Dear Parents

At the August 27th Board of Education Meeting, the School Board, and District Administration discussed the current school schedule and how to better meet the needs of all learners.

The decision was made to make Fridays for the remainder of the first quarter remote learning days. Students will not be in attendance on Fridays for the remaining of the first quarter starting on Friday, September 4th, 2020. Monday through Thursday will remain 2:00 p.m. dismissals for students.

Early next week, we will put out information on how we will take attendance and what Fridays will look like for students.

The community of Galatia has gone above and beyond to support their schools over the years. Now more than ever we need the continued support of the community as we navigate this very challenging time.

Please watch for notifications concerning Fridays from the website, school app, and your child's teachers at the first of the week.

Sincerely  
Galatia Schools
