

Dear Parents/Guardians,

We have just learned that your child's meals (breakfast and lunch) are free as of September 1, 2020-December 31, 2020, unless funding runs out before then. These meals are also free for those children who are not in school yet. If you are interested in receiving meals for children who are not in school please call the school and we will let you know how to get those meals.

Mrs. Koontz will be sending home with your student(s) their lunch statement as of September 1, 2020. The only additional charge that they may have after September 1st is if they choose to get seconds. Your child is charged \$1.00 for seconds and that is not included in the free meals. Now would be a great time to get your accounts paid up. If you are having trouble paying them in full please call Angi Koontz to work out a payment plan.

If you have any questions, please call Angi Koontz.

Angi Koontz
