September 4, 2020

Parents/Guardians:

This is to inform you that the USDA has issued free breakfast and free lunches for all students during this time. We do not know how long this opportunity will last; however, we do know that it will not go past December 31st and could stop before that depending on funding.

You are not required to fill out a free/reduced lunch application; however, if the waiver runs out and you do not have an application on file you will then go back to the status you had prior to September 8th.

We will begin on Wednesday, September 9th, to give our cooks time to prepare for the increase of students who may begin to eat breakfast. If your child is currently not eating breakfast and plans to start eating on September 9th, please contact the school office on Tuesday to let them know so we can prepare.

Sincerely,

Chris Vignery, Superintendent
