Years at BCHS: 6

Degrees & Certifications:

BSc, Ag Education, MSU-Bozeman

A.W.S. Certified Welder

Hello! My name is Caleb Igo. I am the Ag Ed instructor and FFA Advisor at BCHS. This is my sixth year teaching here in Dillon. My wife and I both graduated from MSU-Bozeman in 2012. (GO CATS!)

I teach Ag 1, 2, & 3, as well as semester courses in Welding, Ag Mechanics, Natural Resources, and Animal Science. I am very proud of our school's concurrent credit partnership with Montana Tech in Butte to offer college credit for students taking the Ag Welding course. This is a tremendous opportunity that I hope many of you choose to take advantage of.

I truly love both teaching and the subjects that I teach, and enjoy being part of the community in Dillon. If you ever have any questions or concerns, or just want to know what is going on with the AgEd program, please stop by, email me, or give me a call.

2017-18 Courses:

AG I - Intro to Agriculture (Year-Round)

AG II - Intermediate Agriculture (Year-Round)

AG III - Advanced Agriculture (Year-Round)

Ag Mechanics (Fall)

Advanced Animal Science (Fall)

Welding & Metal Fabrication (Fall & Spring)

One of my favorite quotes that I would like to share with you is:

"All wealth comes from labor applied to land"

- Adam Smith, *The Wealth of Nations*, 1776
