#### COVID Protocols

- Students should carry their materials for at least a couple of classes in drawstring bags to reduce the number of times they have to go to their locker in a day.
- Students should not waste time in the hallways to help with social distancing.
- **Office visits must be reduced this year.** If you are not feeling well, your teacher will notify the office. Simply sit on the slab outside of the office, and someone will be out to see you. If your need for the office is not urgent, simply email Mrs. Owens or Mrs. Shinn through the link in Echo, and they'll get back to you.
- Bathrooms are limited to 3 students at a time, if the bathroom is at capacity, simply wait outside of the bathroom off to the side. If a group starts to form, simply walk to class, tell your teacher, and go back to the bathroom.
- The office, BSC, and library also have capacity limits. If a room is at capacity, simply knock, and wait patiently in the hall until someone comes to get you.
- Masks can be taken off when outside for recess, IF you can social distance. Students who play football or basketball with others must still wear their mask.

Have a great day, Mustangs.
