Hello friends,

In light of recent circumstances, we have decided the 4th annual "Donate Your Lunch Money" event supporting the Simpson County Backpack program will be virtual this year. Community donations are what sustain the longevity of this much-needed program for children who are in need of food over the weekend when school meals aren't available.

Even though school is starting virtual this year, we are delivering the bags of food to each child enrolled in the program. Students who return to the traditional school setting and those continuing to learn online will receive their backpacks each Friday. Please help us continue to provide this service.

There are 2 options for making a monetary donation this year.

**Option A)** Online through the website:

<http://bit.ly/BackPackprogram2020>

**Option B)** Call Amanda at 270-776-0566 or Robin at 270-223-8092 and we'll come by and pick up a check.

We understand this is a trying time for everyone and we appreciate any support this year towards the program. Over the last three years, we have raised over \$70,000 for the BackPack program. *Donate Your Lunch Money* is currently the only fundraiser for this program.

Simpson County Schools did a phenomenal job this summer with the Summer Feeding program. New areas in our community not traditionally recipients of the summer feeding resources were added to the lineup for deliveries. The need for additional food resources for our students has increased during these challenging times. Summer Feeding provided a total of 45,198 meals to targeted areas of the community during the summer break!

We are so thankful to live in a town with so much love and support for all of our school children.

Thank you again for your consideration during this unique time.

*We're all in this together,*

Amanda Thurman
