Our District and the Title IX Coordinator are aware of and acknowledge the new Title IX regulations released on May 6, 2020 and effective as of August 14, 2020.

We are in the process of reviewing and revising our Title IX policy and practices, which includes input from our stake-holders in order to implement a fair, thorough and impartial Title IX complaint process and District response.

As always, if you want to report a sexual harassment incident, please reach out to our Title IX Coordinator,
