August 25, 2020

Dear Lawrence County Family,

It is our goal to be transparent with our community, at all times. We will provide you with as much information as we can so you can make the best decisions for you and your family. We want all our students—your children—to be in the safest environment that we can provide.

With this in mind, we have been informed that one of our Lawrence County High School staff members tested positive for COVID19 this morning using a 15-minute rapid test. Furthermore, this person is a member of our football coaching staff. I have talked with our local health department officials and the regional epidemiologist that serves the eastern part of our Commonwealth. I have provided these health officials with all the information that I have been provided. Here are the decisions based on discussions with our health officials and other information for our community:

- ***High School Football practice is suspended for 14 days.*** At this time, ***high school football practice may resume on Tuesday, September 8<sup>th</sup>.***
- Based on the current information, our high school football student-athletes are at a low to minimal risk, but for transparency, there is a risk. It is recommended that our parents monitor their students for any symptoms. If symptoms become evident, it is recommended that the parent takes their student for testing. Of course, COVID testing is a parent decision, not the decision of the district administration.
- All other sports may proceed with practice.
- This person was NOT involved in any back-to-school events (such as recent drive-in registrations, etc.) held by our schools.

The Lawrence County Board of Education does not discriminate on the basis of race, color, national origin, age, religion, marital status, sex, genetic information, or disability in employment, educational programs, or activities as set forth in Title IX, Title IV, or Section 504.

Fax: 606.638.0128

Again, we will provide our community with the information that we can. More importantly, I will give you the recommendations that I receive from health officials.

Thank you for your understanding and thank you for being...

All In,

Robbie L. Fletcher, EdD
