## WELCOME!

Welcome to Wiley Elementary! The following pages contain information which will aid each parent and student in preparing and planning for this school year. All of the information in this handbook has been reviewed and approved by the USD 363 Board of Education and is part of the Board of Education policies.

We expect everyone attending our elementary school or being a part of it as a parent or guardian to recognize these regulations, to understand them and to abide by them. It is also important for students and their parents to become acquainted with our routines, services and activities which are outlined in this handbook.

Bikes will not be ridden on sidewalks and playground when there is a danger of running into other students. This would be 8:00 to 4:00 during school hours. Walk your bike off the playground and across the marked crosswalks. Enter the street cautiously making sure you follow proper traffic rules. Careless riders will be asked to leave their bicycles at home.

### SCHOOL DAY

In order to better facilitate instruction, parents are asked to become acquainted with the following schedules and encourage punctuality. The school day consists of approximately six hours of classroom instruction plus an allotted amount of time for lunch and recesses. All core subjects, plus music and P.E., will be taught.

### Arrival and Departure Times for WES

Students eating breakfast at school may arrive at 7:45 am.

Wiley Elementary School Hours	7:50 am – 3:25 pm
WES Breakfast	7:45 – 8:10 am
AM Preschool	7:50 – 10:50 am
PM Preschool	12:20 – 3:20 pm

### ATTENDANCE POLICY

The Holcomb School District will adhere to the Kansas compulsory attendance law. K.S.A. 72-1111 and K.S.A. 72-1113.

USD 363 has developed the following attendance guidelines:

#### Absences and Excuses

1. An absence is defined as a day of school missed not related to school activities.(field trips, elementary school functions)
2. Students may accumulate up to seven (7) excused day-long absences or 56 total periods per semester. The day will be broken up into 8 periods in counting attendance. Each period absent is documented daily. Students missing more than seven (7) days or 56 total periods in a semester will be required to provide a doctor's note. Failure to do so will result in an unexcused absence being recorded.
3. An extended hospital stay or illness may be counted as one day as the allowable days missed. The family must arrange this with the principal and include valid documentation.
4. After seven excused absences, any unexcused absences will result in a phone conference with the parent.
5. If a student knows in advance that he or she will be absent, the student should notify the office and the teachers in advance in order to get assignments. An excuse, written or oral, from a parent or guardian must be provided within two school days of the absence. On the third (3) day following the absence when no valid excuse was provided, the absence will be designated an unexcused absence.
6. Once the student enters the school and school classroom attendance is taken, all correspondence for leave should go through the office.
7. For make up work, the student will be given the number of days absent plus one additional day. Additional time for make-up work will be given on extended illnesses or other circumstances that require it, if requested by the parent or guardian and approved by the building administrator. Make-up work is strictly the responsibility of the student. If you have an assignment or test that you know about in advance, you are required to have it done or take the test when you return.

**All excused absences must be confirmed with a phone call or note from the parent/guardian to the office.**

#### Prearranged Absence:

If a student is going to be gone from school, arrangements with the school office and the student's teacher should be made regarding makeup work.

#### Prolonged Absence During The School Year

Prolonged absence taken during the school year is discouraged. In class instruction is important, and a student misses out on this instruction when gone. At those times when a student must be absent,

not due to a medical condition, for an extended period of time during the school year such absence may be excused, provided each of the following conditions are met:

1. Absence of the student must be arranged a minimum of one (1) week before the scheduled absence, except in the case of emergencies.
2. The student must be in good standing in classes.
3. No student that has demonstrated previous attendance problems will be excused for an extended absence. His/her attendance rate must be at least 85%.
4. Class work/homework will be assigned by the teacher(s) prior to the absence.
5. Prearranged class work/homework assignments are due the day the student returns to school following the absence. For class work/homework that must be performed in the school building, such as lab assignments or research, etc., the student will be allowed two school days per day of absence to make up such assignments. The student must make arrangements with the teacher(s) to complete these assignments on their own time, such as before or after the school day.
6. If a student does not attend school after the approved time of the pre-arranged absence, further action will be taken, such as a truancy report being filed with the Department for Children and Families (DCF).
7. Pre-arranged prolonged absences may not exceed ten (10) consecutive school days. Absences longer than ten (10) consecutive school days may result in a truancy report being filed.
8. All class work/homework assignments are due the day the student returns to school following the absence. Any assignments not completed may be graded as a "0" for that assignment by the teacher(s).
9. This procedure does not apply to students missing a prolonged period of school because of a medical condition that prevents them from attending.

#### **Unexcused Absence:**

An unexcused absence is simply an absence occurring after your 7th absence in a semester. A truancy report will be filed with the DCF office for any student under 13 years of age with three (3) consecutive unexcused absences, five (5) unexcused absences in a semester, or seven (7) unexcused absences in a school year.

#### **Tardiness:**

Being on time to class is considered very important for the student and for the class he/she is attending. When your child comes in late, it interferes with other student's learning, the teacher's right to teach, and your own child's learning.

The reasons for having your child to school on time go beyond just the interference. By law, children of all ages who are enrolled in USD 363 must attend school. Attending school means being to school and picking up on time every day.

A tardy will be given to a student that arrives at school after 8:15 am. A student that leaves early will be counted absent for that period. A student is considered tardy if he/she is late to school, arriving at school after the beginning bell.

Students who are tardy more than five (5) times during a semester will schedule a conference (via phone or face to face) with the principal and parent to discuss a plan for improvement.

Students with a high tardy or absentee rate may result in disciplinary action.

Any recorded tardies or absences will result in the student not qualifying for perfect attendance.

#### **ASSESSMENTS**

Wiley & Holcomb Elementary School administers various assessments during the school year to determine student progress in their learning and for the purpose of reporting results and information to the State Department of Education. Following is a list of the various assessments that are given during the year. If parents have questions about or would like to see the results of any of these they are encouraged to contact the school.

**School District Policy:** Students in need who qualify for free or reduced price meals are encouraged to apply. Students who do not qualify for free or reduced price meals must pay full price.

#### **No charge policy and alternative lunch**

The USD 363 food service program uses an automated system for meal purchases. Meals for breakfast and lunch can be purchased by the month, semester, or for the school year. The system is designed to inform patrons once there are five or less meals left on a student account. The system will generate a payment notice. There are no charged meals. In the elementary buildings this notice is forwarded to the student's teacher so it will be sent home with the student. In middle school and high school, the notice is given to the student to take home. If the account is in a negative balance, an alternative meal will be provided for a few days until the account is brought back to a positive balance.

### Carry in lunches during school lunch

The USD 363 food service program provides patrons the opportunity to have their child bring a sack lunch from home instead of eating a school meal. The meal that is provided from home shall not be a commercial fast food meal brought in the vendor's bag or box according to food service regulations. Students who have been at an appointment and bring a commercial sack lunch to school will not be permitted to eat lunch in the school cafeteria. Parents who bring commercial fast food to eat with their child should check in the school office as to where to eat their lunch.

Bullying is defined as the act of one or more individuals intimidating one or more individuals through either verbal, physical, electronic or written interactions. Bullying can cause undue anxiety relative to attending school, playing on the playground, participating in or attending activities, or riding on the bus. This can adversely affect student performance.

The School Board expects administrators and supervisors to make it clear to students that bullying in the school building, on school grounds, on the bus, or at school-sponsored activities and functions will not be tolerated and will be grounds for disciplinary action up to and including suspension or expulsion of students. USD 363 maintains records of bullying incidents within student files. Students who commit crimes at school, on school property, or at a school sponsored event will be reported to law enforcement.

#### **Actions Which Constitutes Bullying:**

- Continued intentional hurt to another specific person
- Persistent offensive, abusive, intimidating behavior, abuse of power which makes the recipient feel upset, threatened, humiliated or vulnerable which intimidates their self-confidence and which may cause them to suffer stress.

#### **Bullying can be:**

- To encourage everyone at our school to take responsibility for stopping and preventing ALL bullying.
- We want our school to be bully free, where people cooperate with one another.
- We want our school to be a welcoming and happy place, where no student dreads coming to school.

#### **How can our school prevent bullying?**

- By treating allegations of bullying seriously

- Tell my friends to help share the burden.
- Tell my family.
- Speak to my teacher.
- Speak to the principal.

**If I bully someone, I can expect...**

- My teachers are to be aware that I am bullying.

**BUS STUDENTS**

When school is dismissed, bus students are to go directly to the bus loading area. Good conduct is expected while waiting in line for your bus. Students must follow the bus rules and the instructions of the driver at all times.

Bus transportation will be provided by the school district for all students who live on regularly established bus routes. Students living within a 2 block radius of school will not be bused.

We endeavor to operate all school buses as nearly on schedule as weather permits. Students should be ready to board the bus when it arrives. If you live in the country and your child is not riding the bus, please watch for the bus and wave it on. **Students who ride the bus to school in the morning are expected to ride it in the evening unless a written request by the parent or guardian is sent to the school office.** Students will not be allowed to ride the bus home with a friend without permission of the parent or guardian. If you wish to pick up your child in the evening, you should notify the bus driver or school office.

**Bus Conduct:** A list of bus rules will be posted in each bus and reviewed by each driver. Students who violate these rules of bus conduct will be referred to the principal's office by a written misconduct report, and appropriate action will be taken. Continued misconduct or a violation of safety rules by a student may result in suspension of riding privileges and/or other disciplinary action. The school bus is an extension of the school, and students are held to the same code of conduct thereon as they would be at school.

**Mud and Snow Routes: Please** meet the bus at the nearest all-weather road. If undecided about the conditions, please contact your bus driver or call the school bus garage (765-5680).

**IN CASE OF INCLEMENT WEATHER, PLEASE LISTEN TO LOCAL RADIO OR T.V. STATIONS FOR INFORMATION.**

**CLEANLINESS**

Students are expected to take pride in helping to keep all areas clean and in order. Waste paper and other trash will be put in proper containers in classrooms, restrooms, or any other area. Floors should be kept clean and free of trash, books, or other personal items. Show citizenship and pride in your school by keeping the desks, walls, and other areas of the school free of marks or other damages. Walk only on the sidewalks and pavement during muddy weather. Shoes are to be reasonably clean before entering the building. Cleaning tools and solutions will be used only after asking the custodian.

**CIVILITY POLICY**

Possible language for newsletters, handbooks, staff and student orientation and articles or opinion pieces in the local newspaper.

The board of education requires mutual respect, civility and orderly conduct among district employees, parents and the public. The intent of this approach is to maintain a safe harassment-free workplace for teachers, students, administrators, staff, parents and other members of the community.

The board expects school and district personnel to treat parents and other members of the public with courtesy and respect. Parents and visitors will treat teachers, administrators and other district employees with courtesy and respect.

Administrators have full authority delegated by the board to support civil and orderly behavior. Visitors, staff and students who chose to violate the board policies and/or Kansas law will be asked to correct their behavior and, if necessary, administrators shall exercise their authority to correct the situation. This authority includes reporting all crimes committed at school, on school property or at school activities to law enforcement. Interested parties are directed to the following board policies for additional guidance: EBC, Safety and Security and KN, Complaints.

**COMPLAINT PROCEDURE**

Disagreements should be discussed with persons directly affected. Any student may file a complaint with the principal concerning a school rule or regulation as it applies to the student. The principal shall investigate the complaint and inform the student of the resolution within 10 days after the complaint is filed.

**COMPLAINTS ABOUT DISCRIMINATION**

Discrimination against any student on the basis of race, color, national origin, sex, disability, or religion in the admission or access to, or treatment in the district's programs and activities is prohibited. Any student who believes that he or she has been discriminated against may file a complaint with the building principal, another administrator, the guidance counselor or another certified staff member.

**COUNSELING PROGRAM**

The Holcomb Elementary School counseling program has four goals: define, deliver, manage, and assess. The school counselor can help all students to apply academic achievement strategies, manage emotions

and apply appropriate coping skills, and also plan for postsecondary options.

Each grade level classroom will meet with the counselor on a regular basis for whole group lessons. Assessments and referrals for group services will be done throughout the year. If your student is referred for a group, a permission slip must be signed and returned in order to participate due to confidentiality. Students may see the school counselor if referred by a teacher, a parent, administration, or self.

School counselors are certified/licensed educators with the minimum of a masters' degree in school counseling and are uniquely qualified to address the developmental needs of all students through a school counseling program addressing the academic, career, and social/emotional development of all students. School counselors generally offer short-term solution focused services through individual, small group, and classroom guidance. If longer-term counseling services are needed, the counselor can assist families in finding outside resources.

## **DISCIPLINE/CONDUCT**

Good student behavior is what is expected at Wiley Elementary School: Students will be expected to show respect by their words and actions to teachers, parents, other adults, and fellow students. Wiley Elementary Schools recognizes that discipline in the school must be maintained so that an atmosphere conducive to learning will be present for all students.

Discipline is a joint responsibility of the student, parent, all teachers associated with the student, in addition to the homeroom teacher and the principal.

We believe there are appropriate methods that can be used to discipline students other than corporal punishment. Those methods include, but are not limited to: the loss of privileges, after school detention, in-school suspension, out-of-school suspension and/or expulsion. The principal will assign detentions and suspensions. A teacher can assign after school detentions and use less severe methods as they deem appropriate. The school principal can and will deny the right to attend and/or participate in school activities to students whose behavior is improper. This behavior may occur before, during, or after the school day while under school jurisdiction, or at school activities or functions.

### **Disciplinary Procedures**

Each time a student is in the office for disciplinary reasons, an electronic report will be made and will be kept on file. Types of disciplinary action for misconduct (after teacher intervention has failed) may be enforced. They are as follows:

#### **~ Conference**

The student and the principal will have a visitation about the matter of misconduct the student was sent to the office for after the teacher has gone through the classroom discipline procedures. The student will be made aware that, if misconduct continues, further disciplinary measures may be assigned. If the reason is a minor offense, then a warning will be given; but if it is more serious, more severe discipline may be assigned immediately.

#### **~ After School Detention**

Detention will begin at the end of the school day and last for the determined amount of time. When assigned a detention, it will be

served the next day so parents may arrange transportation for the student, unless the student and parent wish to have the detention served that day and this option is acceptable with the teacher. A detention will be served with the teacher that assigns it unless other arrangements are made. Parents will be notified about all detentions either by mail or a phone call. If a student misses a detention, then it will double.

#### **~ Lunch Detention**

A student may be assigned lunch detention by a teacher or principal for disciplinary reasons. The student serving lunch detention will eat their lunch apart from all other students. This may be in the lunchroom or in the office.

#### **~ In-School Suspension**

In-School Suspension may be used as a step before out-of-school suspension. When a student is assigned an in-school suspension, the student will have the right to do class work, but the student will be:

- ◆ Assigned to the office for the period of the suspension; and
- ◆ Removed from class or classes and isolated from all students for the duration of the in-school suspension.

#### **~ Out-of-School Suspension**

In cases where student behavior results in a severe disruption, the child will be sent immediately to the principal. Misbehavior will be considered severe if a child:

1. Willfully assaults another child or school employee;
2. Displays gross disrespect toward school personnel;
3. Engages in gross disorderly conduct, i.e., behavior which severely or continuously disturbs the peace or good order of the school environment and the rights of others to obtain an education;
4. Engages in vandalism or theft; or
5. Continuously refuses to abide by classroom and/or out-of-classroom rules. Students who have caused severe disruptions are subject to suspension from school for one to ten day period of time and may be subject to an out of school suspension or expulsion. Students who maliciously destroy or deface school property or personal property of others will be expected to make payment in full to replace or repair the property and are also subject to suspension, expulsion, and possible police referral.

## **DRESS CODE**

Appearance does affect the learning atmosphere of a school. Students are encouraged to dress in a neat and attractive manner that reflects pride in themselves and their school. **Clothing should be appropriate for the weather.**

To aid students and parents in determining acceptable school dress, the following guidelines have been developed.

1. Everyone must wear shoes. Shoes with "cleats" on the soles are not to be worn to school.
2. Hats, caps, and other forms of headgear are not to be worn in any district building. This includes during home and away activities of the elementary, middle, or high schools.
3. Tank tops and sleeveless shirts that expose the upper body will not be allowed to be worn in school unless worn with a shirt underneath. **Spaghetti strap tanks and/or spaghetti strap dresses are not permitted in school.**
4. Transparent clothing and fishnet shirts that expose the body and two piece outfits that expose the bare midriff are not acceptable at school. Short shorts will not be allowed.

5. Non-prescription sunglasses will not be allowed to be worn in the school buildings of the district.
6. Pants, shorts, and skirts must be worn on or above the hips. Shorts and skirts and dresses must be at or below the index finger when shoulders and arms are in a relaxed position.
7. No gang symbols or gang-affiliated attire will be allowed to be worn at school or any school activity. Examples: Overall straps must be over shoulders, no sagging pants, no excessive oversized clothing, no brown or black lipstick, bandannas, exposed boxer shorts, hanging belts. Our district will use the Finney County Law Enforcement Center for references.
8. No wallet chains of any length will be allowed.
9. Students are not permitted to wear or possess any items that describe in picture, word, or inference; profanity, obscenity, alcohol, drugs, or tobacco.
10. Personal grooming should be done in the restroom only.
11. Because of safety hazards involved in some class activities (i.e., projects, field trips, etc.) students in these activities must dress suitably to the conditions as the instructor requires.
12. Any student, who represents the school in extracurricular activities, must dress in accordance with the sponsor's requirements, subject to prior approval of the administration.
13. Pierced earrings worn in the ear(s) is the only acceptable form of body piercing that will be allowed.
14. No Heelies (shoes with wheels).

If the student's behavior or other attribute is in violation of these provisions, the principal or his designee will request the student to make the appropriate corrections. If the student refuses, the parent/guardian may be notified and asked to make the necessary correction. The principal shall take appropriate corrective and disciplinary action as necessary.

#### **FIELD TRIPS**

Each year students take various field trips to enhance their education. Parents/guardians sign a field trip permission form and medical consent for treatment form at enrollment which allows the student to go on field trips for the current school year. Students that do not have a signed permission slip and medical release form from the parent/guardian will not be allowed to go on a field trip outside the city limits. In extreme circumstances a verbal permission from the parent/guardian may be allowed. A student that does not represent himself/herself, parents, or the school in a positive manner may be denied the privilege of attending field trips. Students may also be denied attending field trips if they have several discipline referrals during the school year or if they are not pursuing an education and completing class work in a timely manner. All students are required to ride school provided transportation to and from the field trip location. There may be an exception made in the case of extraordinary circumstances that could prevent the student from using school transportation. In this case the parent should contact the building principal and teacher before the field trip to discuss the circumstances and make other arrangements if necessary. **When parents are requested to send money for field trips, cash only should be sent as the school is unable to cash checks. There is no cash available in the school office.**

#### **HEALTH MEDICATION**

Students at school are exposed to viruses and upper respiratory infections in the school population.

Guidelines were developed for administration of medication during school time with the health and safety of the student in mind. The following guidelines address family/school cooperation and are in compliance with state law and USD #363 Board Policy (JGFGB Administration of Medication):

1. Written requests on a USD 363 medication form from the physician or dentist must accompany all prescription medication to be administered at school. "Over-the-counter drugs" such as aspirin, Tylenol, and cough medicine must also be accompanied by written parent/guardian authorization to be given at school. All medications are to be kept in the office and administered by the office or nurse.
2. Written requests from the parent/guardian should accompany all medication.
3. The official prescription container should accompany all medication. Two containers, one for home and one for school can be requested from the pharmacist.
4. Over-the-counter medications should not be maintained on any school premises, including athletic areas, unless a prescription is provided along with written permission to administer.

Please follow these guidelines when considering the health care of your child. Thank you for your help in this area. If you have any questions concerning the administration of medication at school please call our school nurse, Stacy Cundiff, R.N. A USD 363 Medication/Health Care Services Permission Form must be filled out by the student and on file with the school nurse. This must be updated by a licensed health care provider at the beginning of each school year.

Students are prohibited from giving drugs of any type to other students. Students in possession of prescription drugs which have not been prescribed for the user by a physician or dentist are in violation of the Board of Education Policy on drugs.

The responsibility for fulfilling a physician's prescription rests with the student and the parent. The school is responsible only for providing an opportunity for them to carry out the administering of the prescriptions.

#### **IMMUNIZATIONS**

Immunizations are required to attend any Kansas school. You must provide a current immunization record at time of enrollment as well as provide an updated record with each immunization your child receives. Immunization is tracked by our state through WebIZ and USD 363 uses this service.

\*\*\*Your signature acknowledging your receipt of this handbook allows us to track your immunizations.\*\*\*

Students not having proper immunizations may be excluded from school. JGCB KASB Board Policy: Students who fail to provide the documentation required by law may be excluded from school until statutory requirements are satisfied. Notice of exclusion shall be given to the parents/guardians as prescribed by law. Students who are not immunized against a particular disease(es) may be excluded from school during any outbreak.

#### **SUMMARY OF ILLNESS POLICIES**

### HOMEWORK POLICY

Wiley Elementary and Holcomb Elementary teachers have been discussing our philosophy on homework. We realize that we all live very busy lives and that there are enough incidental items to do for school without homework.

Incidental items include those requirements to prepare your child for spelling tests/other tests, math facts and reading each night for at least 15 minutes.

Reading together as a family is a great way to come together plus research shows that students who read outside of school do better in school. We, as teachers, also realize that learning math facts for fluency is the best way to prepare your child for math success.

We ask that you incorporate these items into your home routine, not spending more than 30 minutes a night. Make this an enjoyable routine so that learning is fun and meaningful!

Notice, please, that your child will only have homework if he/she chooses not to complete work at school or if it is to make up work from being absent.

We appreciate all that you do with your students to build the importance of education. We as educators understand that family time is an important component to your child's growth.

We hope that you find this helpful and allows you time to do the incidental items that will enhance learning.

### LABEL ITEMS

Students should mark all personal items such as jackets, gym shoes, workbooks, or other personal items which might become misplaced. Please mark with ink or permanent marker. A lost and found box is kept in the front entryway of the building.

### LEAVING SCHOOL GROUNDS

No student will be permitted to leave the school area during the day unless the parent sends a note or phones into the office giving permission to leave. Parents must sign students in and out at the elementary school office before students will be allowed to leave or return

### LIBRARY

The checking out of materials by students represents a contract. The student agrees to borrow the book for a two week period and to return that book in the same condition. If a student fails to return a book or damages the book, then a \$10.00 replacement fee will be charged to replace the book. A \$10.00 fee for a lost book will be refunded only if the book is returned in good condition on or before the last day of school.

The privilege of checking out books will be suspended until this matter is taken care of. Parents will be notified when this occurs. Materials should be returned in good condition for a refund to be made and funds will only be given through the last day of the school year.

### OTHER ELEMENTARY ACTIVITIES

We are fortunate at Holcomb Schools to have an administration and staff that are committed to our children's welfare on a variety of levels. Please refer to the school calendar and website to keep updated on special events. Events may include but are not limited to:

**Fall Fun Day:** A special day is set aside for outdoor physical events that all students are encouraged to participate in.

**Book fair:** This event will be held so children and parents may purchase books, posters, and educational games at this time. Profits from the sales are returned to the school in the form of library materials.

**Author's Showcase:** A special day set aside for students to read their work, created throughout the school year, to parents, grandparents, aunts or uncles.

### PARENTS AS TEACHERS (PAT)

**Kansas Parents as Teachers** partners with other home visiting and early childhood programs to promote access to high quality services for children and families in the community of Holcomb. The USD363 PAT program offers services from prenatal through 3 Years Old. Holcomb residents and USD363 Faculty/Staff who live out of the district will be served under USD363 PAT.

## PARENT/TEACHER COMMUNICATION

### **BAND: Parent/Teacher Communication APP:**

BAND is an online communication system that can be used on a computer or with an app on your phone. The teacher sets up a class where a parent can communicate as a whole group or private chat in real time. It includes a community board, shared calendar, Polls, To-Do lists, Private Chat and much more. BAND is used at every grade level at Wiley Elementary.

### **PARENT/TEACHER CONFERENCES**

Parent/Teacher Conferences are scheduled twice during the school year. The first is in the fall during the week of October 21st and again in the spring during the week of February 15<sup>th</sup>.

No school will be held on the Thursdays of the above mentioned weeks, nor will there be Preschool classes on Wednesdays of the above mentioned weeks.

Wiley Elementary School will be closed on the Fridays of these weeks.

### **PARENT COMMITTEES**

**School Site Council:** The council is responsible for providing, to the board of education, advice and counsel for evaluating state, school district, and school site performance goals and objectives and in recommending methods which may be employed at Wiley Elementary Schools to meet those goals and objectives for school improvement. All site council meetings are public meetings and everyone is welcome to attend. Site Council meetings are scheduled and posted on the district calendar.

### **PARTIES**

Parties (K-2) will be held at each teacher's discretion and will last about 30-45 minutes. These parties will be held the last part of the day when possible. Birthday treats sent to school should be simple so as not to take more than 10 minutes of valuable school time. (Example: candy bars, cookies, cupcakes, or other individually wrapped treats. Please check with the teacher for the best time and details prior to bringing the treats). Do not provide any red colored drinks for parties, as it does not come out of the carpet if spilled. **Please do not send birthday invitations to school and ask that they be distributed, children get their feelings hurt when not invited.** End of year parties are to be coordinated through the classroom teacher. **No surprise parties please!!**

### **PETS**

Pets may be brought to school only with the teacher's permission and arrangements made for them to be picked up after sharing. Students and parents are responsible for seeing that pets do not follow you to school. Pets are not allowed to ride the school bus with the student. Shots need to be up to date with the pet.

### **PHYSICAL EDUCATION**

Dress (especially shoes) should be appropriate for activities on P.E. days. Students may be excused from P.E. activities only with a written permit from a parent or doctor. Participation, cooperation, sportsmanship, and the demonstration of effort toward skills being taught will be noted by the instructor.

### **POWERSCHOOL**

Parents may access their child(ren)'s grades and lunch balances from their PowerSchool account. If you do not have a PowerSchool account setup, please copy and paste the link below into the web browser and follow the directions. <http://goo.gl/XVF7Dt>  
The final report card will be mailed home only upon request.

### **PROMOTION / RETENTION**

Under normal circumstances students are expected to successfully complete their school work to be promoted. Students who have failed to complete their work or have excessive absences may be recommended for retention. The lack of effort of a student to pursue the educational requirements for their grade level may result in a recommendation for retention. If the student's teacher determines the student is not prepared to be successful in the next grade level, the student may be retained.

The teacher of record may recommend a student for promotion or retention. If a student is recommended for either, a notice will be sent to parents, and a SIT meeting will be held. In arriving at a decision for either the promotion or retention of a student, the teacher will consider the viewpoints of the special services personnel, principal, and parents.

The final decision in any case pertaining to promotion or retention shall rest with the appropriate building principal.

### **SCHOOLWIDE TITLE I**

During the 2013 school year, Wiley and Holcomb Elementary Schools filed an application with the Kansas State Department of Education, Title Program and Services. The application involved applying to be a schoolwide title school. The application was approved May 7, 2014. August of 2014, WES and HES began the structure process of schoolwide title. The 2015-2016 school year began the implementation stages of schoolwide title.

The purpose of a schoolwide model is to allow a school to undergo a comprehensive reform of the entire educational program in the school to assist all children, particularly the lowest achieving children, to meet the high state academic achievement standards. Many Kansas schools have combined the MTSS framework and the schoolwide model to focus on the redesign of instructional delivery for all students in a Title I school. (quoted from KSDE.org)

What this means for Holcomb, is all teachers will work as Title I teachers and all students will be given service to meet the needs of enrichment, reinforcement of skills and remediation of skills, depending on the student's needs throughout the school year.

Additional information is provided on the USD 363 website, under Wiley Elementary Title I and Holcomb Elementary Title I tabs.

### **SCHOOL VIOLENCE HOTLINE**

There exists a statewide hotline telephone number that parents or anyone else can call 24 hours a day, 365 days a year to report impending school violence to the Kansas Highway Patrol. Information received on this hotline will immediately be shared with local law enforcement and

school officials. Please report any information that might threaten the safety of school or students. The number to call is: **1-877-626-8203**.

### **SCREENING FOR PLACEMENT**

Your child must attain the age of 5 years on or before August 31st of the school year in order to be eligible to attend Kindergarten.

### **STUDENT IMPROVEMENT TEAM (S.I.T.)**

The Student Improvement Team (S.I.T.) consists of the parent(s), classroom teachers, school nurses, special educators, school psychologist, counselor and principal. This team provides a structure for dealing with behavioral and academic concerns for all students, and can provide teachers and parents with the support they need for working with most students that may be struggling. This process works well in the prevention of more serious problems developing for the student in school. Students can access the S.I.T. in three different ways: (1) they can be referred by a teacher, staff person, or parent; (2) they can refer themselves to the team; (3) if they violate the student code of conduct and are referred for disciplinary action.

Parents access the process in two ways: (1) they can refer their child if they have concerns; and (2) they can be requested to provide the team with additional information and support in the intervention of their child. For further information about the process of the S.I.T. please contact the school counselor.

### **General Guidelines for Nutrition Education and Physical Education Classes**

All students in grades K-12, including those with disabilities, special health care needs and in alternative education settings, will have the opportunity to participate in a variety of learning experiences that support the development of healthful eating habits.

Nutrition education will be based on the most recent Dietary Guidelines for Americans. Active learning experiences will be provided

for students; and whenever feasible, the active learning will involve the students in food preparation using district food safety guidelines.

### **Cafeteria and Meal Time**

USD #363 administrators, teachers, and classified staff will encourage students to start each day with breakfast. They will also encourage students to eat a balanced meal at lunchtime.

### **Family and Community**

Parents are always encouraged to join students for school meals. Information encouraging parents to teach their children about health and nutrition and to provide nutritious meals for their families will be provided to parents through newsletters, pamphlets, and handouts sent home with their children.

### **Environmental/Goal**

Each school will provide a physical and social environment that encourages safe and enjoyable physical activity for all students, including those who are not athletically gifted.

### **Recess**

Students will be encouraged to participate in moderate to vigorous physical activity during recess. If a student is not actively taking part in recess, moderate to vigorous physical activity is encouraged verbally and through supervision with adequate space and age appropriate equipment. It is a physical activity goal for all schools to refrain from letting the students go to recess directly after lunch.

### **Extracurricular Physical Activity Programs**

Students of all ages are encouraged to participate in activities provided by Holcomb/Garden City Recreation Commission and YMCA. Both organizations offer scholarships to those who qualify for free lunches.

### **Family and Community**

## **Unified School District No. 363** **Food Service Program Policy**

April 16, 2020

Each student in the District has their own meal services account. No one other than the student is allowed to make purchases on that account. Parents, guardians and other visitors must pay cash at the time of service if they choose to eat a meal with their student.

All student accounts must be kept at a positive balance. Charging of meals is highly discouraged. If your student's meal account balance falls below zero, your student may be denied meal services or offered an alternative meal depending on their meal account balance/status. Alternative meals will only be offered for a short amount of time before they will be denied meal services until their account is paid to a positive balance.

You will receive automated messages, via the Alert V2 system, when your students account falls below zero. These automated messages will come as a phone call, text message and/or email. Please keep your contact information current. Account balances may be checked at any time during the school year using your PowerSchool parent account. Please contact Kristi Calkins if you do not have a parent account in PowerSchool.

The Food Service Program is capable of accepting web payments for meal accounts or debit/credit card payments. Online payments can be made through your PowerSchool parent account once you have signed up through RevTrak. Instructions for signing up can be found on the district website, [www.usd363.com](http://www.usd363.com), under Menu > Parents/Students. We also accept cash and personal checks. Please place cash payments in an envelope that *clearly* identifies the student it needs applied to. Please make checks payable to "USD 363 Food Service". Please do not send post dated checks, they will NOT be posted to the students account until the date written on the check.

ALL PAYMENTS MUST INCLUDE;

Students first and last name

Students grade level, teachers name or school name

If payment is for multiple students, please specify how much to apply to each of your students accounts.

*NOTE:*

If you qualify for the Free/Reduced Program, one full breakfast and one full lunch will be provided at your *approved price* per approved student, per school day. Snack Milk for younger students is NOT covered by the program. Milk only purchases, extra milk purchases and all other Al A La Carte purchases are also NOT covered by the program and the students must have sufficient funds available in their meal accounts to purchase these items or they may pay cash at the time of service.

This institution is an equal opportunity provider.

Please contact Kristi Calkins, Food Service Clerk @ 620-765-1859 for more information.

### **CAUGHT YOU BEING GOOD PROGRAM ~ HORNS Character Assembly:**

The HORNS Assembly, beginning in October through May, recognizes students for 'Showing their HORNS' behavior and perfect attendance for the month. Photos of the students that have earned a 'Longhorn Character Award' will be posted in the "Longhorn Character Showcase" bulletin board in the lobby of Wiley Elementary. Teachers will notify parents if their child receives an award. Families are welcome to come to the assemblies.

### **Little Longhorn:**

If a student is 'caught' being good, showing HORNS behavior, a teacher or staff member will reward him/her with a "Little Longhorn". Students that are given a "Little Longhorn" will call a parent and receive a certificate with a paper Longhorn that will be displayed on the "Longhorn Corral" bulletin board in the lobby. The student's name is announced at morning roundup in the gym before school begins the next day.

### **Bucket Filling**

Actions or words that show that you care about someone. Saying or doing something kind. Giving someone a heartfelt smile. Using names with respect. Helping without being asked. Giving sincere compliments. Showing respect to others. There are hundreds of wonderful ways to fill buckets. The language of bucket filling has become synonymous with being kind and thoughtful. Your bucket will be filled when, at the close of each day, you reflect on the ways in which you have filled buckets. This is a program used by the staff and students to encourage positive attitudes in school.
