

Can my Child Attend School Today?

In the last 48 hours, has your child experienced:

- New/Unexplained cough
- Fever (over 100.0 F)
- Sore Throat
- Nausea/Vomiting/Diarrhea
- New loss of taste/smell
- In the **last 14 days**, had direct contact with anyone who has COVID 19
- Shortness of breath
- Weakness
- Chills
- Unexplained muscle pain

Yes

Do NOT Attend School

No

OK TO ATTEND SCHOOL

- Continue daily screening
- Continue to wear face covering/mask
- Wash hands often
- Continue social distancing

You Must:

- Keep your child home until they have been symptom and fever free for 48 hours without use of symptom reducing medications such as Tylenol, Ibuprofen, or Imodium

Recommendations:

- Call your primary care provider
- If you believe your child has been exposed to COVID, schedule a COVID test at La Casa, Public Health, or your Primary Care Provider

Once child is symptom free for 48 hours, or receives a release from their medical provider they may return to school

OK TO ATTEND SCHOOL

- Continue daily screening
