Responsible Use and Safety Agreement

The Marysville School District provides and assigns students in grades 6 - 12 a Chromebook or laptop computer for use at school and at home as a means to promote achievement and provide learning opportunities. In light of COVID-19, and the necessity for distance education, the 1:1 Chromebook program will be extended to include all K - 5 students enrolled in the Marysville School District until in-person instruction resumes. Each student who is issued a Chromebook from the Marysville School District must have a signed "Responsible Use and Safety Agreement" on file. The agreement will be mailed to all families next week and available at your child's school during distribution times below.
