September 2020

Dear Student,

The Julesburg School District RE-1 was awarded a grant to help us support you. We always want you to be safe, happy, and healthy. The grant provides a way for us to have you log into your email and answer 28 questions that will help us understand your behavioral and emotional strengths and weaknesses. This should take less than 15 minutes and time will be provided for you to take the screener in school on September 16th.

Your parent(s) can opt you out of this opportunity by calling the front office at 970-474-3364 prior to September 15th, 2020 but we are hopeful you will take the screener so we can continue to help you be successful in school and life.

Sincerely,

Mrs. Dickey
