

Hello!

My name is Jason Truman and I am the Industrial Arts teacher at BCHS. I was raised in North Western Montana in the small town of Eureka.

After high School I attended the University of Montana Western. I fell in love with Dillon and its people and decided this was the place I wanted to live and raise a family. In addition to teaching I also coach football and track. I enjoy working with the kids in all of their activities.

I am always open to talk so if you have any questions or project ideas for your kids, get in touch with me here at the school 683-2361 or via email jtruman@bchsmt.com. I am looking forward to a great school year! Thanks GO BEAVS!
