

Notice to Special Education and Alumni

Students Regarding File Destruction

Each year, past student files are destroyed in order to create space for new student files. This year, the Special Education Office plans to destroy files for special education students who graduated in 2009. Mount View High School plans to destroy cumulative academic records for students who graduated in the year of 2009. Copies of high school transcripts and immunization records will be kept. If you have any interest in receiving and having the special education records before they are destroyed, please contact the Pupil Services Office at 568-4657. For academic records please contact the Mount View High School guidance office at 568-4605. Please call to request your records before **October 31, 2018**.
