Log in Directions

STUDENTS

Laptop Users

- Students should log into their laptop using their username and password provided to them by the school.
- Once signed in to the device, students will access the Clever Google Chrome icon on their desktop 
- Students will then sign on to the Chrome browser with their username and password provided to them by the school
- Once in the web browser, students will go to **<http://sdnc.schoolology.com>** Student should be automatically signed into Schoology, but may be prompted to enter username and password. Select “stay signed in”

Troubleshooting

Student laptops must be connected to school internet for initial updates to occur. If you do not see the indicated icons listed above, return to any district wifi connection and restart the device.

Student iPads have been pre-loaded with GSuite apps for easy access. Parents should help students sign into each app. Upon initial sign in, the student should be able to access the apps without signing in each time.

iPad Users

- Students should access their iPads via the home button
- Locate the Blue/White C for Clever app 
- Select Log in with username/password and choose Log in with Google

- Log in using the Google icon and entering their username and password provided by the school
- Once in Clever, students should locate the Schoology icon 

- This will open Schoology in a Chrome web browser.
- Students may be prompted to sign in using the username and password provided by the school.
- Schoology may also be accessed through the Schoology app on the iPad home screen. Please consult with your teacher as to whether students should access the app or web version.

Parent Access to Schoology

Please check with your child's homeroom or first period teacher for an access code to view your student's materials in Schoology. Information on how to log in can be found in the 1:1 Documents folder on the district website
