You may be responsible for some supplies as there are limits on things that we can buy at times.

**Pre-K through 8th grade** we try to supply all items requested by their school with the limit of the calculators are only given to 6th graders since they can reuse them the next few years.  
**High School** bags are very limited due to the amounts of supplies needed and every class is different. They will get a basic bag of supplies. This can help but will not cover all the supplies needed.
