ACCESS FAMILY CLINIC & COX HEALTH RESOURCES

Wheaton R-III School District

SEP 04, 2020

Parents/Guardian,

The Access Family Clinics in Aurora, Cassville, Joplin, Neosho, Lamar, and Anderson are offering 15-minute rapid COVID-19 testing. At this time, they are only doing 15 tests per day, certain days of the week. It is required to call ahead of time to make an appointment. Testing locations and times at each Access Family Clinic vary.

Insurance information will be collected. Access Family clinics are using a grant to cover the remaining insurance balance, making the COVID-19 test FREE to patients.

Cox Health is offering Virtual Visits. This service is free for students, and it is different from Telehealth. Virtual visits are available to families through a cell phone or a computer at home.

Cox Health requests patients to enter one of two codes to start the virtual visit process. Use COVID for COVID related symptoms or GETWELL for non-COVID symptoms.

- Click [HERE](#) for Access Family Clinic contact information
- Click [HERE](#) for Cox Health Virtual Visits
- Click [HERE](#) for Cox Health Covid-19 information

We hope these resources help students get back to their regular routines faster.
