Internet-

Our primary wing is experiencing some technical difficulties with the Internet. Our IT guy is on it. Teachers may need to switch to google meets for classes. Reports are that there may be less problems associated with that platform. If you have any problems or concerns, please reach out to the teachers. Communication is super important during these interesting times.

ALMA

We are currently in the process of migrating to a new student information system. This may explain why you may have missed some important information over the past month. You should have received an email from ALMA to activate your account. If you did not receive this email. Please email Randi at randi.scott@butteville.k12.ca.us and she will resend you an activation link. We will still send out bulletins and notifications through text and Facebook, but there will also be a significant amount of correspondence generated through ALMA, that will be distributed through email. Please make sure we have your current email address on file to avoid missing out on important communications from the teachers and office.

All first day packet forms have been uploaded to ALMA. These forms are an electronic version of the dreaded first day packet forms, that you all have grown to love over the past years. There will be a link sent out with institutions on how to connect your accounts. ALL forms must be completed. The lunch application is included in the electronic forms. If you are unable to upload it, please print it and fill it out. Then scan and email it back to Randi, or mail to the school at 24512 Edgewood Rd. Weed, CA 96094.

Yearbooks

We still have a few yearbooks from last year. If you would like to buy a copy, please email Nina at nina.crownover@butteville.k12.ca.us. They are now on sale for \$12, get one before they are all gone!

Reminder: Our Butteville Bulletin is online and on a free app for mobile phones. We are continually updating our website to make it more user-friendly.
