

CCS Enrollment Forms Online

Tired of filling out multiple enrollment forms? Now parents can complete that paperwork online! Coshocton City Schools has moved to an online system for enrollment

Parents of returning students can update existing information online, including addresses, contact numbers, emergency medical forms, and emergency dismissal forms. More than one student...no problem! Parents can link all students in one family to one account. Parents should watch for a letter in the mail that contains all of the necessary information to set up an account. Open labs will be held at Coshocton High School and Coshocton Elementary School. Parents can also access a computer, or enrollment kiosk, at the Board of Education office at 1207 Cambridge Road in Coshocton.

New? No problem! Parents of new students can begin the enrollment process online, but will need to wait for approval from the district via email before the process can be completed. However, parents will still need to provide the district with copies of the following records: birth certificate, social security card, immunization records, custody paperwork (as applicable), and gifted or special education records.
