AND DRUG POLICY** ***(Board Policy 4.24)***

It is the goal of the Stuttgart District to provide schools free of drugs and violence and offer a disciplined environment conducive to learning. This goal is in keeping with the Federal Drug Free School and Community Act of 1986, Goal 6 of the National Education Goals of "America 2000" and Arkansas Education Goals.

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Stuttgart School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who; is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; is in route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to, alcohol, or any alcoholic beverage, inhalants or any ingestible matter that alter a student's ability to act, think, or respond, LSD, or any other hallucinogen, marijuana, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, "designer drugs," look-alike drugs, or any controlled substance.

Selling distributing, or attempting to sell or distribute, or using over-the-counter or prescription drugs not in accordance with the recommended dosage is prohibited. (Board Policy 4.24)

## **USE OF METAL DETECTORS (MAGNETOMETERS)**

School policy and state law prohibits weapons of any nature on school property or at a school function. The presence of weapons is inherently dangerous to all persons in the school setting. When the administration has reasonable suspicion to believe that weapons are in the possession of unidentified students, when there has been a pattern of weapons found at school or when violence involving weapons has occurred at a school, the administration is authorized to use stationary or mobile metal detectors.

When a metal detector is being used, students will be allowed to use only the entries designated. If a metal detector activates on a student, the student will be asked to remove metal objects from his/her person and walk through or be scanned again.

After the removal of other metal objects and a third activation by a metal detector on the student, the student will be taken to a room out of view from the other students where procedures for search and seizure found above will be followed.

Metal detectors may be used at any time or place on school property when the administration feels that it is necessary. Failure to submit to search may result in a recommendation for expulsion.

## **STUTTGART SCHOOL DISTRICT WEAPONS POLICY** ***(Board Policy 4.22)***

No student shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon while in school, on or about school property, before or after school, in attendance at school or any school sponsored activity, en route to or from school or any school sponsored activity, off the school grounds at any school bus stop, or at any school sponsored activity or event. Military personnel, such as ROTC cadets, acting in the course of their official duties are exempted.

A weapon is defined as any firearm, knife, razor, ice pick, dirk, box cutter, numchucks, pepper spray, mace or other noxious spray, explosive, taser or other instrument that uses electrical current to cause neuromuscular incapacitation; or substance capable of causing bodily harm. For the purposes of this policy, "firearm" means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

Possession means having a weapon, as defined in this policy, on the student's body or in an area under his/her control. If a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or that is in a vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of not less than one year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs.

Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

**STUTTGART SCHOOL DISTRICT GUIDELINES FOR RECOGNIZING AND DEALING  
WITH SEXUAL HARASSMENT INVOLVING A STUDENT OR EMPLOYEE  
(Board Policy 4.27)**

In order to protect the rights of a student, it is important that he/she make an adult aware of the behavior that is uncomfortable to him/her. Every report of suspected sexual harassment is taken seriously and immediate action will be taken. A written record will be made.

Reports of suspected sexual harassment are kept confidential and involve as few people as possible, with the goal of protecting the parties involved and stopping the behavior. If a student believes he/she is the victim of sexual harassment, he/she, parent, legal guardian or responsible adult, should report the incident to any staff member. The staff member who received the report of alleged sexual harassment is not the Title IX coordinator, then the staff member shall inform the Title IX coordinator of the allegation. As soon as reasonably possible after receiving a report of alleged sexual harassment from a staff member, the staff member shall contact the student or responsible adult on behalf of the student to discuss supportive measures and explain the process for filing a formal complaint.

**SCHOOL TELEPHONES**

Telephones throughout the school are to be used for school business only. Students who feel a need to use a school phone must secure permission from the principal or designee. School phones will not be used for frivolous purposes; future use will be denied if the telephones are used in this manner.

No student shall be called from class or any activity to receive incoming telephone calls except in cases of emergency or at the discretion of the Principal or his/her designee. Likewise, no telephone or written messages from any individual other than a student's parent or guardian will be transmitted to the student.

**POSSESSION AND USE OF CELL PHONES AND OTHER ELECTRONIC DEVICES  
(Board Policy 4.47)**

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of statewide assessments, no electronic device as defined in this policy shall be accessible by a student at any time during assessment administration unless specifically permitted by a student's IEP or individual health plan, this means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions. The prohibition in this policy does not extend to the electronic device the District provides the student for the student's use during assessment administration to the extent the student is using the District provided device to complete the assessment.

As used in this policy, "electronic devices" means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to take photographs in locker rooms or bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student's individualized education program (IEP) or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending. Grades 9- 12 students may be allowed to have cell phones during the student's lunch period.

The student and/or the student's parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated.

Confiscated devices may be picked up at the school's administration office by the student's parents, guardians or designated adult emergency contact person at the end of the school day. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated. After one calendar year, all unclaimed devices will be discarded. Extenuating circumstances must be approved by administration.

Students who use a school issued cell phones and/or computers for non-school purposes, except as permitted by the district's Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle that is in motion and on school property. Violation may result in disciplinary action up to and including suspension.

### **STUDENT PARKING (Board Policy 4.33)**

Any student who is guilty of misbehaving in a vehicle on school grounds may lose their parking privileges for a week up to having parking privileges revoked for the remainder of the year. There will be no refunds for students whose permit has been revoked.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. Any student parking a vehicle on campus is granting permission for school or law enforcement authorities to search that vehicle.

### **VIDEO SURVEILLANCE (Board Policy 4.48)**

The board has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras. The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording.

Videos containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Career Education will be a component of the counseling services.

## **HEALTH SERVICES**

### ***(Board Policy 4.41)***

The Stuttgart School District provides a health services program under the direction of a licensed nurse. The program includes screening, referral and follow-up procedures for all students. Facilities, equipment, and materials necessary for the operation of the program are available. Questions concerning health services should be directed to the Building Principal or School Nurse at 673-3561.

Pre-referral interventions and screenings allow school personnel to address specific concerns related to any student and their progress in school. The district conducts routine health screenings such as hearing, vision, BMI, and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to his/her full potential.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student. **FORM 4.41F IS AVAILABLE IN THE SCHOOL OFFICE.**

Conflict resolution training is addressed by counselors who choose from a variety of methods and curriculum including, but not limited to, individual sessions, small group sessions, consultation, behavior management plans and classroom visitations.

Crisis plans have been developed in each school and are based on proper planning and preparation. This planning extends to cover both natural and man-made disasters.

## **GUIDANCE COUNSELING**

Stuttgart School District provides a developmentally appropriate guidance program to aid students in educational, personal, social, and career development. Citizenship and the development of character are important components of any public-school curriculum.

Stuttgart School District recognizes the importance of good attendance and staying in school. Students who exhibit an inclination for leaving school early will be tracked by the counselor's office and a conference will be held with the student and parents, if possible.

## **MEDICATION PROCEDURES** ***(Board Policy 4.35)***

Medications can only be administered by the school nurse or a designee that has been trained in medication administration by the school nurse. Each medication must be reviewed by the school nurse before initial medication administration. In addition, prior to the administration of any medication to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. Unless authorized to self-administer, students are not allowed to carry any medications while at school. The only medications that will be authorized for self-administration are asthma inhalers or auto-injectable epinephrine.

2. A written order from the student's treating physician stating that the student:
  - a. Is capable of completing the proper method of self-administration of the stress dose medication; and
  - b. Has been instructed on the details of the student's medical condition and the events that may lead to an adrenal crisis.

The parent, legal guardian, or person standing in loco parentis of a student who is authorized to self-administer a stress dose medication shall sign an IHP developed by the school nurse for the school where the student is enrolled. The IHP shall include a requirement for the notification of appropriate staff following the self-administration of a stress dose medication, which shall include the school nurse, teacher of the classroom where the stress dose medication was administered, and a school administrator.

Students who have a current consent form on file shall be allowed to carry and self-administer such medication while:

- In school;
- At an on-site school sponsored activity;
- While traveling to or from school; or
- At an off-site school sponsored activity.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, stress dose medication, or combination does not require him/her to have such on his/her person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, stress dose medication or any combination on his/her person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

## **SELF MEDICATION CONSENT FORMS ARE AVAILABLE IN THE SCHOOL OFFICE.**

### **OVER THE COUNTER MEDICATIONS (including cough drops)**

Non-prescription medications may be given to students upon the decision of the principal or nurse or other designee(s). The medication must be supplied by the parent/guardian and be in the original container labeled with the student's name, and there must be a current Medication Administration Consent Form completed and signed by the parent or guardian.

The student may bring the medication to the nurse or to the school's main office if accompanied by a completed Medication Administration consent that has been signed by a parent/guardian.

Non-FDA approved medication(s) and homeopathic treatment(s) cannot be administered by students or school staff. (essential oils, trial medications, etc.) Revised 2017

### **GLUCAGON ADMINISTRATION**

Students may be administered Glucagon, insulin, or both in emergency situations by the school nurse or, in the absence of the school nurse, a trained volunteer school employee designated as a care provider, provided the student has:

1. an Individualized Healthcare Plan (IHP) that provides for the administration of Glucagon, insulin, or both in emergency situations; and
2. a current, valid consent form on file from their parent or guardian. **FORMS ARE AVAILABLE IN THE SCHOOL OFFICE**

A student shall have access to a private area to perform diabetes monitoring and treatment functions as outlined in the student's IHP.

### **ILLNESS**

If a student becomes too ill to remain in class and/or could be contagious to other students, the school will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the parent/legal guardian can check the student out of school. Students who are eighteen (18) years of age or older are considered to be legal adults, and as such have the right to check themselves out of school.

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical facility. The school assumes no responsibility for treatment of the student. **When available, current and applicable, the student's emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.**

The Stuttgart School District follows the 24-Hour Rule for treatment of infectious disease. Students who have fever, vomiting or diarrhea should be free of these symptoms for 24 hours without the aid of fever reducing or stomach medication before returning to school. Fever is considered to be a temperature of 100.4 degrees or higher. If antibiotics are prescribed for an infection, the student must have taken a full day dose before returning to school.

## **HEAD LICE POLICY** ***(Board Policy 4.34)***

In keeping with the current guidelines from The American Academy of Pediatrics and in light of current research, the Stuttgart School District adheres to a policy that includes the following procedural components:

\*Early detection of, and response to head lice infestations:

\*\*\*When a student is initially identified as having head lice, the student will return to class with instructions for no close or direct head contact or sharing **of** coats/hats/scarves/brushes with others. The teacher will be notified.

\*\*\*Any siblings of infested students who also attend the Stuttgart School District will also be checked for live lice by designated school personnel.

\*\*\*The parent/guardian of student(s) with infestation will be notified that day by telephone or by having a note sent home with the student at the end of the school day stating that prompt and proper treatment of condition is in the best interest of the child.

\*\*\*Distribution of education material to the parent/guardian on head lice, nit combing, and treatment will be sent home with the student(s).

\*\*\*Student(s) will be re-examined the following school day and the parent/guardian will be notified of findings and need for any additional treatment.

\*\*\*Parents of students in the classroom(s) with at least **2** confirmed cases of head lice will be provided with written notification within 24 hours of possible lice outbreak.

\*\*\*Designated school personnel may recheck the student(s) in 7 to 10 days after initial treatment for possible re-infestation.

\*\*\*Student with repeated cases of pediculosis, may need further assistance by use of referral or available resources.

### **Parental Notice to Access Public Insurance**

This notice is to inform you of your rights and protections under Part B of the Individuals with Disabilities Education Act (IDEA), as a parent of a child with a disability, so that you can make an informed decision about whether you should give consent to allow the school district to access your or your child's public benefits or insurance, such as Medicaid, to help pay for health services provided by the school district. This notice must be provided before the school district obtains your consent for the first time and annually thereafter. These rights include:

**1. Your Child's Confidential Information Cannot be Disclosed Without Your Consent-** under the Family Educational Rights and Privacy Act (FERPA) and the IDEA, parental consent must be obtained before the school district discloses your child's personally identifiable information to the Department of Human Services, Division of Medical Services, Arkansas Medicaid, or Medicaid billing agencies, for the purpose of billing for Medicaid reimbursement. The personally identifiable information that may be disclosed could include: student's name, date of birth, social security number, Medicaid ID, disability, IEP and evaluations, type of service(s), times and dates services were delivered, and progress notes.

**2. Your Child Has a Right to Special Education and Related Services at No Cost to You –** this means that, with regard to services required to provide a Free Appropriate Public Education (FAPE) to an eligible child under IDEA, the school district:

- May not require parents to sign up for, or enroll in, public benefits or insurance programs in order for their child to receive FAPE;
- May not require parents to incur an out-of-pocket expense such as the payment of a deductible or co-pay amount incurred in filing a claim for services provided, but may pay the cost that the parents otherwise would be required to pay;
- May not use a child's benefits under a public benefits or insurance program if that use would:
  - Decrease available lifetime coverage or any other insured benefit;
  - Result in the family paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the child outside of the time the child is in school;
  - Increase premiums or lead to the discontinuance of benefits or insurance; or
  - Risk loss of eligibility for home and community-based waivers, based on total health-related expenditures.

**3. You May Withdraw Consent at Any Time** – once you have given consent for disclosure of confidential information about your child to the Department of Human Services, Division of Medical Services, Arkansas Medicaid, or Medicaid billing agencies, you have a legal right under the FERPA and IDEA regulations to withdraw that consent at any time.

**4. If You Refuse Consent, or Withdraw Consent, the School District Must Still Provide Required Services at No Cost to You** -if you refuse to provide consent for the disclosure of personally identifiable information for the purpose of billing Medicaid, or, if you give consent but then later withdraw consent, that does not relieve the school district of its responsibility to ensure that all required services under IDEA are provided at no cost to the parents.

## 4.13F—OBJECTION TO PUBLICATION OF DIRECTORY INFORMATION (Not to be filed if the parent/student has no objection)

I, the undersigned, being a parent of a student, or a student eighteen (18) years of age or older, hereby note my objection to the disclosure or publication by the Stuttgart School District of directory information, as defined in Policy No. 4.13 (Privacy of Students' Records), concerning the student named below. The district is required to continue to honor any signed opt-out form for any student no longer in attendance at the district.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, *etc.*, is not within the control of the District.

I understand that this form must be filed with the office of the appropriate building principal within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

Deny disclosure to military recruiters \_\_\_\_

Deny disclosure to Institutions of postsecondary education \_\_\_\_

Deny disclosure to Potential employers \_\_\_\_

Deny disclosure to all public and school sources \_\_\_\_

Selecting this option will prohibit the release of directory information to the three categories listed above along with all other public sources (such as newspapers), **AND** result in the student's directory information **not** being included in the school's yearbook and other school publications.

Deny disclosure to all public sources \_\_\_\_

Selecting this option will prohibit the release of directory information to the first three categories listed above along with all other public sources (such as newspapers), but permit the student's directory information **to be included** in the school's yearbook and other school publications.
