Welcome to High School

You have begun your career as a High School student! Hopefully, your first week has gone smoothly and you are beginning to get into the groove of high school. As the year progresses, you will continue to have new experiences and be faced with challenges.

Getting off to a good start in your classes can help set the tone for your high school career. It is important for you to take your school work seriously and develop a school routine that works for you. Remember, each class you take counts for credit and you will need 28 credits to graduate.

The School Counseling Department is here to assist you in being successful in school, at home, and to help you prepare for your future. Stop in anytime.

Test Taking Strategies

- Prepare early
 - Treat every class as preparation for tests
 - Preparing begins first day
- Study after class
 - Review your notes
 - Make your own study guide
- Ask teacher what format the test will be
- Study hints - your teacher is your best resource. Before answering a single test question, read the directions
- Beware of time limits
- Read all of the answers before selecting one
- Make sure an essay answers the question
- Quality not quantity
