*Notice there are NO SCHEDULED classes for Wednesdays. This day is for keeping up with your school work; taking advantage of Teachers' Office Hours to ask questions and get feedback.*

**Use this day wisely!**

## Getting Started

1. Make sure you have activated your student email at [students.beleneagles.org](https://students.beleneagles.org)

If you do not know how to do this, please watch the help video at <https://youtu.be/QIUBXpo50m8>

2. From your Student Home Page access your schedule in Power School.

If you do not know how to do this, please watch the help video at <https://youtu.be/5DN5V5rImMQ>

3. From your Student Home Page access Schoology (this is the vehicle in which teachers will deliver instruction, assignments and other materials). You will meet teachers here on your scheduled days and times.
  - click on the tiles labeled for your classes
  - look around once “in the class” – many teachers have been working and loading items into their classes
  - become familiar with this program.....
4. Set up a *school space* for yourself at home. Stock it with items you may need for your classes, so they are handy.
5. Set and practice **strong** time management and **stick** to your daily schedule!

**Be on TIME!!**

Set reminders alarms just like you are here on campus!

**Be ENGAGED!!**

Participate in your class!! Listen and respond!

**Have a GROWTH MINDSET**

We all are learning new things!

**Be RESPECTFUL!!**

Now more than ever, we ALL need to practice this...about time, opinions, ability and speed of learning.
