

Senate Bill 319 "Reading Law"

- Assessments of students in grades 3-6 to determine their reading levels
- Individualized "Reading Improvement Plans" for students in grades 4-6 who are substantially below grade level in reading
- Additional reading instruction for students with Reading Improvement Plans
- Retention of students in grade 4 if they are reading below the 3rd grade level (Several exceptions to this requirement are specified in the law.)

Schoolwide Title I program

A Schoolwide Title I program is a comprehensive reform strategy designed to ensure that ALL students, particularly those who are low-achieving, demonstrate proficient and advanced levels of achievement on State Assessments.

A schoolwide program uses its federal Title I funding to upgrade the entire education program of the school in order to raise academic achievement for ALL students.

This schoolwide reform strategy requires that a school:

- Conduct a comprehensive needs assessment
- Identify and commit to specific goals and strategies that address those needs
- Create a comprehensive plan
- Conduct an annual review of the effectiveness of the schoolwide program and revise the plan as necessary
