

To all Choctaw County School District Parents

CCSD is proud to announce that the USDA is allowing the district to extend flexibilities of our Summer Food Service Program. This means that **the district will be allowed to provide breakfast and lunch to all students at no cost.** This will begin on September 14, 2020 and continue through the end of this semester. We have been informed by the USDA that cost for meals will return to normal for the 2nd semester after the Christmas Holidays. All items that are considered extra will not fall under this program. (Extra milk, fries, ice cream, etc.)

This institution is an equal opportunity provider.
