PHONE (870)295-7100

FAX (870) 295-7125

**2017-2018**

The Lee County School District is committed to being an outstanding educational institution that empowers all students, faculty, and staff to realize their full potential. Our purpose is to provide knowledge, offer experiences and develop young minds.

Furthermore, our school district is committed to providing additional support to its students and we are focusing all of our efforts to address the problem of low achievement through various support entities, i.e., assistance from the Arkansas Department of Education School Improvement Team, equitable access services through ADE, the local educational cooperative, and a predominately Arkansas Qualified Teaching staff (AQT).

The district has taken measures to implement several research-based programs during the upcoming school year that are designed to make a positive difference in the teaching and learning and addresses the problem of low achievement. This includes, but is not limited to after-school, tutoring, ACT prep, summer school programs, district support staff and increased technology infusion in the classroom.
