

TO PARENTS OF PRESCHOOLERS:

Although many different services are available to area preschoolers with disabilities (age 0-5) through their local school district and ESU 16, some children remain unserved because parents may not know of the existence of programs or do not recognize the need for a program for their child.

The observance of several of the items on the following chart may indicate a need to request Child Find Screening being offered by local school districts in cooperation with ESU 16. Screening will be conducted in or near your school district at the request of parents or school districts. Please call your school or the ESU 16 office (308-284-8481) to request a time and location for this screening.
