## Graduation Proficiencies

(Performance Indicators/Scoring Criteria)

Proficiency-Based Graduation Requirements (PBGRs) are the locally-delineated set of content knowledge and skills connected to state standards that, when supplemented with any additional locally-developed requirements, have been determined to qualify a student for earning a high school diploma. Vermont's Education Quality Standards (EQS) require that schools' graduation requirements be rooted in demonstrations of Students proficiency, as opposed to time spent in classrooms. This requirement will take effect in Vermont beginning with the graduating class of 2020.
