Mission Statement

Winning is our Goal, but the Purpose of the educational-based athletic experience at Green Local Schools will be defined by choosing to intentionally transform the lives of our student-athletes in a positive manner that enhances both their personal growth and overall educational experience.

Message to Student Athletes and their Parents/Guardians

You are receiving this handbook because you have indicated a desire to participate in the interscholastic athletic program offered at Green High School. We hope your experiences will be positive and educational. We believe that participation in sports provides a wealth of opportunities and experiences that assist students in personal growth and development.

We believe that a well-organized sports program meets students' needs for leadership opportunities, self-expression, mental alertness, and physical growth. It is our hope to provide a program that will further the growth of our student athletes.

Likewise, we believe that you have committed yourselves to certain responsibilities and obligations as a parent or guardian of a student athlete. We would like to take this opportunity to acquaint you with specific policies and rules that govern our athletic programs. These policies and rules need community awareness and support to be fully effective. This is achieved only through communication between student athletes, their parents/guardians, the athletic department, and district/building administration. It is our hope to support this objective through this athletic handbook.

Yours in Scholarship and Sportsmanship,
Green Local Athletics and Administration

- Parents/Guardians are not to engage the Coach or Athletic Director on topics of strategy or playing time
- Parents/Guardians will not approach the Coach for a conference before, during, or within 24 hours of a contest or during practice.
- Parents/Guardians should remember that student-athletes are playing these sports for their enjoyment; not to entertain you.
- Parents/Guardians will treat officials and opponents as guest of Green Local Schools thereby showing them respect even when they disagree with a decision.
- Parents/Guardians will refrain from using inappropriate (obscene) language while attending athletic events.

Expectations for Coaches

- Coaches shall treat all athletes with respect.
- Coaches shall refrain from using inappropriate (obscene) language with an athlete.
- Coaches shall keep an open line of communication with their athletes and may be approached by the athlete on topics of playing time and skill improvement plans.
- Coaches shall provide athletes with practice times and changes as necessary and establish communication procedures with their athletes.

Scholastic Eligibility for Athletes

Green Jr. High student-athletes must meet eligibility requirements as established by the OHSAA (Ohio High School Athletic Association). This requires the student to pass 75% of all subjects taken in each grading period (9-weeks). As an example, if a student took six classes in a grading period, he or she would have to pass five to be eligible (passing five classes is 83%; passing four classes is 67%),

Green High School student-athletes must be currently enrolled in school and have received passing grades in a minimum of five, 1-credit courses, or the equivalent, in the immediately preceding grading period. This means Green High School students need to be enrolled and received passing grades with a minimum of 5 credits or the equivalent thereof. Please keep in mind that physical education courses are only ¼ credit.

The constitution and rules of the OHSAA must be followed by all student-athletes at Green High School. The principal of the school, working through the athletic director, is responsible to see that these rules are strictly enforced. Copies of the constitution and rules are available from the athletic director.

Before any student will be allowed to participate in tryouts, practices, scrimmages, or contests, proof of a physical, parent signature on the Concussion Information Sheet, and parent signature on the Sudden Cardiac Arrest/Lindsay's Law information sheet must be on-file with the High School Office. If these items are not provided, the student will be denied participation.

For eligibility purposes, summer school grades may not be used to substitute for failing grades received and final grading period of the regular school year or for lack of enough subjects taken the preceding grading period.

Costs

The athletic department tries to keep costs to a minimum; however, athletes may need to provide their own shoes, etc. If an athlete cannot meet a financial responsibility, the coach and/or athletic director should be notified. They will seek an alternative method of funding the purchase. All requests for financial assistance will be confidential. A student will never be kept from participating because of a lack of finances.

Section 4: Code of Conduct for Student Athletes

All student athletes will abide by the rules outlined in the Green Local Schools District Student Handbook while participating in school sports. Failure to do so can lead to discipline outlined in the Student Handbook. Student Athletes are also expected to abide by the rules set forth by their coaches. Coaches have the authority to discipline student athletes as outlined in their specific sport handbook. However, in extreme circumstances, building and/or district level administration will collaborate with coaches to determine appropriate discipline. Reports of Students are also expected to demonstrate sportsmanship as outlined in the *Respect the Game* Sportsmanship Guide provided by the Ohio High School Athletic Association and listed below.

The terms “inappropriate behavior” includes, but is not limited to: fighting, cursing, arguing with teammates and/or opponents, engaging in hazing/initiations, intimidating/threatening behavior, trash talking, not following instructions (given by the coaches and/or officials), missing practices, games and other mandatory events without an excuse, failing or declining grades and any other behavior that the coach/administration deems inappropriate.

The term “discipline” refers to receiving demerits, running laps/grass drills/suicides, removed from a game by the coach, benched during a game, ejected from a game, suspended from games, dismissed from the team or any other form of discipline determined by the coach/administration.

Examples of Coaches’ Discretion	Examples of Administrative Intervention
missing/late for practice, cursing, not following coaches’ or officials’ instructions, trash talking, arguing with a teammate	fighting (physical altercation), hazing/initiations, bullying/intimidating/threatening behavior, incidents involving drugs or alcohol, incidents involving weapons, failing/declining grades

Expectations of Student Athletes:

Accept and understand the seriousness of your responsibility and the privilege of representing the school and the community. Participation in school sponsored

sports is a privilege not a right. This privilege can be lost due to inappropriate behavior.

It is our expectation that student athletes not quit any sport. However, if a student athlete does quit a sport, they will not be permitted to attend an open gym of another sport until the season (of the sport in which they quit) has ended.

Learn and play by the rules of the game.

Treat opponents the way you would like to be treated; as a guest or a friend.

Wish opponents good luck before the game and congratulate/"good game" them in a sincere manner following either victory or defeat.

Respect the integrity and judgment of game officials. Arguing with officials will not be tolerated and can lead to ejection from the current game and/or suspension from subsequent games.

Do not participate in hazing/initiation, taunting, trash talking or making any kind of derogatory remarks to your opponents during the games, especially comments of ethnic, racial or sexual nature. This can lead to discipline.

Do not participate in intimidating behavior. This can lead to discipline.

Control your temper. Fighting will lead to discipline.

Do your best to be a true team player.

Acknowledge all good plays or performances by both your teammates and your opponents.

Remember that winning isn't everything. Having fun, improving your skills, making friends and doing your best are also important.

Win with humility and lose with grace and do both with dignity. Avoid excessive celebrating after a play or at the end of the game.

Remember that coaches and officials are there to help you. Accept their decisions, show them respect and understand they have given their time to be with you.

Playing Time

There is no guarantee on any amount of playing time. As athletes move through the program there could be very limited playing time given. The coaches determine who plays and how long, based on ability, practice, rules and desires. When there is a question about playing time the athlete should speak with the coach. It is important to reinforce with your athlete that his / her contribution to the team is just as important regardless of the amount of his or her playing time.

Section 5: Athletic Eligibility

Athletic eligibility guidelines are determined by the OHSAA, not the school.

An athletic eligibility guideline form is to be given to each student athlete at the first information meeting conducted by the coach before the season starts.

Each coach/activity sponsor is responsible for obtaining this information from the principal (regarding eligibility or ineligibility), as to the student's playing status for a particular sport season.

Coaches/activity sponsors are not to attempt to influence the grades of student athletes by pressuring teachers to give extra work or to change the grade outright.

The High School Principal, or designee, will provide an eligibility list to each coach/activity sponsor via in-office mailbox, email, etc.

It is the responsibility of the coach/activity sponsor to communicate with the High School Principal and/or Athletic Director on a regular basis.

Athletes who do not meet the academic eligibility requirements set by the OHSAA will be ineligible for the grading period. The head coach will determine what is in the best interest of the team and student-athlete by choosing to dismiss the student-athlete or allowing them to remain on the team as a practice-only participant. This decision should be reported immediately to the principal and athletic director.

Section 6: Physical Forms

No student shall be eligible to compete in any interscholastic game or practice until he/she has filed with the high school principal/athletic director a physical form.

The form must be completed by a physician and signed and dated by the parent or guardian of the student.

Section 7: Emergency Medical Forms

Any student who wishes to participate in any interscholastic event must have completed an emergency medical form by a parent or a guardian.

The head coach or sponsor is responsible to have, at all times, emergency medical forms at any athletic or non-athletic activity.

In the event an accident occurs at a practice, scheduled event or any other interscholastic activity, the supervising individual shall attempt to seek medical assistance, and/or perform emergency first aid, depending on the nature of the accident or injury.

No treatment beyond first aid shall be given.

No medication, including aspirin, will be administered.

Any accident or a student requiring medical attention shall be termed an emergency. The following steps shall be utilized, as deemed appropriate, by the nature of the emergency. They are not listed in recommended sequence:

Contact parent or guardian and follow their instructions.

Contact the local rescue squad or an ambulance service for assistance.

Notify the family physician, if possible.

Any school employee may make, or designate someone else to make, an emergency call if necessary. The individual shall also have a list of emergency contact numbers.

An accident form must be completed by the head coach (or supervising individual) and filed in the principal's office.

Section 8: Insurance and Payment of Medical Expenses

The Green Local Board of Education carries a Blanket Sports Coverage Insurance for students participating in interscholastic sports programs provided by the school district.

The insurance also covers band and off-season conditioning.

This coverage is written on the excess basis, which means any family or employee group insurance or plan must contribute its maximum first before this coverage has any liability.

Information regarding the plan: The student is protected while attending regular school sessions or while participating in or attending covered activities exclusively organized, sponsored and solely supervised by school employees. This includes travel directly to and from the activity in a vehicle furnished by the school and supervised solely by school employees. Spectator coverage for away sporting events is not covered. The student is covered while engaged in sports. Insurance DOES NOT COVER pre-season conditioning or sports camps. Any pre-season practice must be sanctioned and approved by the State Athletic Association.

Benefits: \$5,000 Maximum Benefit per occurrence, \$0 Deductible, Reasonable and Customary paid for covered charges, Excess Coverage of any other Valid and Collectible Insurance, No Sickness Coverage, 100% participation, Includes Coverage for Sports and Activities Exclusively Organized and Sanctioned by the School, Interscholastic Tackle Football coverage, Loss of either one eye, one hand or one foot-\$2,500, Loss of any combination of hand, feet or eyes -\$5,000, Loss of life - \$5,000

The plan will pay medical expenses of a covered accident provided the expense begins within 30 days of the accident and is incurred within 52 weeks from the date of the accident. Loss must result directly and independently of all other causes. Benefits provided by this plan are payable for the medically necessary reasonable and customary expense actually incurred by the covered person while the policy is in force for any one covered accident.

Covered Expenses: Local professional ambulance service to or from the nearest hospital and/or surgical center; treatments, services and supplies provided or supplied by a doctor; hospital or surgical care center; physical therapy provided by a licensed professional; nursing care provided by a licensed nurse; x-ray and lab examinations; inpatient prescription drugs and therapeutic services and supplies; dental treatment as a result of injury to sound, natural teeth-up to \$200 per tooth; licensed home health- care

agency services and supplies provided instead of an otherwise required hospital confinement.

Underwriter: GTL – Guarantee Trust Life, Student Accident Division, 1275 Milwaukee Ave, Glenview, Illinois, 60025

Section 9: Transportation of Athletes and Athletic Teams

Teams shall travel to and from all events only by authorized transportation, as arranged by the administration.

Only students that are of school age shall ride buses to and from athletic contests.

If use of cars, vans or chartered buses becomes necessary, approval must be sought first by the administration before scheduling.

Head coaches will complete a bus schedule that includes the date and leave times for all away athletic contests and turn it into the board secretary 3 weeks prior to the first athletic contest.

At least one coach or sponsor from each team/group shall be present at least 30 minutes prior to departure, and accompany teams on the buses while on the trip. That coach or sponsor must have hard copies of the Emergency Medical Forms.

At the conclusion of a scheduled event, a coach or sponsor shall remain with all students until each individual has departed school grounds.

The same shall also be regarding home games/activities.

Student athletes may return with parents/guardians or other approved persons if parents submit in writing a request to the High School Principal not less than 24 hours prior to the scheduled event. In an emergency situation, the coach may grant on-site approval.

In the event that two teams are playing away at the same location *and if within bus capacity*, only one bus shall be used to transport both teams. This is a money-saving measure.

Coaches are only permitted to transport a student athlete in a personal vehicle if expressed written permission is submitted by the parent/guardian. If an emergency situation arises, the coach is to notify the athletic director, high school principal, or superintendent for guidance.

Section 10: Athletic Schedules

It is the responsibility of the head coach to coordinate with the athletic director to make the schedule for his/her sport.

Athletic schedules for the next year are to be submitted no later than 90 days before the first scheduled event.

A head coach may create an athletic event if he/she coordinates it with the athletic director.

The athletic director may create an athletic event if he/she coordinates it with the head coach.

A coach may change a scheduled event if he/she coordinates it with the athletic director.

The athletic director may change a scheduled event if he/she coordinates it with the head coach.

If a coach fails to complete the schedule for the next season before the deadline given to him/her by the athletic director and/or principal, then the athletic director and/or principal will complete the schedule at his/her own direction with no input from the coach.

Section 11: Use of Building and Grounds

All persons planning to use the building or school grounds must seek prior approval by the administration and facilities director before scheduling events.

It is the responsibility of coaches and supervising individuals to take care of the grounds and facilities when they are in use.

Coaches in the building past 8:15 PM on a school day are responsible for turning off lights, checking showers and locker rooms, and locking the building.

At no time are any doors to the building to be propped open. All doors are to remain closed at all times. Failure to comply could result in disciplinary actions and/or the loss of privileges by an individual or team.

Coaches should also supervise the organization and cleanliness of locker rooms and playing/practice areas.

The locker room area is to be kept clean and orderly on a daily basis.

Failure to observe and oversee care when using the building facilities within the building or grounds itself could result in disciplinary actions and/or the loss of such privileges by an individual or team.

No person, who is not an approved coach or employee of Green Local Schools, shall have keys to any locks on the premises.

Coaches must complete a key request form prior to requesting keys. The form must be signed by the High School Principal before being turned into the maintenance supervisor.

Coaches and sponsors are to ensure the grounds they use are clean when their activity is complete. The gym floor is to be swept before and after each practice/event.

Section 12: Weight Training

It shall be the policy of Green Local Schools, and the High School Athletic Department, to encourage the safe and proper use of weights within the scope of the total athletic department.

It has long been established that safe and proper training with weights can enhance athletic performance; the central theme behind the policy at Green is the best possible results with a maximum amount of safety.

The Athletic Director will coordinate with coaches to approve and post weight room schedules. The Athletic Director will add the weight room schedule to FMX.

The Athletic Director will monitor the weight room and perform periodic walk-throughs to ensure compliance of all safety protocols.

No athlete shall train alone; a coach must supervise all work-out sessions scheduled.

Each athlete must use a spotter at each station.

Athletes must never train alone.

Athletes should be instructed in the proper techniques of each exercise.

Coaches should never train with their athletes.

Athletes should be informed of the dangers involved with the proper use of weights.

Teams training for in-season sports should be given the first priority as to the training times.

The weight room should be kept neat, clean and orderly.

Horseplay must never be permitted.

Any violation of the above rules may result in a team or individual losing their weight room privileges by directive of the team's head coach and the building principal.

Section 13: Communication between Parents & Coaches/Activity Sponsors

Coaches/activity sponsors are under no obligation to discuss playing time with the parents of the athletes/participants.

Coaches/activity sponsors are under no obligation to discuss game entry with the parents of the athletes/participants.

Coaches/activity sponsors are required to communicate practice times, game schedules and bus departure times with the parents of the athletes/participants.

No coach/activity sponsor shall be verbally abusive toward a parent.

No parent shall be verbally abusive toward a coach/activity sponsor.

Coaches/activity sponsors are not to discuss matters with parents/guardians that involve athletes that are not the children of said parents/guardians.

Parents, guardians and general spectators are not to communicate with a coach during a game.

Parents, guardians and general spectators are not permitted on the sidelines, bench or dugout of any game.

Coaches/sponsors are expected to meet with parents who request a conference related to violations of school policy or rules set forth in the athletic manual.

Absolutely no form of retaliation shall be used against a student as a result of a parent/coach interaction.

Section 14: CONFLICT RESOLUTION

If a parent/guardian has an issue with a coach, that does not involve playing time, game entry or play calling, then the parent/guardian is to work toward a resolution with the coach. If a resolution cannot be obtained, then the following actions will serve as the Conflict Resolution process. The administration will collaborate with parents/guardians and coaches to ensure that a resolution is reached.

The parent/guardian will fill out a Conflict Resolution for (found in the Table of Forms) and submit it to the athletic director at Green High School by mail or by

submitting it in the high school office. The form may not be delivered to the athletic director's classroom or home.

Anonymous complaints may not be able to be fully investigated.

All complaints (including anonymous complaints) must be documented on the Conflict Resolution form.

All complaints (with the exception of those involving playing time) will be addressed; however, district personnel will not discuss students with a person who is not that student's parent or guardian.

Once a valid Conflict Resolution form has been received, the athletic director will review it and speak with the coach/activity sponsor in question. Depending on the nature of the complaint, the report may be forwarded to the Title IX Coordinator, building principal, superintendent, or law enforcement.

If it is determined the coach has violated an athletic manual policy or other school policy, then corrective action will be made with the coach. If not athletic manual policy or other school policy has been violated, then the complainant will be notified that the issue has now ended and will be given an explanation as to why.

If the complainant is not satisfied with the result, then he/she may appeal to the high school principal, who will review the complaint and make a decision. If the high school principal deems no policy has been violated, then he/she will contact the complainant to give an explanation as to why. If the high school principal deems that a policy has been violated, then corrective action will be made with the coach.

If the complainant is not satisfied with the result from the high school principal, then he/she may appeal to the superintendent, who will review the complaint and make a decision. If the superintendent deems no policy has been violated, then he/she will contact the complainant to give an explanation as to why. If the superintendent deems that a policy has been violated, then corrective action will be made with the coach.

If the complainant is not satisfied with the result from the superintendent, then he/she may appeal to the Board of Education at a regularly scheduled meeting. In order to do such, the complainant must ask the superintendent to be put on the agenda for said meeting. Since an issue with a coach is a personnel matter, then the issue may not be discussed openly in the meeting and the matter will likely be discussed in an executive session. When in executive session, the complainant may

only discuss an issue that pertains to his/her child and not the athletic program or sport in general (which is clearly outlined in Ohio school law).

This conflict resolution process in no way, shape or form supersedes Ohio law when it comes to the reporting of child abuse or sexual abuse of students. If a person has evidence of such a crime, they are obligated to report it to the local Children's Service agency.

If a student makes an informal complaint to a school employee about any kind of abuse that he/she has allegedly suffered, then it is that employee's responsibility to contact Child Protective Services: (740) 456-4164.

Section 15: Unruly Spectators

The Green Local Schools will not tolerate any unruly behavior at athletic events.

Any spectator, regardless of any affiliation with the school, who threatens violence against a coach, player or fellow spectator, will be immediately removed from the event.

The Green Local Schools will not tolerate the use of alcohol and/or drugs at athletic events.

Any spectator, regardless of any affiliation with the school, who uses drugs or alcohol at an athletic event, will be immediately removed from the event.

The Green Local Schools will not tolerate the verbal abuse of coaches, players and officials at athletic events.

Any spectator, regardless of any affiliation with the school, who verbally abuses a coach, player or official, will be immediately removed from the event.

Follow-Up After Immediate Removal from an Event:

- **The offending spectator will not be allowed to attend the next home game.**
- **If another violation occurs (during any event for the rest of that school year), then the offending spectator will be banned from all athletic events for one calendar year from the date of the qualifying offense.**
- **Administration reserves the option to discuss the issue with the spectator before banning him/her for the next calendar year.**

Section 16: SOC and District Passes for Coaches and Administrators

SOC passes are given to the school by the SOC Secretary Treasurer for use by coaches and administrators.

The athletic director will distribute SOC passes to all coaches in such a manner that each current sport will have a fair share.

Coaches may give passes to someone for the purpose of scouting another opponent.

Coaches may not give passes to friends for the purpose of entering a Green home athletic event.

District passes are given to the school by the Southeast District Board. These passes have the name of the holder on it.

Coaches are not to give their district pass to anyone.

Any person holding a district pass, which does not have their own name on it, will not, be granted free admission to a tournament game hosted by Green.

Section 17: Social Media

Social media can be a useful tool to communicate with teammates, fans, friends, coaches, and more. Social media can also be dangerous if you are not careful. Every picture, link, quote, tweet, status, or post that you or your friends put online is forever part of your digital footprint. As a result, student-athletes are required to read, discuss, and sign the Student-Athlete Social Media Agreement provided at the end of this handbook.

Note: All coaches will be required to sign a comparable form tailored to their position.

CHEERLEADING GUIDELINES

~ Being a cheerleader is a privilege not a right! ~

Once selected for the squad, it is your obligation to attend all practices. When one member is absent, it can keep the team from achieving their goals for that practice. The definition of a team is a number of people that are associated together in work or activity; a cooperatively functioning group. We cannot function cooperatively without your attendance and your commitment.

- Attendance at established events is required of cheerleaders. If a cheerleader is unable to attend an assigned activity, the advisors must be notified in advance of the absence with written verification provided. Students with unexcused absences from cheerleading events (including practices) are subject to penalties and restrictions.
- Each cheerleader must attend school the day of the game or they will not be permitted to cheer.
- Each cheerleader must notify the coach, **not a fellow cheerleader**, prior to the activity if an absence cannot be avoided. *(1)*
- Any activity in which the cheerleaders are expected to attend, whether school is in session or not, will result in being benched or another type of discipline if not attended.

CAMP:

- Summer camp is **MANDATORY** as part of the cheerleading training process. Only in case of emergency will a cheerleader be excused from attending this camp. The cheerleading coach will determine if a cheerleader may be excused. Missing camp will result in missed cheerleading activities. (*Benched 2 games*)
- Camp fees are the responsibility of the cheerleaders. **Any camp expenses not raised through fundraising efforts are the responsibility of the cheerleader.**
- The cheerleading coach will attend the camp with the cheerleaders.

DISCIPLINARY ACTION:

It shall be squad policy that disciplinary action will only be invoked as a last resort, and that every reasonable attempt will be made to avoid situations likely to lead to such action through squad discussion and positive encouragement, by example, and by finding ways and means to correct negative trends. Disciplinary action will be given for every violation to the listed game rules, practice rules and/or squad rules.

Transportation: (See Section 9) Parents must be waiting on the cheerleader when activities are dismissed.

Physical Examination: Each candidate must pass a physical examination before the cheerleading year begins. It is mandatory by the Ohio High School Athletic Association that all students participating in any sports program have a physical each year.

Voluntarily Quitting the Squad: If a cheerleader voluntarily quits the squad of her/his own accord at any time during the cheerleading year, she/he will not be able to attend open gyms of a new sport for the following season. You will not be permitted to sit with parents, friends or use your cell phone during the game.

**The Coach and/or Administration will handle any situation not covered, with whatever action seems necessary.*

VACATIONS AND FUNDRAISING:

If a fundraiser takes place while a cheerleader is on vacation, the cheerleader is expected to replace their share of money, time, energy and effort. It is not the responsibility of the squad to pull 1 or more cheerleaders share of the work. Cheerleaders are expected to participate in all fundraising. The coach will ask for vacation dates so that they can, to the best of their ability, schedule camp around vacations. The coach will also give cheerleaders and their parents the date(s) as soon as possible so vacations can be scheduled around camp. Teamwork is Best!! It is expected that all cheerleaders will give 100 percent.

FINANCIAL OBLIGATIONS:

Cheerleading is an expensive sport and each cheerleader must be able to pay for the financial obligations entailed. Uniforms: All uniform items (camp wear, shoes, socks, tights, bows, crop tops) will be purchased by each cheerleader.
