PURPOSE OF HANDBOOK

This handbook contains general information of interest to the student body of Mission Valley Junior-Senior High School. It has been prepared as a service to students, parents, and school personnel in the hope that it may answer some questions pertaining to the school program.

Students are expected to read the handbook carefully. The handbook should help them become real citizens of the school. Parents are asked to read the handbook to promote a better understanding between school and home. As a result of this information, there should be fewer misunderstandings, and a better school year will be possible.

It is understood that the school principals, or their designee, shall have the discretion to modify the provisions contained in the student handbook in a manner that they deem to be appropriate to the circumstances to which they are applying said provisions. Neither administration nor their designee have the authority to change or modify those provisions stated in the student handbook that are established by state or federal laws or regulations.

NONDISCRIMINATION NOTICE

Discrimination against any student on the basis of race, color, national origin, sex, disability, or religion in the admission or access to, or treatment in the district's programs and activities is prohibited. Any student who believes he or she has been discriminated against may file a complaint with the building principal or the compliance coordinator. Any student complaint of discrimination shall be resolved under the district's discrimination complaint procedure.

Staff and students in outside buildings will remain there until given additional directions.
3. **SCHOOL MEDICAL LOCK-IN:** This will be used when there has been a medical event at the school where privacy is for the person having the medical emergency. Administration or designee will notify staff that there is a medical emergency and that all staff and students are to remain in their classrooms until otherwise notified. Staff may be requested to lock classroom doors and lower all interior and exterior shades. All educational activities continue to take place within the classroom. Classes in the agricultural building or weight room, based upon the location of the medical event, may or may not be relocated to the main campus.

Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior prior to the use of any ESI. The

use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

ESI Restrictions

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student's licensed health care provider, a copy of which has been provided to the school and placed in the student's file.

Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant physical harm to the student or others.

Use of Seclusion

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such a room shall be free of any condition that could be a danger to the student, well ventilated and sufficiently lighted.

Training

Regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

Notification and Documentation

The principal or designee shall notify the parent, the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of EAI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and, the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email.

Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information. Law Enforcement, School Resource, and Campus Security Officers Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy. If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and whether the student had a behavior intervention plan at the time of the incident.
- All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incident with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Parent Right to Meeting on ESI Use

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence. For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IEP or Section 504 plan, the school staff and the parent discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

Local Dispute Resolution Process

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below. The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

HIGH SCHOOL GRADUATION REQUIREMENTS

Mission Valley High School offers three types of high school diplomas. They are the Standard Diploma, the Standard Diploma using Regents Qualified Admission Curriculum, and the Diploma of Distinction using Honors Program or Kansas Scholars Curriculum Completers. Specific details of each Diploma's requirements are available through the administration and/or school counselor. The chart below is a general listing for the Standard Diploma.

VALEDICTORIAN AND SALUTATORIAN

Designation of the Valedictorian and Salutatorian will be made on the first working day in the month of May, yet prior to the awards ceremony. A student must be taking at least 7 high school or dual-credit credit hours, be enrolled in the Kansas Scholars' Curriculum Program, and be eligible for the Diploma of

Distinction to be considered for Valedictorian or Salutatorian (a student cannot be eligible for the valedictorian or salutatorian if they have been a student teacher's aid in the fall or spring semesters of their senior year). If more than one student has the same GPA, a process to determine how the tie will be broken is as follows, and is to be completed in sequential order until the tie is broken:

- a. Calculation of overall GPA (12-point system) for these specific classes: Physics, College Algebra, Plane Trigonometry, Foreign Languages I & II
 - i. (if a tie still exists, then -)
- b. The student's ACT Composite Score
 - i. (if a tie still exists, then -)
- c. Calculation of overall GPA (12-point system)

The student must have the highest rank in the graduating class, and have completed the Kansas State Scholars Curriculum Completers Program which consists of:

- 4 units of English (minimum courses: English I, II, & III [1 unit each], Adv. English [1/2 unit] & College English Comp I [1/2 unit])
- 4 units of Math (minimum courses: Math I, II, & III [1 unit each], College Algebra [1/2 unit], & College Plane Trigonometry [1/2 unit])
- 3 units of Social Studies
- 3 units of Science (Biology, Chemistry, and Physics)
- 2 units of Foreign Language (same language)

An additional step is required before the amended QA criteria take effect. Based on statute (see K.S.A. 76-717), Board staff are required to integrate Board-approved QA criteria into Kansas Administrative Regulations before any such criteria are formally adopted.

The process through which Kansas Administrative Regulations are changed takes approximately six months. Based on the timing required to complete this process, Board staff anticipate that the amended QA criteria will likely take effect during the 2021-2022 admission cycle.

The 2021-2022 admission cycle encompasses the timeframe in which universities review applicants who seek admission for the Summer 2021, Fall 2021, or Spring 2022 semesters. Thus, it is anticipated that universities will first apply the amended QA criteria when they begin reviewing applicants who seek admission for the Summer 2021 semester.

For clarification purposes, the anticipated timeline of which QA criteria will be applied to review university applicants is detailed below by high school graduation class year.

High School Graduating Class of 2020	High School Graduating Class of 2021
Current QA Criteria Apply	Amended QA Criteria Apply

Board staff will continue to keep the universities, two-year colleges, and K-12 groups advised on the status of the implementation timeline.

Please contact Erin Wolfram, Associate Director for Academic Affairs (ewolfram@ksbor.org), if you have any questions about the amendments and/or anticipated implementation timeline.

HS GRADUATION AT-SEMESTER APPROVAL PROCESS

Students who complete all state and local graduation requirements may request permission to graduate early. USD 330 Mission Valley requires that students earn a minimum of 25 credits to graduate.

Students requesting early graduation will:

- Have a meeting with (parent(s), principal, and counselor to develop a graduation plan.
- Submit a request for early graduation to the superintendent by October 31st who shall forward them

to the Board of Education..

Early graduation request shall:

- be in writing and addressed to the superintendent
- state the reasons supporting the request
- include a copy of the graduation plan
- include a letter of support from student's parent(s)

Reasons supporting the request for early graduation include:

- Acceptance into an advanced education program (four year college, community college, technical college, etc.)
- Offer and acceptance of employment or has orders for U.S. Armed Service prior to end of academic year
- Other conditions which would warrant early completion of high school

Consideration should be given to how this early graduation will affect the student in their future plans, athletic eligibility, involvement in other school activities, etc. Students who graduate early are not eligible to participate in KSHSAA activities, student organizations, Jr-Sr Prom, or any student events with the exception of graduation related activities. Students graduating early may participate in the graduation ceremony but must attend the graduation practice.

Seniors enrolled in only vocational-technical schools are still considered students at Mission Valley in regard to attendance, grades, discipline policies, and extracurricular activities if credits are being earned to meet high school graduation requirements.

This policy references Board policy JFCA Early Graduation (See IHF) JFCA, p. 535

HS GRADUATION CEREMONY PARTICIPATION

Only those students that have met the graduation requirements will be allowed to participate in the high school graduation ceremony. Students that have not met the requirements may do credit recovery over the summer or any following school year semester(s) and still earn their MVHS diploma, but will not participate in the graduation ceremony with the rest of the graduating seniors. Students that are suspended out-of-school may not be allowed to participate.

HS DIPLOMA AND TRANSCRIPT

Students that have completed all the credit and course requirements, returned all district property that they have signed for, and have paid all owed monies to the school district may receive their official copy of their MVHS diploma and/or official transcript.

JUNIOR HIGH PROMOTION AND RETENTION

In the event a student fails one or more courses, the principal will obtain information from parent(s)/guardian(s), teachers, and other school personnel relating to such things as, but not limited to the student's:

- academic performance and mastery of learning objectives,
- attendance,
- and social-emotional and behavioral factors

to consider whether or not the student will be promoted or retained. The final decision to promote or retain the student shall rest with the principal.

ACADEMICS

SCHEDULE CHANGES

Students may not drop or add courses in their schedule without permission of the teacher, parent, counselor and principal. The following conditions need to be met to drop or add a course.

1. Students will be allowed to arrange for a change of schedule during the first three school days of a semester.
2. Must have parent approval.
3. Consultation with the teacher of the subject to be dropped and added.
4. Classes dropped after the fifth (3rd) day of a semester are recorded on the student's transcript with a WF code. (WF means "Withdrew Failing" and will count as an F.)
5. All changes after the 3rd day of enrollment must have the school counselor's and administrator's approval prior to any schedule change.
6. A schedule change will not be permitted if it means undue disturbance of the class size balance between sections or is not the proper decision regarding meeting graduation requirements.

COLLEGIATE LEVEL COURSEWORK

College courses are available through three different modes at MVHS. A dual-credit college course is any college course taken by a MVHS student during the scheduled school day. This includes any face-to-face courses (found often in Vo-Tech) or online courses that make up the majority of Career Technical Education (CTE). CTE classes are usually without cost to the student (e.g. paid for by the Excel in CTE bill which was passed by the Kansas Legislature).

Dual-credit is available for Sophomores, Juniors and Seniors from cooperating area colleges. Appropriate paperwork must be filled out prior to the start of the class, with the approval of the principal and the counselor. Dual credit will not be awarded for courses equivalent to course work for which the student has already earned high school credit. Students will not be allowed to take online courses for dual credit, in place of courses already offered at Mission Valley.

Example: a student cannot enroll and take a college biology course and expect it to count for their high school biology credit.

There are some dual-credit courses that count directly for MVHS or Kansas Scholars Curriculum Completers graduation requirements. These courses will be offered to any student no matter what diploma track they are obtaining, but are generally focused for students attempting to obtain the Kansas Qualified Admissions and Diploma of Distinction diploma tracks. These courses are **NOT** paid for by the district. The student does have to show qualifying Accuplacer, ACT Workkeys, ACT or SAT scores in order to be enrolled in these courses, and is subject for approval by the post-secondary institution. These courses include:

- College Psychology - Fall Semester
- College Algebra - Fall Semester

- College Speech - Spring Semester
- College Plane Trigonometry - Spring Semester
- College English Comp I - Spring Semester

If a student is provided with an approval to enroll and take a dual-credit course, other than those listed above, during the school day (7:30 a.m. - 3:30 p.m.), then that course will also count as an elective high school credit receiving .5 credit, unless mitigating circumstances cause for reclassification by the principal & school counselor.

Career & Technical Education (CTE) courses are offered at MVHS. These courses are offered at Mission Valley as well as Allen Community College, Washburn Institute of Technology, Highland Community College, and Flint Hills Technical College. These courses can be used for college credit at vo-tech schools, community colleges, and 4-year universities if the institution has an articulation agreement with KSDE. There are options for CTE courses through other community colleges and vo-tech schools throughout Kansas that have articulation agreements with KSDE. Please contact the counselor for details or information.

Once a student has enrolled in a dual-credit college course, the student will not be allowed to withdraw from the college course after the first 3 days of the high school semester (unless there are mitigating circumstances that require withdrawal AND are approved by the administration). If a student withdraws from the college course after the first 3 days, or at any time after those three days, without approval from MV administration, the student will receive an “F” grade for that course.

Any dual-credit college courses that the student receives a failing grade may cause the student to lose the ability to enroll in any future dual-credit college courses.

If a student enrolls in a “dual credit course” for high school credit, the student may be responsible for paying the cost of book rental & tuition fees.

REPEATING A COURSE

Students who wish to repeat a course to better a previous passing letter grade may do so as an elective credit. The previous grade will remain on the transcript. Activity-based courses that do not have a set curriculum may be taken more than once and earn credit. (Example: Strength and Condition, Band)

PASS / FAIL GRADING

Driver’s Education course and certain special education classes use the Pass - Fail grading system. Pass -Fail course grades are not used in determining a student’s Grade Point Average (GPA).

STUDENT TEACHER AIDES

In order for a student to be allowed the privilege of being a Student Teacher’s Aide (TA) at the Mission Valley Elementary, Junior High or Senior High Schools, the following must take place:

1. The student requesting this responsibility must display/exhibit good academic and behavioral skills and abilities. These criteria include that the student:
 - a. Must be in the 12th Grade.
 - b. Must be passing all classes with at least a 3.0 GPA.

- c. Must be on track to meet all academic requirements to graduate based upon their identified diploma track.
 - d. Must have reviewed all possible courses that “could” be completed to help support or supplement the career pathway of the student **PRIOR** to pursuing the option of being a Teacher Aide.
2. There is to be only one (1) teacher’s aide per teacher.
 3. There is to be only one (1) teacher aide position available per student, per semester, and it will last for only one class period.
 4. All Teacher Aide applications will be considered K-12 teacher classrooms
 5. Parents approve of the schedule change.
 6. The decision to waive or exempt these requirements are at the sole discretion of the administrator(s).

PROCESS:

If you meet the above requirements, it should be noted that being allowed the opportunity to become a Teacher’s Aide is a privilege that has to be approved by the administration. The following steps need to take place in order to get approval:

1. Student Teacher Aide Process
 - a. On the student’s pre-enrollment form, identify the desire to become a teacher’s aide
 - b. The student’s academic and behavioral history will be reviewed to see if the student meets the requirements found on page one of this document
 - c. The student, if approved, will be assigned to a teacher based upon the following criteria:
 - i. Career interests
 - ii. Level of instruction
 - iii. Student’s desire OR the needs of the MV High School (as determined by the counselor)

GRADING POLICY

The grading policy is based on the belief that all students can learn and achieve at high levels. Appropriate interventions will be implemented if a student does not achieve the minimum requirements. The grading and reporting of individual achievement is based on demonstration of meeting course requirements.

Letter grades will be defined as follows:

Grade of ‘A’	Average of 89.5% and above
Grade of ‘B’	Average of 79.5%-89.49%
Grade of ‘C’	Average of 69.5%-79.49%
Grade of ‘D’	Average of 59.5%-69.49%
Grade of ‘F’	Average of 59.49% and below

GRADE POINT AVERAGE (GPA) CALCULATION

MVHS does not have a weighted grading scale.

- A = 4.0
- B = 3.0
- C = 2.0
- D = 1.0
- F = 0.0

CREDIT RECOVERY

The school provides credit recovery options for high school students. Credit recovery may be required to meet graduation requirements. The options are: (1) students may be able to take credit recovery through the school's available E20/20 computer courses, or (2) students may be required to retake the course. Students that fail the first or second semester in a course will be required to retake that specific semester. Students that fail both semesters of a year-long course will be required to retake both semesters.

Special: Students that fail second semester English 2 or English 3 cannot retake the course through Edgenuity (E20/20) unless they have successfully completed the course's research paper requirement. If the student successfully completes the research paper requirement and still fails either course, then they may seek the course's credit recovery in the E20/20 program.

SUMMER SCHOOL

The school offers summer school as an opportunity for credit recovery for high school students and skill development for junior high school students. Students and their parents are provided information regarding summer school if their student can benefit from the (HS) credit recovery or (JH) skill development. The school identifies HS and JH students that are invited to attend Summer School and informs the students and parents of the opportunity to participate. Summer school is not mandatory and the number of students that can participate may be limited to available resources.

*Students will not be provided the option of taking E20/20 classes to replace courses offered at Mission Valley High School based upon the students wants or desires. E20/20 courses are offered **ONLY** as credit recovery unless mitigating circumstances are identified and approval by the school administration is provided.*

ACADEMIC INTERVENTIONS

The school's fundamental purpose is to educate all students to high levels of achievement. Academic interventions are used to meet student learning needs and to provide both the structure and expectations required to maximize student learning.

Math Extensions: The Math Extension courses are a Tier-2 intervention for those students that need extra instruction and support(s) to be successful in their math class (JH math, Math 1, Math 2). Students will be assigned this course as needed each semester. For high school students, this is an elective credit. Parents are consulted when students are placed in Math Extensions.

ZAP Program: The ZAP program is a Tier-2 intervention directed to ensure that students complete their assignments in targeted courses so that (1) a grade of 0-points does not have a negative effect on the student's gradebook grade, and (2) students are keeping current on the academic learning and expectations. Students are given a ZAP for any assignment the teacher identifies as not completed. The student is then required to attend the ZAP classroom during the Seminar period. Students are required to work on their ZAP assignment and are given three ZAP periods to complete it. If the student does not complete the ZAP assignment by the end of the third ZAP period, then they are assigned lunch detentions until the ZAP assignment is completed. Students that do not attend ZAP will be assigned consequences the same as skipping a class period. Students taking an excessive number of days to complete the ZAP assignment may be placed in

ISS until the assignment is properly completed. (ZAP implementation procedures may change to improve its effectiveness.)

Retaking Assessments: Teachers may assign a student to retake an assessment when the student's academic achievement does not meet minimal expectations. Students are required to complete the reassessment in a timely manner as required by the teacher. Administration's actions and/or consequences will be utilized as needed.

Read-It: "Read-It" time is scheduled for Tuesday, Thursday, and Friday and will take place during the last 10 minutes of the 7th hour class.

Seminar Period: This period is the last 30 minutes of the school day on Tuesday, Thursday, and Friday. Students are required to complete school work or to study the remainder of the period. Students that are disruptive or cannot participate in these expectations will be assigned consequences as they would for any class or class period. Teachers may assign students to their seminar for one or more periods to provide academic support.

ACADEMIC LETTERS

Requirements to obtain an Academic Letter are as follows:

- A. Students must be enrolled in a full schedule.
- B. 3.5 and above grade point average maintained for each of the two semesters for the given academic school year. No grade lower than a "C" is allowed.
- C. Students will receive one "MV" chenille for their initial lettering.
- D. Students will be eligible to receive a recognition bar for each additional year of qualification.
- E. Awards will be presented in the fall of the following school year.

HONOR ROLLS

The school provides three levels of Honor Rolls to recognize 7-12th grade student academic achievement. Honor rolls are determined at the end of each school semester.

Superintendent's Honor Roll: Student's GPA = 4.0 and the student is enrolled in at least 5 courses.

Principal's Honor Roll: Student's GPA is at least 3.5, with no C-grades, and is enrolled in at least 5 courses.

Honor Roll: Student's GPA is at least 3.0, with no C-grades, and is enrolled in at least 5 courses.

VIKING SAGA (Advisory) & STUDENT-LED CONFERENCES

Viking SAGA period focuses on needed concepts, processes, and understanding of pathways that will allow the students to master prior to entering into the post-secondary environment (college or career). The students are being introduced to specific areas for improvement when it comes to college/career readiness, socio-emotional learning, and academic achievement. This is in line with the Individual Plan of Study (IPS) concept brought forth and mandated by KSDE.

Students are required to participate in Viking SAGA activities and lessons assigned to them. Students not completing or participating in Viking SAGA activities and/or lessons may be determined to be a "Student Not in Good Standing". Students determined by administration not to be in Good Standing will not be permitted to participate in extracurricular activities.

The counseling department is responsible for assisting the students, the teachers and administrators in this area by introducing a comprehensive school counseling program that includes curriculum lessons that are developmentally sound and can be directly tied to the needs of the students. The lessons and assignments are geared to fit the student at their specific grade/age level. The lessons can be geared to the individual student, a specific Viking SAGA crew (advisory class), an entire grade level, or school wide.

During the 1st quarter of the school year, the advisory conference for the seniors will be implemented. The purpose of the conference is to (1) review the current academic course performance, (2) review the student's Individual Plan of Study (IPS), and (3) to explore and review the student's college and career interests. This conference will coincide with other events that focus on the preparation for post-secondary activities. The students and the parents will have educational/informational presentations on Financial Aid/FAFSA, tutorial courses on FAFSA completion, and opportunities to meet with local/state vocational colleges, community colleges, and universities.

During the 3rd quarter of the school year, advisory conferences are held with parents for the students in the 7th through 11th grades. The purpose of the conference is to (1) review the current academic course performances, (2) review the student's IPS for the 7-11th grade years, and (3) to explore and review the student's career interests. Parents/Guardians are expected to attend these conferences so that they can best understand how to provide support to their students so that they will have an academically successful school year and a meaningful Individual Plan of Study aligned to post-graduation plans.

All advisory conferences are to be student-led and the student will present the information to their parents/guardians and their advisor via a technology based presentation system.

Parents/Guardians will be contacted in advance by the student's advisory teacher to schedule a time and date for these conferences.

NATIONAL HONOR SOCIETY

MVHS follows guidelines through our charter set by the National Honor Society. All students with a cumulative GPA of 3.5, or above, are invited to apply during the 3rd quarter of their sophomore, junior or senior years. The application process consists of completing a written application, procuring recommendations from teachers and coaches who can attest to their character, and, if invited, a formal interview. A faculty committee reviews and votes according to student's character, leadership, academic achievement, activity involvement and community service.

GOVERNOR'S SCHOLAR

The Governor's Scholars program honors the top academic one percent of Kansas high school seniors. Scholars are selected from accredited public and private schools in the state.

Designation of the Governor's Scholar will be made using grades from the end of the 7th semester, To be eligible as a Governor's Scholar a student must be:

- Enrolled in (7) high school or dual-credit courses (All courses must be credit earning)
- Enrolled in the Kansas Scholars' Curriculum Program
- Eligible for the Diploma of Distinction

Selection of the Governor's Scholar will be done using the following criteria::

This program is coordinated for the Governor by the Confidence in Kansas Public Education Task Force. It is funded by donations from private sector businesses in Kansas. The Confidence in Kansas Public Education Task Force was formed 30 years ago to strengthen public confidence in education. The following organizations are members of the Task Force: American Association of University Women, Kansas State Board of Education, Kansas Association of School Boards, Kansas Congress of Parents and Teachers, Kansas State Department of Education, Kansas-National Education Association, Kansas School Public Relations Association, Kansas State High School Activities Association, Kansas League of Women Voters, and United School Administrators of Kansas.

<https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/Communications-and-Recognition-Programs/Governors-Scholars-Recognition-Program>

The criterion for selection is as follows and is in sequential order if ties do exist:

1. Calculation of overall GPA (12-point system) for these specific classes: Physics, College Algebra, Plane Trigonometry, Foreign Languages I & II
 - a. (if a ties still consists, then -)
2. The student's ACT Composite Score
 - a. (if a tie still consists, then -)
3. Calculation of overall GPA (12-point system)

ATTENDANCE POLICIES

A student's attendance record is a very important part of his/her permanent record. Students with regular attendance will be more successful in their classes. Students are expected to be present and punctual for all classes throughout the year. The responsibility of school attendance is with the student and his/her parents.

When a student is absent it is the responsibility of the parents to call the Office (785-557-6686) on the day of absence. The call should be made before 9:30 A.M. The Office is open at 7:30 A.M. for calls. Messages may be left that detail the reason for the absence.

Any student who checks into school after 8:00 A.M. must first report to the Office and receive an ADMIT SLIP to class.

MV Jr/Sr HS ATTENDANCE REQUIREMENTS TO PARTICIPATE

In order to compete in any school activity or participate in practice, on a school day, it is necessary that the student attend a minimum of $\frac{1}{2}$ of the school day of the activity, unless they are excused/approved for a valid reason by administration. Coaches, teachers, and secretaries will monitor a student's daily attendance for compliance. **Example: If the activity calls for a departure time of 2:00 p.m. to attend the activity, then the student will need to be here by 10:00 a.m.**

Any student/athlete serving an Out-Of-School Suspension (OSS) is not eligible to compete in practices or games while on suspension. The head coach will use their team's policy and discretion in allowing their student/athlete to participate in practices or games while serving an In-School-Suspension (ISS) on a given day.

The SCHOOL will determine whether an absence is excused or unexcused. USD 330 Board policy allows only the following as valid reasons for excusing an absence: BOE Policy JBD, JBD-R:

1. Personal illness: short or long-term illness (verified by notification from doctor).
2. Medical appointment: appointment for medical treatment (an appointment card must accompany the student upon return and be given to the attendance clerk).
3. Family crisis.
4. Extended absences: (i.e.: family vacation) when expressly requested by the parents or guardian.
5. Participation in a district-approved or school-sponsored activity.
6. Obligatory religious observances.
7. Absences that are pre arranged by parents and approved by the administration.

SIGNIFICANT PART OF THE SCHOOL DAY

BOE Policy JBD-R2: A student that has an unexcused absence for two or more periods will be identified as unexcused absent for a significant amount of the school day. For the determination of Truancy only, this will be equal to one-day of unexcused absence.

SIGNIFICANT PART OF A CLASS PERIOD

A student that is absent for 20 or more minutes in a class period will be counted absent. This absence will be determined by the school to be excused or unexcused based upon policy.

EXCESSIVE ABSENCES

When a student has an excessive number of excused absences, as determined by the administration, the administration may require the parent/guardian to provide a notice from a medical professional as verification of the absence. The parent/guardian will be notified of this requirement in writing by the administration.

Upon notification, absences without proper verification will be documented as unexcused absences from school. These unexcused absences may total to meet the criteria for Truancy by Kansas law.

TRUANCY

Per K.S.A. 72-1113: A student is considered truant if he/she is unexcused absent the substantial part of either three consecutive days, five cumulative days per semester, or seven cumulative days per school year, whichever comes first.

Unexcused absences that met the Kansas definition of Truancy (see above) will result in students being referred to the District Attorney (for students 14 years or older) or to the Kansas Department of Children and Families (KDCF), if under 14.

SENIOR SKIP DAY

Senior skip days are NOT condoned or supported by the school. Such absences will be marked as unexcused.

FINAL EXAMS - EXEMPTION POLICY

The school’s Final Exam Exemption Policy is approved by the school board. The administration determines the calendar date that that data is collected to determine eligibility for this policy. Any student not meeting the eligibility requirements by the announced date will not be eligible for a final exam exemption and will be required to take their final exams. See the district’s website for the most current version of this policy.

UNEXCUSED TARDIES

An unexcused absence, to the 1st hour class, for being 20+ minutes late, is ALSO counted as an unexcused tardy and will be assigned consequences under this policy.

TOTAL COUNT Unexcused Tardies AND Unex. Late (20+ min.)	CONSEQUENCES (Behavioral Referrals Are Completed by a Teacher)
1	Warning by a Teacher.
2	Warning by a Teacher.
3	Behavior Referral Completed, Before or after school 20 min Detention, or a lunch detention which is assigned by a Teacher.
4	Behavior Referral Completed, Before or after school 20 min Detention, or a lunch detention which is assigned by a Teacher.
5	Behavior Referral Completed, Before or after school 20 min Detention, or a lunch detention which is assigned by a Teacher.
6	Behavior Referral Completed, Before or after school 20 min Detention, or a lunch detention which is assigned by a Teacher.
7	Behavior Referral Completed, Administration assigns multiple detentions.
8+	Behavior Referral Completed, Administration assigns multiple detentions, ISS, OSS

WITHDRAWAL POLICY

Students who withdraw from school must check-out through the school’s office and administration. Parents/guardians must notify the school to approve a student’s request to withdraw. A withdrawal form must be filled out and signed by all teachers to whom the student is assigned.

PART-TIME ATTENDANCE POLICY

Seniors are encouraged to attend school full-time their senior year. In some special situations seniors who are on-track to graduate, may request to attend 2nd semester on a part-time basis. Students and parents are encouraged not to proceed with this request if the student has no plans for employment or further education during the time in question. USD 330 Mission Valley requires that students earn a minimum of 25

credits to graduate.

Students requesting part-time attendance will..

- Have a meeting with (parent(s), principal, and counselor to develop a graduation plan.
- Submit a request for part-time attendance to the superintendent by October 31st who shall forward them to the Board of Education..

Part-time attendance request shall:

- be in writing and addressed to the superintendent
- state the reasons supporting the request
- include a copy of the part-time attendance plan
- include a letter of support from student's parent(s)
- provide verification of program or employment acceptance

Reasons supporting the request for Part-Time Attendance include:

- Acceptance into an advanced education program (four year college, community college, technical college, etc.)
- Offer and acceptance of employment
- Other conditions which would warrant part-time attendance.

Consideration should be given to how part-time attendance may affect the student in their future plans, athletic eligibility, involvement in other school activities, etc. Seniors who attend school on a part-time basis remain eligible to participate in KSHSAA activities, student organizations, Jr-Sr Prom, and other student events, so long as all policies, requirements and guidelines related to the activities are met.

Seniors enrolled in only vocational-technical schools are still considered students at Mission Valley in regard to attendance, grades, discipline policies, and extracurricular activities if credits are being earned to meet high school graduation requirements.

Submit written verification on official letterhead by the student's employer or school official (if enrolling in college classes) will be needed in order to determine eligibility for the part-time attendance request.

After reviewing the request, if all is in order and complete, the principal and counselor will consider the application and make a recommendation to the Superintendent, and ultimately to the Board of Education.

The Board must approve all applications for part-time attendance. A student attending part-time, with Board approval, must leave the school grounds during the time not officially attending classes.

The sole purpose of this opportunity and privilege is to ensure the student will be participating in an activity that can be directly tied to an educational or career-based objective that can be found within the Kansas Department of Education or Mission Valley School District's policy and expectations. *This opportunity/privilege will NOT be used to support 'late-start' initiatives unless mitigating circumstances exist.*

Approval of any part-time attendance request can and will be influenced based upon the students academic standing AND attendance behavior at the end of the fall semester to affect the spring semester for which the part-time attendance is being requested to initiate.

Upon approval of the Part-time Attendance Request, the student will sign a copy of the guidelines for part-time students. This will be returned to the principal.

FEES AND FINANCIAL RESPONSIBILITIES

ENROLLMENT FEES

All enrollment fees are due at the time of enrollment. Fees are approved by the school board.

LIBRARY MATERIALS

When students check out library materials, it is the responsibility of the student to return them in the same condition as they received them. Library materials not returned or returned damaged will result in the student being assessed a charge for lost or damaged materials.

TEXTBOOKS

Textbooks are checked-in on a yearly or semester basis depending on the class. A unique identification number is recorded for each textbook. It is the responsibility of the student to check-in a textbook that has the exact same identification number as that was checked out to them. Textbooks not returned or returned damaged since check-out will result in the student being assessed a charge for lost or damaged materials.

OUTSTANDING FEES

A notice of outstanding fees will be mailed to your home at the end of the school year. This notice will be in addition to any other notices parents have received during the school year. If these debts to the school are not taken care of by the parent or student, the district will turn these over to a collection agency as required by law.

UNRETURNED OR DAMAGED PROPERTY

Any school property not returned or returned damaged will result in the replacement cost of the item being charged. Any amount not paid will be turned over to a collection agency for collection proceedings.

RETURNED CHECKS

Checks returned for any reason are sent directly to a collection agency for collection. The collection agency does add a service fee to the amount of the check. The total amount of the check and service fee may be electronically debited from your checking account by the collection agency

LUNCH AND BREAKFAST MEAL ACCOUNTS

Any student failing to keep his/her meal account solvent will be allowed to purchase a meal if the student pays for the meal when it is received. Students with a negative balance are not allowed to receive al-cart or extra food items without payment. Students are always informed if they have a negative balance. Students that take extra food items in violation of this policy will receive lunch-line restrictions and/or consequences.

At least one written warning shall be provided to a student and their parent/guardian before denying meals for students having spent all funds in their account. If payment of the negative balance is not received within 5 working days, the debt will be turned over to the superintendent's office for collection in

accordance with board policy. Payments for school meals can be made at the school or district office, or online at www.mv330.org.

No cash refund for unused food account monies will be issued prior to the end of the school year or enrollment withdrawal from school.

- Meals or milk may not be changed.
- Students that have a negative balance may not purchase extra food items.
- No food is to be delivered to the school by students.
- Parents may eat with students during lunch with prior administrative approval.
- Students must take at least 3 of the 4 components of the school meal. The price of the meal remains the regular price regardless of the food components chosen by the student.

Special dietary needs: If a student has a special dietary need, the parent/guardian should contact the school office and complete the required forms.

Meal payments: Payment reminders are distributed to JH and HS students by the bookkeeper. Daily meals may be purchased with cash. Students may be denied service if their meal account is not current with the necessary funds. Extra milk can be purchased.

PROCEDURES FOR THE SCHOOL DAY

SCHOOL'S MASTER CLOCK:

All bells follow the school's master clock which may not necessarily be the same time that students or parents have on their time-keeping device. Students are expected to arrive at school and their classes on time.

ARRIVING TO SCHOOL - ON TIME

Students should not arrive at the school building prior to 7:30 A.M. unless they have permission from administration or are with a staff member. High school and junior high school students are to only enter the building through the JH/HS entrance doors which are next to the JH/HS main office when delivered by bus or those students who have parked in the student parking lot, unless they are with a staff member or parent and have security-level access to the entrance by the district. Junior High and High School students being dropped off by parents/guardians must be dropped off at the southeast door/entrance to the high school. Once in the building, students are to not leave the building without staff, office, or administrator's permission.

ASSIGNED AREAS BEFORE SCHOOL STARTS

Upon entering the building each morning, junior high school students are to go directly to the South Gym by using the east hallway and remain there under supervision of staff. High school students are to sit in the HS Commons area (limit of 8 chairs per table) unless they are with a staff member in a classroom. Students are to not enter locker rooms or other areas of the school unless they have specific permission from a staff member and are the staff member's direct supervision.

SCHOOL BREAKFAST PROCEDURES

The school breakfast begins to be served at 7:40 A.M. Junior high school students that wish to eat school breakfast may leave the South Gym at this time (7:40 A.M.) and enter the Commons area to get their

breakfast and sit at a table in the commons. Both high school and junior high school students are expected to clean up after themselves before leaving their table. Junior high students that finish eating their breakfast prior to the 7:57 A.M. bell are to return to the South Gym with the other junior high students until the JH students are dismissed to go to their first hour class.

ARRIVING TO SCHOOL - NOT ON TIME

School begins at 8:00 A.M. with a bell. Students are required to be in their first-hour class by 8:00 A.M. bell. Students who arrive at school after 8:00 A.M. or do not get to their first hour class by the 8:00 A.M. bell are required to come to the main office and get an Admit Slip. They are to give this Admit Slip to their teacher. Students that arrive at school at any time after the 8:00 A.M. bell are required to come to the office, sign-in, and receive an Admit Slip from the office staff. Failure to do so may result in disciplinary consequences.

STUDENTS LEAVING SCHOOL DURING THE SCHOOL DAY

Student safety is a primary concern and responsibility of the school staff and administration. The following policy helps provide the necessary level of student safety and supervision. Students that are 18 years old, or older, must follow this policy too.

Students are not allowed to leave the school without permission. Students may only leave the building through the main entrance by the main HS/JH office. This permission is a two-part process.

First: The school must have parent/guardian permission for the student to leave school. This is usually received in advance when the parent/guardian calls the main office to inform them of the event and their permission. Without office staff prior knowledge of a parent/guardian permission it is required that a telephone call be made to confirm.

Second: Students must have permission from the main office to leave. They are required to come to the office, state their reason for leaving, receive office permission, and then sign-out on the proper document. Students may not leave the school without office staff permission and without signing out through the main office.

Students will not be released during the school day without the successful completion of the above requirements. Students that leave the building without properly complying with these requirements present a significant student safety issue and the administration will contact parents and law enforcement. Student consequences will be assigned for this behavior.

LEAVING SCHOOL TO PERSONAL VEHICLE

Students requesting to leave school to go to their vehicle (or another's) must be made through the main office. This request is highly discouraged and may be denied. Students are expected to come to the school building with all materials for school and activities. Students with a frequency of the use of this request may be assigned detentions to help motivate better self-management and responsibility.

STUDENT DRIVING AND PARKING LOT

Students may only drive to school if they meet all the requirements for the state of Kansas to drive. Parking a vehicle on school property is a student privilege given by USD 330 to students demonstrating proper behavior and following the rules and procedures related to this privilege. If the privilege is abused, a student may be denied permission to use the school's parking facilities and to drive on school property. A Three-Strike guideline will be kept by the administration on each student regarding compliance to these

rules and procedures. Extreme or excessive behaviors will result in the student being denied driving and parking on school property prior to the Three-Strikes guideline. Violations can be totalled and considered over multiple school years when assigning consequences.

Students that are reported by bus drivers, teachers, other USD 330 staff, and law enforcement will receive driving strikes which may lead to their loss of driving and parking privileges.

Students who use a vehicle for transportation to-and-from school or school activities are expected to comply with the regulations listed below.

1. Students are to obey the posted speed limit on school property of 10 mph.
2. All vehicles are to use the east main entrance.
3. No excessive acceleration is permitted.
4. Vehicles are to be parked correctly and in the proper student parking spaces.
5. Once a vehicle is parked on school grounds it is not to be moved until school dismisses unless specific permission has been given by the main office.
6. Students may only park in the east main parking lot. Students are to NOT park in the row of parking spaces closest to the school building. These spaces are for staff and parents. Students are not allowed to park in this row due to the needed safety associated with students loading busses, individuals walking in the crosswalk area, and the buses leaving school property effectively and safely.
7. Students driving on KS Permits are only to drive directly to-and-from school and may not have passengers unless they are siblings.
8. NO LOITERING IN THE PARKING LOT IS ALLOWED. Once students park in the parking lot they are to immediately enter the building. After school, students in the parking lot are to drive their vehicle off school property. Students are not to use vehicles for errands during school unless given specific permission by the main office staff.
9. Students are urged not to leave their vehicles in the school parking lot while they are away on overnight trips.
10. When driving to leave the parking lot, students are required to exit via the second or third parking lanes. Do not use the first lane next to the school, which is next to the Bus Zones.
11. USD 330 is not responsible for damage to student vehicles caused by others or the student driver.
12. The administration reserves the right to deny any student the permission to drive or park on school property.

DAILY BELL SCHEDULE

The class schedule consists of seven instructional periods and a Seminar / Advisory period. Students have 3-minute passing periods.

PERIOD	TIME	PERIOD	TIME
1	8:00 - 8:50	5	11:34 - 1:00 (Includes lunch periods)
2	8:53 - 9:43	6	1:03 - 1:53
3	9:48 - 10:38	7	1:56 - 2:50 (READ-IT time is from 2:50-3:00)
4	10:41 - 11:31	Seminar	3:03 - 3:30
		Viking Hour	3:00 - 3:30 (M-F)

BREAKFAST AND LUNCH CONDUCT

Students are expected to stand appropriately in line for the serving of their meal. This includes reasonable voice level and hands-to-themselves. Cutting in line is not appropriate. Students are to sit at the tables in the commons area during their lunch period. A maximum of 8 students is allowed per table. Students are expected to return their trays, uneaten food, trash, and other related items to the appropriate location when they are dismissed to class. Students are expected to clean-up their messes. Students that do not comply with these expectations will be required to remedy their actions and may be assigned consequences or meal-time restrictions.

ORDERING LUNCH MEAL

Students during first hour class participate in the school's lunch count which determines the number of meals cooked and prepared for each meal option offered on a given school day. Students must inform the school during this count procedure if they wish to purchase more than a single serving of the meal. Students that do not provide this information will not be able to receive more than a single serving. (Reminder - students with a negative balance may not order or receive more than a single serving.)

Students that arrive late to school and miss this count process, may have arrived too late for more than their single serving to be prepared for them at lunch.

VOCATIONAL SCHOOL

High school students may enroll in an area Vocational School and MVHS courses at the school during their high school day. Students are required to attend the Vocation School on the days that they have classes if USD 330 is not in session, and vice-versa. Students taking Vocational School courses are required to directly transport themselves to MVHS for their high school classes. Students will be counted unexcused absent or unexcused tardy for not returning to their high school class or lunch period in a reasonable amount of transportation time. The high school will accept and verify documents to excuse a student for being late from the staff at the enrolled Vocational School.

STUDENT CONDUCT

ACADEMIC DISHONESTY POLICY

We believe that authentic learning is beneficial for the student and our society as a whole. It is important for our students to be responsible for doing their own work and to carry themselves in the academic environment with honesty and integrity. Students that violate this policy may be assigned consequences and/or assigned reduced credit or no credit for the academic task. (See Behavior Matrix)

Definitions:

- *Academic Integrity*: respecting and upholding the school's academic rules and submitting work that reflects a student's own efforts
- *Cheating*: attempting to use prohibited materials, information, or study aids in any academic exercise.
- *Plagiarism*: the act of using another person's work without clearly acknowledging your debt to the original source. This includes the borrowing of words, ideas, images, tables, charts, etc., from books, articles, web pages, interviews, television shows, films, songs, or any other medium without giving due credit.
- *Collusion*: unauthorized collaboration with another person in preparing academic assignments.

GENERAL BUILDING CONDUCT

The following policies will apply to students and visitors:

1. For the safety and welfare of others, no running or horseplay will be allowed.
2. For security and school management reasons, switching or sharing of lockers is not permitted.
3. Lockers will be kept clean at all times. A fee may be charged for lockers that require excessive cleaning.
4. During the lunch period, students will remain in the cafeteria-commons area unless they have permission from staff to leave the area. Restroom use is allowed.
5. No student is allowed to use athletic areas after school unless supervised by approved staff.
6. Lost articles should be turned in to the main office. MV Jr/Sr HS is not responsible for lost or stolen items.
7. The possession and/or use of items inappropriate for school (as deemed by the MV Jr/Sr HS administration) are prohibited. (Examples are: laser pointers, vapor pens, glass containers.)
8. During class time, students are not permitted in the halls without an appropriate pass.
9. Students should not bring large sums of money or personal valuables to school. The school is not responsible for lost or stolen personal property.
10. Students and visitors are required to enter the building through the doors nearest the JH/HS Office.

CLASSROOM PROCEDURES

Classroom policies and procedures are formulated by the teacher and approved by the administration. Students are required to comply with these behavioral expectations so that the educational learning environment is appropriate for all students to engage academically and staff to maintain the proper and expected learning environment.

SCHOOL PROPERTY

A student is responsible for the full replacement cost of lost or damaged school property assigned to the student, including athletic uniforms and athletic equipment.

School property, lost or damaged by a student, will be assessed under the following categories:

- A. Vandalism – payment of all charges, including labor, plus possible suspension.
- B. Damage or destruction unintentional, but due to a student’s violation of a rule, regulation, policy or direction of one in authority, is responsible for the payment of all charges, including labor.

DRESS CODE AND PERSONAL APPEARANCE

The general atmosphere of a school must be conducive to learning. If a student’s appearance attracts undue attention to the extent that it may become a disruptive factor in the educational process, a staff member will ask the student to make the necessary changes. In the event that the change does not take place in the time allowed, the student may be subject to further disciplinary action.

Students will be expected to remove and replace the inappropriate dress item. Those students that do not comply may be asked for parental assistance in getting proper attire. The student will not be allowed into the classroom setting until the dress code violation is resolved.

The following list is not all-inclusive:

1. No clothing or body adornments with offensive, sexually suggestive, vulgar, profane, ethnically derogatory messages, pictures, or symbols, illegal substances, drug paraphernalia, tobacco, alcohol, or violence.
2. No articles of jewelry or articles of clothing, which are potentially hazardous, such as chains or studded bands, or have sharp points, etc.

3. No clothing or styles identified to be associated with gangs or gang activities.
4. No outdoor clothing, such as headgear or head ware, sunglasses, jackets or coats (see administration if you have a question about your attire)
5. All tops and shirts must have a full front and back, full sides and over the shoulder straps (i.e. no halter tops, tube tops, bare midriffs, tank tops without sides or any other revealing clothing).
6. Clothing is inappropriate if any flesh can be seen starting at underarms down to mid-thigh.
7. Clothing is inappropriate if any undergarments can be seen.
8. Short skirts and shorts must be at a length that is conservative and school appropriate in all body positions, which include; sitting, standing, and bending. Students must also consider their individual body characteristics so that fit and length are appropriate for the school setting. The administration determines the appropriateness of shortness / length. A “safe” guideline is for the garment choice to have an inseam length that reaches the mid-thigh area.
9. Students are expected to have reasonable and appropriate body and clothing cleanliness. Students and their parents with this issue will be consulted by the school counselor and/or administration for assistance and support.
10. Students are not to wear “sagging” shorts, pants, or skirts to school. The waistband of shorts, pants, and skirts needs to be above the hip bones.

The final determination as to whether clothing is acceptable or not will be made by the administration.

PUBLIC DISPLAY OF AFFECTION

Relationships are an important learning experience for students in secondary school. However, learning and managing appropriate and workplace acceptable behaviors is also important, and required. Appropriate and allowable physical displays of affection in the school workplace are limited to (1) holding hands and (2) short-brief hugging. In the classroom, these behaviors are more restrictive due to the nature and purpose of this setting.

CELL PHONE AND ELECTRONIC DEVICES

While not all electronic devices pose the same risk of disruption to the learning environment, it has become necessary to develop a policy that governs their use. ***A prohibited electronic device is ANY electronic device not provided by the school.***

NO STUDENT SHALL USE AN ELECTRONIC DEVICE WITH CAMERA, VIDEO OR VOICE RECORDING FUNCTIONS IN A WAY OR UNDER CIRCUMSTANCES WHICH INFRINGE UPON THE PRIVACY RIGHTS OF OTHER MEMBERS OF THE SCHOOL COMMUNITY. STUDENTS MAY BE HELD PERSONALLY LIABLE FOR THE DISSEMINATION OF ELECTRONIC MATERIALS THAT INFRINGE UPON OTHER INDIVIDUALS’ PRIVACY RIGHTS:

- Electronic devices shall only be used before school, in-between class periods, after school, and during lunch. The cellphone needs to be turned off and kept out of sight during class time or at any other time as directed by a school district employee, except when otherwise permitted, for educational purposes, by the teacher, administration or in school policy.
- Violations of this policy shall be subject to progressive discipline. If a student’s use of an electronic device causes a disruption as determined by a staff member, the student will be directed to turn off the device. The device may be confiscated, discipline consequences assigned and the device returned to the student at the end of the class period, school day or activity. A student’s privilege to carry such devices may be revoked, by administration, for subsequent offenses. Other

consequences outlined in the school discipline policy may be applied when appropriate for any misuse of said electronics.

PROGRESSIVE CONSEQUENCES

The following actions are applied per violation, per semester, per class. Discipline Matrix consequences are applied. A **Behavior Referral** is completed for each violation occurrence by the staff member and school administration will assign the proper consequences.

Students that do not comply or have repeated misuse of their electronic device can be informed by classroom staff to give their device to them to be secured for pick-up at the end of the school day. Students that refuse to give their device to staff upon request are removed from the class for administration's intervention which can include detentions, or forms of suspension, and loss of privilege to carry devices at school.

- Confiscated electronic devices shall be stored by school district employees in a secure manner.
- Students are responsible for personal electronic devices they bring to school. The district shall not be responsible for loss, theft or destruction of any such device brought onto school property, except that it shall be the responsibility of the school to ensure the safekeeping of any confiscated devices.

SNACK AND BEVERAGE VENDING MACHINES

Vending machines operate during specific timeframes. Students should not be released from class to purchase food from vending machines. Snacks and beverages are the discretion of the teacher.

STUDENT RESPECT FOR SCHOOL AUTHORITY

When students are engaging with staff, being redirected, given a direct instruction, or in general school-day communications they are required to demonstrate respect for school staff authority. This can be demonstrated verbally, non-verbally, via electronic communication, physical actions, and through third-parties (or other means). Students are advised that when they are unhappy, disagreeing, or any negative feelings to respond appropriately via communication that is positively productive, seeks communication at another time, or seeks administrator or counselor support. Students are required to comply with staff requests through their communication and actions in a school appropriate manner. Non-compliance is not acceptable and will be assigned consequences per school policy / procedures.

DISCIPLINARY ACTIONS FOR MISCONDUCT

The board views the expulsion of students as an act of last resort to be taken when other means of correction have failed, and when retention of the student in school would not materially benefit the student and/or would be detrimental to the general welfare of the school. End of semester student discipline may carry over into the next semester or school year.

INTERVENTIONS AND CONSEQUENCES

Conference:

The board recognizes that each student is an individual and that control and correction of student misconduct can successfully address behavior corrections. Should the acts of misconduct continue, parents will be asked to confer with the teacher and/or other school personnel who may be involved, depending upon the severity and the continuance of the acts of misconduct. The desired goal will be to

solve problems and forestall serious disciplinary action through the mutual attention of parents and school personnel.

Probation / Behavior Plan:

A student may be placed on probation with a Behavior Plan by the principal for any act of misconduct. A written list of the terms and conditions of the Behavior Plan will be signed by the student and/or parent. Failure to abide by these terms may result in the original consequences and/or additional consequences.

Detention:

A student may be assigned detention(s) by a teacher or administrator for an act of misconduct. Detentions can be assigned before school, after school, or during lunch. The nature of the misconduct and building policy will dictate the amount or length of the detention period. Students must turn in their cell phone or similar device that is in the student's possession for the duration of the detention. Computers will only be used for required school work and if approved by the staff supervising the detention.

In-School Suspensions (ISS):

A student who is assigned ISS continues to attend school and is required to use their time and energy working on their school work in the ISS location. Students are required to demonstrate appropriate behavior and compliance to satisfactorily complete each assigned period(s) in ISS. Periods that are not earned through proper behavior will have to be served again. Procedural due process as required by the state statutes will be followed. Students must turn in their cell phone or similar device if they are in the student's possession for the duration of the ISS. Computers will only be used for required school work and if approved by the staff supervising the ISS.

Short Term Out-Of-School Suspensions (OSS):

A student may be suspended from school by the principal for a period not to exceed 10-school days. Reasonable effort will be made to provide verbal notification to parents. Written notification will follow and a copy of such notification will be filed with the superintendent. Procedural due process as required by the state statutes will be followed.

Long Term Out-Of School Suspensions and Expulsion Procedures:

Except as limited by Section 504 or IDEA, a student may be suspended or expelled, for reasons set forth in Kansas law. Any student who is suspended for a period of more than 10 school days or expelled shall receive a copy of the suspension and expulsion law and this policy. Long-term suspension and/or expulsion hearings shall be conducted by the superintendent or designee(s) of the school in which the pupil is enrolled or by any other hearing officer appointed by the Board.

Reasons for Suspension or Expulsions:

Students may be suspended or expelled for one or more of the following reasons:

1. Willful violation of any published, adopted student conduct regulations.
2. Conduct which substantially disrupts, impedes, or interferes with school operations.
3. Conduct which endangers the safety or substantially impinges on or invades the rights of others.
4. Conduct which constitutes the commission of a felony.
5. Conduct which constitutes the commission of a misdemeanor.
6. Disobedience or an order of a school authority if the disobedience results in disorder, disruption or interference with school operation.
7. Possession of a weapon at school, on school property, or at a school-sponsored event.

Student Code-Of-Conduct Consequences Matrix

Violations are cumulative for the school year. The administration may determine that extreme behaviors, behavior patterns, and/or a high total count of all behaviors will result in consequences that are greater than those listed in the matrix. This matrix does not include all behaviors. This matrix is designed to be guidelines in administering the consequences for disciplinary infractions. The severity of the offense will be individually evaluated and administered at the discretion of the administration. District Policy will be followed on all Code-of-Conduct violations.

DRUG-FREE SCHOOLS

Maintaining drug-free schools is important in establishing an appropriate learning environment for the district's students. The unlawful possession, use, sale or distribution of illicit drugs, drug paraphernalia and alcohol by students on school premises or as a part of any school activity is prohibited. This policy is required by the 1989 amendments to the Drug-Free Schools and Communities Act, P.L. 102-226, 103 St. 1928.

CONTROLLED SUBSTANCES POLICY (DRUGS)

USD 330 is committed to the education of every student in drug/abuse awareness and zero substance abuse. USD 330 will enforce the following policy:

1. The possession, use, consumption, distribution or sale of drugs, or intent to distribute or sell drugs or possession of drug paraphernalia (controlled substances as defined by the Uniform Controlled Substances Act, K.S.A. 65-4101 et seq.), the distribution or consumption of non-prescription medicines or drugs that exceeds the recommended dosage on public school property or at public school activities is prohibited.
2. In the event any student violates the controlled substances section of this regulation, such student will be suspended or expelled from school immediately for a short term and may be:
 - a. recommended for an extended-term suspension from school and all related school activities for possession, use, or consumption of drugs, or
 - b. recommended for expulsion from school and all related school activities for distribution and/or sale of drugs, or intent to distribute or sell drugs.
3. Any student who comes onto school property or attends public school activities, having used or consumed substances, as defined in paragraph 1 above, will be suspended or expelled from school immediately for a short term and may be recommended for an extended-term suspension from school and all related school activities.
4. Any punishment, suspension, or expulsion may be deferred by the appropriate Administrative Hearing Officer or Board of Education or their designee. The student involved, after the appropriate hearings, as set forth by Kansas Statutes and found to be placed either on suspension or expulsion may, at the option of the appropriate Administrative Hearing Officer or Board of Education, be offered an opportunity for probation for a set period of time. The balance of the punishment, suspension or expulsion shall remain deferred as long as the student meets the conditions of the probation agreement. If a student agrees to a probationary period, a written agreement shall be signed by the student and the student's parents or guardians outlining the appropriate conditions of said probation and the duration thereof. Any probationary student accused of being in violation of the conditions of probation shall be afforded a limited hearing by the appropriate Administrative Hearing Officer or the Board of Education who agreed to the probationary conditions. Conditions of probation may include, but are not limited to: drug counseling of student's choice with expenses to be borne by the student; random drug testing with expenses to be borne by the student; restriction from school activities and any other conditions that the appropriate Hearing Agency or Board of Education agree would aid and assist the student and continue to provide a drug-free school environment.
5. See pages 36-39 regarding all KSHSAA activities participation.

ALCOHOL / CEREAL MALT BEVERAGES POLICY

If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes racial or disability harassment under the definitions outlined above. Unacceptable student conduct may or may not constitute racial or disability harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors, which are unacceptable but do not constitute harassment, may provide grounds for discipline under the code of student conduct.

The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide a process to the accused.

BUS REGULATIONS: See the *USD 330 Transportation Handbook (Appendix item)*

STEPS TO STUDENT CONSEQUENCES FOR RIDER BEHAVIOR (P. 13, Transportation Handbook)

The following Discipline Plan was designed to give the students of Mission Valley USD #330 riding the school bus the safe transportation they deserve. It is believed that all students can behave appropriately

and safely while riding on a school bus. Behavior that keeps a driver from performing their duties and keeping the students safe will not be tolerated. Safety is in the drivers hands and that is their utmost priority.

OUR BUS COURTESY AND SAFETY RULES ARE POSTED ON EACH BUS:

- Obey, respect and do not distract the bus driver
- No swearing or rude gestures
- No horseplay or bothering others
- No bullying, fighting or cruel teasing
- No vandalism
- No tobacco, alcohol or weapons on bus
- No throwing of objects inside or out of bus
- No live animals (snakes, worms, bugs, etc) from home or school.
- Place trash in the wastebasket, not in the seat or the floor.
- Feet should never be in or on the seats.

Bus rules will be posted on the bus and handed out to each student at the beginning of school.

It is the responsibility of the bus driver to handle the problem when one occurs by talking to students or moving to a different seat. If a student persists in breaking a rule, the steps below will be taken to resolve the problem.

The Principal may suspend or revoke the transportation privilege or entitlement of any student that exhibits a behavior in which immediate consequences are necessary.

Step 1: Each student will be given an opportunity to correct or change their behavior with a verbal warning from the driver.

Step 2: Failure to correct the behavior will result in a written warning from the driver and initiate a call to the Parents/Guardians. If the Parent/Guardian is not able to be reached, the driver will speak with the Principal.

Step 3: If similar behavior continues, the driver will report the activity on a second written warning. The Principal will determine the appropriate bus suspension/consequences at the school. The school is responsible for notifying the home, the bus driver and the Transportation Director regarding suspensions/consequences.

Step 4: If similar behavior continues, bus riding privileges could be revoked for a determined amount of time or the remainder of the school year and transporting will become the parent/guardian's responsibility.

STUDENT HEALTH POLICY

Student health is a factor regarding students being academically successful. While students do get ill, it is important for parents/guardians to have their students attend school when deemed appropriate. The following are health policies.

Returning after 24-Hours

We are asking parents of children who have been ill to keep them at home until at least 24 hours after the student's temperature has returned to normal or vomiting has stopped.

Immunizations

All students attending school in USD 330 must be immunized as prescribed by Kansas Law. Students not meeting these requirements may be denied the privilege of attending school per Kansas Law Statutes until they have met the requirements. Complete details of this policy are available at the district office.

Contagious Diseases

No pupil known to be infected with a contagious disease or coming from a home where such disease prevails will be received or continued in school. Upon returning to school after absences for such cause, a Certificate of Health from an attending physician or health office will be required. State health guidelines will be followed.

Head Lice

USD 330 will follow the prescribed procedures by the Kansas State Department of Health. When students are detected with head lice parents will be notified. Students will not be required to leave school early but will be discouraged from sharing items that may allow for possible transmission of lice. Students will not be allowed to return to school until an antiparasitic drug treatment has been initiated. If the problem persists, the matter will be referred to the county health department and/or the matter will be turned over to the Kansas Department for Children and Families (DCF), as a "Child In Need Of Care".

Medications

If it becomes necessary for a student to take any form of medication (non-prescription or prescription) at school, the following procedures will be followed.

1. Prescription: Written order from a physician detailing the name of the drug, dosage and time interval that the medication is to be taken.
2. Non-Prescription: Students need to submit to the office a signed note from their parent/guardian stating the date and dosage to be given.
3. Written permission from the parent or guardian of the student requesting that the school district comply with the physician's order.
4. Medication (Prescription) must be brought to school in a container appropriately labeled by the pharmacy or physician and given to the office.
5. At least one dosage should be given at home before sending the medication to school.

KSHSAA ACTIVITIES, SCHOOL ACTIVITIES AND ORGANIZATIONS

All school rules are in effect during practices and events, both home and away. USD 330 believes that a comprehensive and balanced activities program is an essential complement to any student. The Activity Program should provide opportunities for students to further develop interest and talent in drama, journalism, music, speech, sports, student organizations and academic related areas. The ultimate goals of the Activity Program should be to realize the value of participation without diminishing the importance of winning or excelling and to develop and improve positive citizenship traits among the program's student participants.

USD 330 is a member of the Kansas State High School Activities Association (KSHSAA). A student who participates in any interscholastic contest must conform to the eligibility requirements of this association. USD 330's KSHSAA sponsored athletic activities are; Baseball, Basketball, Cheerleading, Cross Country, Dance Team, Football, Softball, Track and Field, Volleyball and Wrestling. Academic activities are; Band, Forensics, KAYS, Scholars Bowl, Student Council, and Vocal Music.

KSHSAA PARTICIPATION REQUIREMENTS

The following are requirements from the Kansas Scholastic High School Athletic Association.

- A student must pass at least five new classes the previous semester in order to be eligible to participate in KSHSAA activities. Summer school and night school do not count towards meeting eligibility requirements. The student must be currently enrolled in five new classes during the current semester of participation.
- Students dually enrolled in college courses who have their college hours recorded on their high school transcripts may count a maximum of five hours of college credit as two subjects of unit weight or three hours of college credit as one subject of unit weight.
- A student cannot have more than eight semesters of possible eligibility in grades nine through twelve, and semesters are consecutively counted upon the first day of enrollment.

MV Jr/Sr HS ATTENDANCE REQUIREMENTS TO PARTICIPATE

In order to compete in any school activity or participate in practice, on a school day, it is necessary that the student attend a minimum of $\frac{1}{2}$ of the school day of the activity, unless they are excused/approved for a valid reason by administration. Coaches, teachers, and secretaries will monitor a student's daily attendance for compliance. ***Example: If the activity calls for a departure time of 2:00 p.m. to attend the activity, then the student will need to be here by 10:00 a.m.***

Any student/athlete serving an Out-Of-School Suspension (OSS) is not eligible to compete in practices or games while on suspension. The head coach will use their team's policy and discretion in allowing their student/athlete to participate in practices or games while serving an In-School-Suspension (ISS) on a given day.

STUDENT INSURANCE

USD 330, Mission Valley schools and the KSHSAA **DO NOT** provide health insurance for student / athletes. However, the KSHSAA does provide catastrophic medical insurance for students / athletes injured while participating in practicing for or traveling to and from activities under the jurisdiction of the KSHSAA. Coverage is not provided by KSHSAA **until** the \$25,000 deductible has been met. USD 330 can provide information to patrons interested in purchasing voluntary medical insurance to cover medical

expenses below the \$25,000 deductible while participating in athletics. An application and information about the plan can be picked up in the school's main office.

ATHLETIC TRAINER SERVICES

Cotton O'Neil Orthopedic Sports Medicine will provide Mission Valley Jr/Sr High School with a part-time Certified Athletic Trainer throughout the school year. The Trainer will be available at the school two times each week, as determined by the administration, until the end of the school year. The Trainer will be able to evaluate and treat many athletic injuries, as well as recommending an athlete for more advanced treatment. All injuries should be reported to the coach and parent before seeing the trainer. This is a great service, and we encourage athletes to take advantage when necessary. Athletes receiving treatment and evaluations from a physician must be released by that physician prior to returning to participation. Students and their parents must also sign a Release Form before the trainer can release information on the athlete's condition to the coach for treatment.

TRANSPORTATION POLICIES

Participants in activities are to use school transportation to and from activities. It is recommended that students be discouraged from riding back with their parents as each athlete should be with their team and after an athletic contest or activity. The only exception of not taking the team's transportation or going home with a parent, is when the parent has given written permission for their child to be transported home with another adult. This must be submitted in writing and approved by the school's administration in advance of the transportation change.

Students on activity trips are ambassadors for their school and district. We expect the best in terms of behavior and conduct. The USD 330 Bus Guidelines are to be enforced. The coach is in charge of discipline. The type of dress for student participants is the coach's jurisdiction

WEEKLY ELIGIBILITY LIST

The ADR (Academic Deficiency Report) is determined by the administration at the end of school each Wednesday. The ADR identifies 7-12th grade students that are failing one or more courses. Students on this list are either on Probation or Ineligible based upon the following criteria:

Probation - any student that was not on the ADR the previous week, but is failing one or more courses is placed on the Probation List.

Ineligible - any student that was on the ADR list the previous week and is failing one or more courses the following week is placed on the Ineligible List.

A student on the Ineligible List is ineligible beginning the following Monday and ending Sunday of the next week. Students will remain ineligible until they are not on the Wednesday ADR List.

I'm Passing Form - Students that are on the Ineligible List that were on Probation the previous week, may turn into the Athletic Director the school's "I'm Passing" form if they have improved all of their "F" grades to a "D" grade or above. It is the student's responsibility to initiate this process. Students that are on the Ineligibility List for two or more consecutive weeks may not utilize the "I'm Passing" form.

Once this form has been given to the Athletic Director with the proper teacher signatures and information, the Athletic Director will remove the student from the Ineligible List and inform the proper coaches/staff that the student is immediately eligible for all extra-curricular activities.

Ineligible students cannot travel in school district vehicles to school-sponsored events. According to the coach's or sponsor's policies, an ineligible student may continue to participate and/or sit with the team during events.

KSHSAA'S SPORTSMANSHIP AND CITIZENSHIP - RULE 52

The Kansas State High School Activities Association, through its member schools, defines sportsmanship as those qualities of behavior which are characteristic of generosity and genuine concern for others. Furthermore, an awareness is expected of the impact of an individual's influence on others, behavior as well.

The effective American secondary school must support both an academic program and an activities program. We believe that these programs must do more than merely coexist. They must be integrated and support each other in "different" arenas. The concept of "sportsmanship" must be taught, modeled, expected and reinforced in the classroom and in all competitive activities. Therefore, all Kansas State High School Activities Association members stand together in support of the following sportsmanship policy.

Activities are an important aspect of the total education process in the American schools. They provide an arena for participants to grow, to excel, to understand and to value the concepts of SPORTSMANSHIP and teamwork. They are an opportunity for coaches and school staff to teach and model SPORTSMANSHIP, to build school pride, and to increase student/community involvement; this ultimately translates into improved academic performance.

Activities are also an opportunity for the community to demonstrate its support for the participants and the school, and to model the concepts of SPORTSMANSHIP for our youth as respected representatives of society. Sportsmanship is good citizenship in action!

KSHSAA RULE 52

Sportsmanship is good citizenship in action.

ALL ACTIONS are to be FOR, NOT AGAINST; POSITIVE, NOT NEGATIVE or DISRESPECTFUL.

- a. Be courteous to all (participants, coaches, officials, staff and fans).
- b. Know the rules, abide by and respect the officials' decisions.
- c. Win with character and lose with dignity.
- d. Display appreciation for good performance, regardless of the team.
- e. Exercise self-control and reflect positively upon yourself, your team and school.
- f. Permit only positive sportsmanship behavior to reflect upon your school or its activities.

Home Events: Home events are an exciting time for staff, community patrons, parents, and students. Students are required to comply with the following general requirements at home events. Students that remain after school to wait on events, (example: basketball, volleyball, football games) present a difficult supervision problem for the school administration. Therefore, students are asked to leave the school when appropriate means of transportation is available and return to school in time for the sports event. Parent

support is appreciated. Those students participating in band and the athletic team are to be under supervision of the assigned school staff during these times.

1. During the time between school dismissal and the start of a home event, students that are remaining at school are required to remain in the HS Commons area and not be in other areas of the building without specific staff permission and supervision. ATTENDANCE TYPES THAT ARE EXEMPTED FOR THIS POLICY

Type	Requirement
College Visits	11th / 12th graders = up to 2 visits per semester 9th / 10th graders = 1 college visit per semester * Additional visits must be approved by the School Counselor in advance. ATTENDANCE VERIFICATION

For all of the above listed types of absences, other than school activities, verification is required to ensure the integrity of this policy. A school form is provided that parents are to complete, sign, attach the verification documents, and return to the main office. This form is located in the school's office and on the district's web site. www.mv330.org

ATTENDANCE CALCULATION

Each semester, the total number of non-exempted class periods will be determined and divided by the number of periods attendance is taken in a school day (8). This calculation will determine the number of days absent for this policy. Example: If a student has 26 periods of absences that are not exempted under this policy, then the calculation is, 26 divided by 8 = 3.25, which is 3.25 days.

OTHER INFORMATION:

1. Students who are taking college concurrent classes at MVHS must take the course's final exam.
2. If a student is exempted from final exams, they can still take their final exams if they desire or through parental request. Students in this situation will not have their final grade lowered due to their final exam grade.
3. GPA and Attendance data is checked a few days prior to the final exam dates. Students that have non-exempted absences after this data check may exceed their allowed limit and therefore be required to take their final exams. Continued attendance is expected following the data check date.

FREQUENTLY ASKED QUESTIONS:

Q1: How do I use the Attendance Exemption Request Form?

A1: A strong attempt was made to make a one-page form that was easy for parents and the school to use. This form needs to be completed and signed by the parent. The verification document should be attached. The form is returned to the office. Students can return the form to the office. If the absence is not exempted, the student will be informed of the reason so that they can inform their parents.

Q2: If my child is home sick, why is that absence not excused?

A2: While this absence is excused under the general school attendance criteria, it would not be exempted from this policy. Many new types of exempted absences were added in an effort to meet life's situations. We hope our efforts are noticed. Verification of this type of absence would be difficult.

Q3: When is GPA and attendance calculated?

A3: A few days prior to the semester's scheduled final exam days, the school office will calculate the current GPA for students and also their attendance. This data will be used to determine which students qualify for an exemption of their final exams. This date will be announced to the students in advance so that they can get any make-up work or testing done. Students have a responsibility to get their school work done on time and not to expect their teacher(s) to grade them under an unreasonable time limit situation. "Last minute" efforts may create unreasonable situations that the school staff cannot manage. School attendance is still expected follow this data check. Students may exceed their allowed number of non-exempted days absent between the data check and the final exam dates and therefore be required to take their exams.

Q4: What if I do not have verification for the absence?

A4: We do expect a form of verification and request that the student and parent make the attempt to acquire a form of documentation. For extreme situations where verification cannot be produced, the administration will consider the situation.

Q5: My child had an appointment but I could not get him returned to school. Why was his absence for this policy not excused.

A5: We do expect that a student that has a partial day appointment to return to school or leave school at a reasonable time. We take into consideration when the appointment took place and give reasonable transportation time for the student to return to school, or leave school for the appointment. Absences are exempted per period.

Q6: My request was not approved. Can I resubmit it?

A6: We believe that a lack of verification will be the main reason for a request not to be approved. In this situation, getting the verification and then resubmitting the form is what we would hope occurs. Another example might be that every period of absence was not exempted because the student with a 9:00 a.m. appointment did not return to school or not in a timely manner considering time for transportation. Transportation problems do not match as an exemption in this policy, but could be excused for a general school absence.

MISSION VALLEY

TRANSPORTATION HANDBOOK

2020-21

Dear Parent(s) / Guardian(s) and Riders:

This handbook is intended to provide you with the Transportation policies, procedures and expectations of USD #330 Mission Valley.

USD #330 Mission Valley offers the privilege of bus transportation for all eligible riders. Our goal is to enhance the learning and educational experience of each rider. Every effort will be made to provide a

safe, comfortable and pleasant transportation service, while maintaining efficiency at all times. Riding a school bus is a privilege. The bus shall be an extension of the school and classroom. Bus drivers are the acting authority on the bus just as teachers are the acting authority in their classrooms.

We ask that both parent(s)/guardian(s) and students read and discuss the contents of this handbook to promote a clear understanding of the responsibilities and expectations while riding the bus to school and/or events.

Effective transportation service requires appropriate actions by bus drivers and staff, school administrators, students and parents/guardians. USD #330 Mission Valley is committed in providing safe transportation to and from school and school sponsored activities.

The last page **Mission Valley Bus Riders Contract** and the **Mission Valley Bus Transportation/Information Form** will need to be completed at the time of enrollment prior to riding the bus.

Thank you for your cooperation and support regarding the safety and welfare of all our children.

- Meet with drivers at the beginning of each school year and monthly to discuss procedures and safety concerns.
- Investigate all compliant and safety concerns.
- Communication with administration when unsafe behavior is reported. Consequences for unsafe behavior on the school bus may be established by the principal, transportation director and bus driver.
- Communicate with students, parent/guardian, school administrator, and bus driver when appropriate. Drivers may pull the bus over at a safe location to speak with students about behavior and safety guidelines.

ELIGIBLE RIDERS

USD #330 does not have a distance requirement in order to be eligible for busing. Students are picked up at the end of their driveway if in a rural setting, or in front of their house, unless prior arrangements have been made. A turn-around needs to be approved in advance by the Transportation Department.

Pick up and drop off times are estimated and may be changed or adjusted throughout the school year as necessary. All students are expected to be at the designated pick up point 5 minutes prior to pick up. All riders are expected to follow the guidelines of the USD #330 Mission Valley Student Handbook, the procedures contained in this handbook and the instructions of the bus driver.

PRIOR TO BUS ARRIVAL

All riders are expected to wait at the designated pick up point until the school bus arrives. Students should practice good citizenship and respect the property of their neighbors. Parental supervision is encouraged at all times. Parents/Guardians are not allowed to board the bus to maintain student safety and confidentiality. Boarding the bus will be considered trespassing.

Bus drivers are not permitted to add stops or move stops without prior approval by the Transportation Department. If you need your bus stop location to be considered for a change for safety reasons, please contact the Transportation Department about your concerns.

BOARDING/RIDING THE BUS

The school bus will approach the bus stop and utilize the amber traffic warning lights signal to alert other drivers of the bus stop. Students should stand a minimum of 10 feet away from the roadway while waiting for the bus. No student should ever approach the bus until the bus has completely stopped. The driver

will open the door and motion for the students to load. If a student must cross the road, wait for the bus driver to give the signal that it is safe to proceed.

If no students are visibly present at the bus stop, the bus driver will make a complete stop within the regularly scheduled time and proceed to the next pick up point. Bus drivers are not required to wait any length of time as the students should be ready to board the bus.

Riders are expected to go directly to their seat and prepare for the ride.

AT THE SCHOOL

All students should remain seated until the bus has come to a complete stop and the bus is secured. When the driver signals to unload, students should begin forming a single line and proceed to the front of the bus. Pushing and shoving may result in a loss of riding privileges. Students are to go directly into the school.

RETURN HOME FOLLOWING DISMISSAL

When students are released from the school they are expected to go directly to their bus. Once the students board the bus, they are expected to stay on the bus and be seated quietly. Buses will depart from the school promptly after dismissal and all students are loaded, unless otherwise instructed by school officials. Once the driver has shut the door, students are not to chase after the bus or run alongside of the bus. If a student misses their bus, they are to return immediately to the school office. Parent(s)/Guardian(s) will be contacted to pick their student(s) up.

When students are on the bus ready for returning home, the parent/guardian(s) are not to get the students off the bus, until notifying the school office.

EXITING THE BUS

As the school bus is approaching a designated stop, students should pay attention and be ready to exit once the bus is stopped and secured. Stay seated until the bus comes to a complete stop.

The amber warning lights signals will be activated before the bus stops. Once the bus is stopped and the door is opened, the red warning lights will be activated signaling all traffic to stop. The driver will allow adequate time for each student to unload.

Students need to look before stepping off of the bus as well as while crossing roadways. All students crossing in front of the bus should watch the driver for assistance. Be alert for vehicles that do not stop when the bus is unloading.

Proper Procedures to cross in front of the bus:

1. Student should walk 10 feet away from the side of the bus,
2. Rider and bus driver will make eye contact,
3. Wait for the driver to check mirror for approaching traffic,
4. Driver will motion when it is safe to proceed across the road. Students should never touch the school bus while they are walking away.

All students should immediately walk away from the bus as they unload. Students should never touch the school bus while they are walking away.

No one should ever stand, walk, or cross the street directly behind the school bus.

Students should never try to retrieve any item that may end up under the school bus. Students should not stop to retrieve the mail from the mailbox. Students should cross all streets at the intersections while walking to or from the bus stop. They should obey all traffic signals and signs along the way.

BUS SAFETY

School buses are designed with many features for the safety of students. A major design factor is the compartment formed by each seat, which protects the students sitting on the bench seat. In order for this compartmentalization to work properly, proper seating is required. While seated, each student should face forward; the student's torso should be facing forward at all times, the student's back should be flat against the back of the seat and the student should sit flat on the seat. Both feet and legs should be kept in front of their body.

All riders and parents/guardians must sign and turn in the USD #330 Mission Valley Bus Rider’s Contract Form located in the back of this handbook during the first week of riding or acknowledge this contract by signing off during the August school enrollment. Failure to return this form may result in loss of riding privileges. It is the parent’s /guardian’s responsibility to inform the Transportation Department of any changes. Parent(s)/guardian(s) are responsible for student transportation until information is processed. Please allow three days for processing.

LOST ITEMS

Students are responsible for their personal items. Any article found on the bus by the bus driver will be turned in to the school offices.

Please call the bus driver or the USD #330 Mission Valley district office if your child/children have left an item on the bus and you would like to retrieve it, before the next day.

RESTRICTED AREAS

USD #330 Mission Valley bus drivers will not enter dead end streets or enter personal property except when approved by the Director of Transportation. Use of private property requires approval by the property owner.

FIELD TRIPS/ACTIVITY TRIPS

All bus safety rules apply to riding the bus to school-sponsored events. The bus driver has overall responsibility for the bus and safety of all passengers: however, the sponsor is expected to actively promote a safe environment on the bus by setting the proper example and monitoring student activity. If field trip/activity trip return time is during school hours, the bus is expected to be back to the school by 3:15 pm to ensure bus routes are on schedule. Students suspended from route transportation may also be suspended from school transportation for field trips and activity trips.

SCHOOL CLOSING

When schools need to close due to weather or other unforeseen circumstances, all students' families will be notified through the school messaging system. School closing information will be broadcast over WIBW-13, KSNT-27 and KTKA-49 television station. If early dismissal is necessary, principals and teachers will be certain that no child is released until arrangements for proper supervision have been made. If special arrangements are made, school officials will communicate with the bus driver involved.

INCLEMENT WEATHER CONDITIONS

In the event of bad weather, buses may be delayed at the school or in-route, and diverted to a safer location. Delivery of students will continue when weather /or conditions become safe for transportation. Students should follow the driver's instructions, remain calm and quiet so the driver can receive proper safety information over the district radio. Parents are encouraged to meet the bus at their child(s) designated stop to allow for orderly delivery of all students. Parents are discouraged from meeting the bus at other locations other than the designated stop.

BUS ACCIDENTS

Most bus accidents are minor in nature. The bus driver will notify the Transportation office and an administrator will respond to the scene. All students are required by law to remain with the bus and cannot leave with parents until they are released by authorities. Parents are expected to cooperate with staff. Law enforcement and emergency personnel each have important actions to complete to ensure that each student rider is safe and properly accounted for. The school will be notified in the event of an accident. In the event of a serious accident, every attempt will be made to notify the parents/guardians as soon as possible.

EMERGENCY EQUIPMENT

School buses are equipped with standard emergency equipment such as a fire extinguisher, reflective triangles, blood borne pathogens spill kit, first aid kit and a seat belt cutter.

Emergency windows, doors and roof hatches are equipped to make a buzzing sound to alert the driver if students lift one of those handles. Students who sit by these windows or doors are not permitted to lift the red handles or open these exits at any time unless the driver is evacuating the bus or the students are being trained on emergency evacuation. Students who tamper with these exits may lose their riding privileges

EMERGENCY EVACUATION

Emergency evacuation drills are conducted twice during the school year. Bus drivers have been trained to take actions to protect all students.

Students are to stay calm and quiet. Listen to instructions from the driver and follow the driver's instructions.

The following procedure is an example of a rear door evacuation:

- The rider nearest the door will open the emergency door, pushing it back to lock it in the open position. The student will then exit the bus and stand by the door to assist other students as they exit.
- The second rider nearest to the door will exit and assist the first rider in helping other students exit the bus.
- Evacuation will start with the seat closest to the door
- The third rider to exit will act as the guide and will lead the other students to a safe place, usually 50 giant steps away from the bus
- Once outside the bus, follow the guide, stay together, and follow the driver's instructions as safe, quick, and as complete as possible
- The driver is usually the last person off the school bus

The driver is trained to evacuate the bus if an emergency is present. The driver will assess the situation and make a decision to evacuate or keep the students on the bus.

SPECIAL NEEDS TRANSPORTATION

STUDENTS ATTENDING AS NON-RESIDENTIAL MISSION VALLEY USD #330

Out of district students that have been approved to attend Mission Valley USD #330 Schools, Transportation is the responsibility of the student's family. A student may be permitted to receive transportation services if they meet the bus on the established route at a stop to be determined by the Transportation Director when the bus begins/ends the daily route. The bus stop location will not alter the existing route either at the time of initial approval or as a part of future designs of transportation routing. If wanting picked up at an established designated stop in our district, the parent/guardian of the out of district students will need to make arrangements and get permission from the family or property owner in regards to picking up/dropping off the student(s).

STUDENTS REQUESTING TO RIDE A DIFFERENT BUS HOME OR TO SCHOOL WITH A FRIEND OR TO ANOTHER LOCATION

Buses are assigned to routes based on the number of riders on the route. USD #330 Mission Valley procedure is: **One Pick-up – One Drop-off**. Regular bus students will not be released off the bus at any places other than the regular bus stop or at school, unless there is an emergency and authorization from the principal or Transportation Director has been obtained after a written or a verbal request is provided by the parent/guardian(s). These requests should be limited and made to the Transportation Director by 2:30 pm. In the event a bus does not have the capacity to accommodate all the riders, students who are assigned to that bus route will have priority.

STEPS TO STUDENT CONSEQUENCES FOR RIDER BEHAVIOR

The following Discipline Plan was designed to give the students of Mission Valley USD #330 riding the school bus the safe transportation they deserve. It is believed that all students can behave appropriately and safely while riding on a school bus. Behavior that keeps a driver from performing their duties and keeping the students safe will not be tolerated. Safety is in the drivers hands and that is their utmost priority.

OUR BUS COURTESY AND SAFETY RULES ARE POSTED ON EACH BUS:

- Obey, respect and do not distract the bus driver
- No swearing or rude gestures
- No horseplay or bothering others
- No bullying, fighting or cruel teasing
- No vandalism

- No tobacco, alcohol or weapons on bus
- No throwing of objects inside or out of bus
- No live animals (snakes, worms, bugs, etc) from home or school.
- Place trash in waste basket, not in seat or the floor.
- Feet should never be in or on the seats.

Bus rules will be posted on the bus and handed out to each student at the beginning of school.

It is the responsibility of the bus driver to handle the problem when one occurs by talking to students or moving to a different seat. If a student persists in breaking a rule, the steps below will be taken to resolve the problem.

The Principal may suspend or revoke the transportation privilege or entitlement of any student that exhibits a behavior in which immediate consequences are necessary.

Step 1: Each student will be given an opportunity to correct or change their behavior with a verbal warning from the driver.

Step 2: Failure to correct the behavior will result in a written warning from the driver and initiate a call to the Parents/Guardians. If the Parent/Guardian is not able to be reached, the driver will speak with the Principal.

Step 3: If similar behavior continues, the driver will report the activity on a second written warning. The Principal will determine the appropriate bus suspension/consequences at the school. The school is responsible for notifying the home, the bus driver and the Transportation Director regarding suspensions/consequences.

Step 4: If similar behavior continues, bus riding privileges could be revoked for a determined amount of time or the remainder of the school year and transporting will become the parent/guardian's responsibility.
