## Daily Temperature Check and Health Screening Questionnaire

All students and staff members **MUST** complete the daily temperature screening and health questionnaire **PRIOR** to arriving at your school/district facility. This individual remote procedure does **NOT** require a formal report to be sent to the district.

First complete a personal health screening of symptoms, including a temperature check. Then answer the following questions. If any staff, student, staff member or parent answers **YES** to any of the below questions, he/she must **remain home and NOT report to the District.**

1. Have you (for staff) or your child (for parents) experienced symptoms of COVID-19, such as a fever (temp of 100°F or above) or chills, muscle or body aches, cough, shortness of breath or difficulty breathing, fatigue, headache, sore throat, nasal congestion or runny nose, nausea or vomiting, diarrhea, or new loss of taste and/or smell in the past 10 days?
2. Do you (for staff) or your child (for parents) have a temperature 100 degrees Fahrenheit or greater today?
3. Have you or your child tested positive for COVID-19 in the past 10 days?
4. Have you or your child had contact with anyone confirmed or suspected of having COVID-19 in the past 10 days?

If you answered **"NO" to ALL** of these questions, please arrive at your school and fully participate in your daily activities.

If you answered **"YES" to ANY question**, you **MUST**:

- Remain home and do NOT report to school
- Contact your school to report your absence using normal protocols
- Contact your physician to report your condition and concern
