All,

Below is some information regarding tickets and attendance at our home athletic events for this fall season. Please read carefully. LCC must follow the protocols outlined in the order from the Ohio Dept. of Health, and is expected to enforce all guidelines per the ODH and the OHSA. Each school will have its own procedures for tickets and attendance based on their venue. Your cooperation is expected and appreciated at all times.

Varsity/JV volleyball

Our seating capacity per the recent health order is 286 in the big gym. We do not expect to "sell out" any of our home matches, so there are no restrictions on the number of spectators and tickets will be sold at the gate. All tickets are \$6. LCC students are admitted free with their activity pass (per the composite fee paid with tuition), but they must enter at the main gate and receive a ticket so we can keep count of total spectators. Spectators must sit only in designated seats in groups of no more than four (unless all in the group are from the same household). Fans are to remain segregated by school, with LCC fans seated on the bucket seat side, and visiting fans on the bleacher side of the court. Masks are mandatory at all times. Concessions will be available.

Note: Junior High Volleyball home games will now be held in the big gym to allow for fans to attend.

Varsity Boys and Girls Soccer

Seating capacity at Spartan Stadium per the recent health order is 750. We do not expect to "sell out" any of our home matches, so there are no restrictions on the number of spectators and tickets will be sold at the gate. All tickets are \$6. LCC students are admitted free with their activity pass (per the composite service fee paid with tuition). All spectators shall enter the main gate on the home side of the stadium. Spectators shall walk up the middle aisle, with LCC fans seated to the left and visiting fans seated to the right to maintain segregation of fans between schools.
