Building Futures: Every Scholar, Every Day

August 25, 2020

3:10 pm

JNPSD School Community:

Please continue to stay informed through all of our postings on JNP social media, JNP website, local media, and other communication outlets. All community updates and other information posted since March 6 is available for your reference.

GOVERNOR'S PRESS CONFERENCE TODAY (APSRC REPORT)

During his closing remarks, the Governor shared a story about a student that was tested for COVID-19 but went on to school before waiting for the results of his test. After going to school he found out he was positive, and as a result, six students had to be isolated at that point.

“That is a challenge. What we have to do is have a quick turnaround on the test so you minimize that length of isolation while you get that test result, and listen to your doctor on that point. But we need everyone to take responsibility, and obviously if you have reasons to go get a test, then you ought to wait for that test result and not expose others during that time, particularly when you are going to a school environment that you could expose others. That causes them to have to miss time while they are having to isolate or quarantine. So we need everyone to take responsibility and action,” Governor Hutchinson said.

The Governor also shared a story about another school where teachers and administrators were out front to meet the students as they arrived.

“There was a fifth grade boy that came to the school, and he was crying. So the principal ran out there, the teachers ran out there, ‘What’s wrong? What’s wrong?’ They thought he was fearful of coming in and he was crying because he said ‘I am so happy to be back in school.’ That relationship, that friendship, what it means is just gratifying and I recognize the importance of what we are doing,” the Governor added.

1. Virtual School Parents: Please use the hotline number and email as publicized in previous updates. The virtual school programs have a section on our school website www.jnpsd.org that has useful information for our scholars.
2. Information concerning online ticket sales for athletic events will be publicized soon. This will be the sole method for purchasing tickets in the future. **Tickets will not be sold at the game.**
3. As stated in previous community updates, seating capacity at athletic events will be significantly limited due to directives from the Governor and Arkansas Department of Health. Please view previous community updates #1-71 for more details.
4. The Arkansas Center for Health Improvement has released COVID data by ZIP code. The information is available at <https://achi.net/covid19/>.

VIRTUAL SCHOOL MEAL ROUTES DELIVERED MONDAYS AND WEDNESDAYS

Multiple meals will be given to each scholar on the roster. Times are estimated and delays could happen based on the current situation. Please meet the bus at any location that is convenient.

A few questions have been asked about running all regular bus routes for meal delivery. At this time, we do not have the availability of drivers nor the adequate time to complete the full routes. Therefore, modified routes are in place based on the food service survey that has been shared with parents in previous communications.
