

The 1st Application requires payment at the time of signing up for classes: <https://apply.mtaloy.edu/register/dualenrollment> Depending on how you work with the students, this is intended for the individual students to sign up.

The 2nd Application does not require a payment to register and payment can be submitted at a later date either by check or calling with a CC: https://apply.mtaloy.edu/register/dualenrollment_np We would prefer this form only be used by the schools who are making the payment for the students. Registration will still need to be made for each individual student.

The deadline for all to sign up is Wednesday, September 30th. If you foresee any issues with this, please let me know.
