

All meals now free in United Schools through Dec 2020.

In accordance with a change from the United States Department of Agriculture, the United School District will offer free meals to ALL students starting Monday September 14, 2020.

Students present at school will sign up at school for a lunch daily - it will be recorded, but no payment will be required. Breakfast will work exactly the same way.

During a student's non-attendance days - 3 school breakfasts and 3 school lunches will be available for pick up every Wednesday from 4-6 PM. This system will look exactly like the spring meal program. Sign ups will be due the Friday before - a link will go out every Wednesday night for the following week's orders.

Families will be able to pick up meals for all students at ONE location - the school of their choice - you will select the building as part of the sign up. Those that choose a west campus pickup will pick up at United West Elementary.

As we transition back to full in person school, we will adjust the take home meals accordingly.

Here is the link to the September 16 pick up order form
