

# ZOOM ETIQUETTE

The Dos and Don'ts of Our Virtual Classrooms

## DO

### Turn off TV and music

The quieter the background is, the better the teacher can hear you and understand you.

### Wear school appropriate clothes

The more put together you look, the better you feel and perform. No pajamas, inappropriate logos, or hats/hoods.

### Let your teacher know if there are problems

## DO

### Follow the teacher's "mute" button rules

If you are muted, make sure you can easily and quickly unmute yourself to answer/ask questions.

### Ask questions & participate

### Keep the camera steady & on your face

### Pay attention

## DON'T

### Eat or drink

It makes a lot of noise and is distracting to others.

### Play with pets and siblings

We know they are so cute, but you have lots of work to do and they can be a distraction to you and others.

## DON'T

### Join the class late

You'll miss the instruction! It's also distracting when people show up in the middle of a lesson/lecture. We understand that sometimes things happen-that's ok. Do your best to be ON TIME!

### Come to class unprepared

Have your textbooks, paper, writing utensils and other class materials easily accessible-just like in class.
