

## Why use Remind?

**REMIN D IS A FREE, SAFE AND SIMPLE WAY** for educators to instantly text message students, parents and other educators.

With a single click, teachers, coaches, or administrators can send reminders, assignments, or motivational messages directly to students' and parents' phones—including disposable or “flip” phones, since Remind messages can go out via low-tech SMS in addition to app “push” notifications and/or email. Educators can also schedule messages to go out in advance, and attach photos, files, and Voice Clips to their messages.

Messaging is safe because phone numbers are kept private, and a recorded history transcript is kept for all messages. Teachers can send or schedule one-way Announcements, or choose to enable Chat with Office Hours for more personalized two-way communication. For students and parents, Remind provides an easier way to stay informed outside of the classroom.

### REMIN D IS SAFE

- Personal contact information is kept private. Phone numbers are not exchanged between teachers, students, and parents.
- Messages cannot be edited or deleted, so your Announcement or Chat History is easily accessible for future reference.
- Students under the age of 13 must enter a parent’s email address to notify them of use, and can only receive one-way Announcements.

### REMIN D IS ACCESSIBLE

- Teachers can use Remind to reach students and parents on any device—a computer, tablet or any mobile phone.
- Subscribers can receive Remind messages through text (in the US & Canada), email, and the app.
- Remind is free to use for teachers, students, and parents!

### REMIN D SAVES YOU TIME

- Forget those outdated school websites and long newsletters. Remind messages are less than 300 characters and sent directly to your mobile device.
- Teachers can set Office Hours to let you know the best time to respond to a Chat. If you see your teacher’s name in your Chat list, you can send them a Chat any time.
- Keep in touch on-the-go! With Chat, you can send quick photos of permission slips or assignments, PDFs, or personalized Voice Clips right from your phone.

### Sign up! It's easy.

To become a subscriber of a Remind class, you need to be invited by a teacher, coach, administrator, or organization leader. They will share a class code that looks like this:

@code

You can quickly join a Remind class in one of three ways:

**01 / SIGN UP DIRECTLY BY TEXT** only in the US or Canada

**02 / VISIT THE JOIN PAGE** online at [www.remind.com/join](https://www.remind.com/join)

**03 / DOWNLOAD THE APP** on your IOS or Android device
