

August 23, 2020 Tecumseh Public Schools

Good Evening Tecumseh High School Parents,

I want to update you on our most recent information regarding COVID-19 situations involving our school.

On August 22 and then today, August 23, district officials were notified that two Tecumseh High School employees, in unrelated circumstances, have been exposed to someone outside of school, who have tested positive in the last two days for COVID-19.

These employees HAVE NOT been in school since their exposure.

Because of their exposure to an individual with a positive test result, both employees have been quarantined for 14 days per CDC and Oklahoma State Department of Health guidelines.

We will continue to monitor our protocol for response and prevention as we begin the second week of school for the 2020-21 school year.

We will keep you updated with all COVID-19 related information as it becomes necessary.

Thank you for your continued support of Tecumseh Public Schools.
