This announcement is from Tecumseh Schools Child Nutrition.

USDA has announced the extension of the free feeding program for children ages 1 to 18.

Tecumseh Public Schools will be serving breakfast and lunch free of charge at all sites for all students. Students that attend in person will be served free at their sites.

We offer a grab and go for virtual students at Cross Timbers. Due to waiver extensions, we can now provide the grab and go for all children in our district 1 to 18 free of charge. The grab and go will now be including breakfast along with the lunch meal Monday thru Friday 11:30 to 12:30. The free meal service will begin September 10, 2020.

Please note the waiver became effective Sept. 1, 2020 and will continue till December 30th 2020 or until funding is depleted. We will be deleting the charges for the meals that have been charged since Sept. 1. The waiver at this time will not be retroactive for August meals. If that changes we will inform all families.

Parents may pick up meals for their children, we do ask the first time you pick up to complete a form with the students and siblings' names so we have them for our records.

If you have any questions, please call Cindy Belshe at 598-3739. We hope this will help our families during this difficult time.
