September 7, 2020

Parents / Guardians:

We are excited to announce that the USDA has approved the extension of our district free meals program. This means that all kids enrolled in USD 338 (K-12) will be able to eat free, with or without an application on file starting tomorrow, September 8, 2020. Funding is expected to last through the end of the first semester but if USDA federal dollars run out it could end sooner. USDA will let us know and we will announce when meals will return to a paid.

We highly recommend that you still fill out an application if you have not already. When funding does run out, all kids with approved applications will continue to be served free and reduced price meals. If a child doesn't have a current application on file, they will be charged full price meals when the district returns to paid meals. Please call Brenda Lloyd, (785) 945-3229, if you need an application.

The free meals include breakfast and lunch. Those students who are remote students can sign up each day to pick up a meal at the school. Check with the building secretary if you are interested.

If you have any questions, please don't hesitate in reaching out. Contact information can be found at the top of this letter. You can also reach out with questions to Brenda Lloyd, [brenda.lloyd@vfalls338.com](mailto:brenda.lloyd@vfalls338.com).

Respectfully,

*Dr. Volora A. Hanzlicek*
