

## Wednesday, August 26, 2020 – Tuesday, September 22, 2020

Royal ISD is very excited to announce that Falcon Learning Zones will resume on Wednesday, August 26, 2020. This program is designed to help our students stay connected and learning! We have extended the program to include five buses. Each learning zone will allow students to access their remote learning materials and provide them with safe, filtered access to educational content and resources. To take advantage of this service, students simply need to bring their district-provided Chromebooks to their nearest Falcon Learning Zone. Once there, each

district-provided Chromebook will automatically connect to the Smartbus WiFi.

### Program Guidelines

- Students can connect to the WiFi using their school Chromebooks only. Personal devices will not be able to connect to the WiFi.
- Students will not board the buses.
- WiFi service will be configured with Children's Internet Protection Act (CIPA)-compliant content filters to keep students focused on schoolwork and not on distractions.
- Students are advised to stay inside, although some students may have to move closer to the bus to gain access to the WiFi. Families should provide adult supervision for elementary-aged students who must leave their homes to access the WiFi.

**PLEASE NOTE: Due to Hurricane Laura, the WiFi buses will not be available on Thursday, 8/27/2020. Please continue to monitor your email and the district website for additional updates.**

The schedule is as follows:

	1	2	3	4	5
