DISCUSSION:

OSCIM Grant/Bond Levy

Superintendent Geer began the meeting by stating that since the District was notified that we had been selected for the OSCIM Grant, we have been busy talking with bond counsel and learning the process for going out for a bond levy. She stated that the goal is to get through the November election and we will move on to the next phase after that process is complete.

Superintendent Geer introduced Tom Hogstad, who may be providing services to the District in regard to preparing for the bond campaign and facility project management.

Nichole Schott presented a handout that summarized the steps the District has taken to get to this point, the proposed tax levy rates and the next steps in regard to the bond levy.

Superintendent Geer talked about the immediate next steps which included; working on the Bond Resolution and language for the ballot title, scheduling a board meeting for next week to approve the Bond Resolution, finding a project manager to guide us through the process and getting information out to the public with informational handouts and possibly a video. The goal will be to get the information out for the fair booth, the district website, the newspaper and the school bulletin. The goals for September will be to get all staff up to speed on the project and to schedule information meetings with community groups. The goal for October will be to make calls and get informational mailings out.

After discussion, the board decided on a meeting date of Wednesday, August 7, 2019, 7:00pm to approve the Bond Resolution and language for the ballot title.
