## Welcome Back to School 2020-2021

Spring of 2020 has challenged educators to find a new normal for learning, connected us in new ways and required our champions to champion from afar. As we continue in the process of navigating this uncharted course, we are here to assist you. Please take a moment to complete the short needs [survey](#) so we can best serve you throughout the school year. Thank you for all you do to ensure that all students are growing in character and learning!

## Check It Out!

### [Fall Arkansas Science Teachers Association Virtual Conference](#)

Join us for the [Fall Arkansas Science Teachers Association Virtual Conference](#)

K-6 strand Thursday, October 8, from 4-7 p.m

7-12 + college strand will be Saturday, October 10, from 9am.-12 pm

**"Spotlight on Student Learning: National Board Style"** - a Panel of National Board teachers in Physics, Math, Chemistry, & Biology will share how to increase student learning through National Board measures. Led by Susan Allison

**"Spotlight on Superscore Science & Math ACT!"** helps and tips for teachers to guide students into their best ACT. Led by Susan Allison & Corey Boby

These and other sessions will be offered during the [Fall Arkansas Science Teachers Association Virtual Conference](#) - Don't miss out on this great virtual learning conference, register today!

## Meet the New Science Specialist - Susan Allison

So excited to be here! I have taught AP/Chem, AP/ Physics and Biology over 13 years. My favorite part of teaching is Experimentation. This summer I was an AP Reader for Physics. It gave me a much clearer picture of argumentative writing and its importance in Science. I have been teaching at Benton High School, a 6A the last 8 years. I graduated from Clinton High, a 2A school in central Arkansas. I want to provide resources and support to *all of our schools!*

I taught using Keynote, PowerPoint, Newslea, EdPuzzle, Edulastic, Kahoot!, Quizziz, Hour of Code for STEM, Vernier, POGILS, and my favorite-LABS! Back to School Labs were:

**["The Milk Lab"](#) & ["% Sugar in Gum"](#)**

Email me if you want a copy of it! Wish you *all* the best! You may contact me anytime day or night...
