

ANNUAL INNOVATION SCHOLARSHIP CONTEST

Herrman & Herrman encourages creativity and innovation. In our 2020 scholarship program, we want to recognize six innovative students and two teachers who foster creativity in students.

To enter the scholarship contest, students should submit a creative entry in any format such as a video, poem, infographic, essay, piece of art, or song addressing the following topic:

Share a community service activity or project you participated in that positively changed your community, contributed to your growth, and/or affected your plans for the future.

The contest is open to high school juniors and seniors, and students currently enrolled in a two-year or four-year undergraduate program at a college, university or technical school in the United States only. We believe that getting an education is the best hope for young people to attain a rewarding career in the 21st century. We also know that inspiring teachers can change lives. We are proud to offer scholarship prizes to help further students' education and recognize deserving teachers.
