5th Grade Field Trip

"The Goddess of Liberty stands on top of the capitol making our capitol the tallest in the country. We also got to sit in on part of a session of Congress since they meet in the odd years."

"After the Capitol we went to the visitor's center. It was a hands-on museum where we learned more about the people who settled in Texas."

"We watched Texas the movie while at the Bob Bullock Museum. We learned that people from Texas were the first to use wind and solar energy as well as inventing the microchip used in cell phones."

Austin & San Antonio

"After the museum we left for San Antonio. After a quick swim we went on a riverboat tour and learned a lot about the history of San Antonio. Did you know that the city was named after Saint Anthony?"

"The next morning we went to see 'The Price of Freedom' at the IMAX. Most of us had finished our popcorn before the movie even started."

Vance Parson was injured the pervious year and was forced to watch from the side line for the first few games of the season. With therapy and a will to not quit he came back and played like never before.

Despite the fact Damien Salas was unable to play with us he still made it to every practice and every game. Most of all he never failed to encourage us on or off the field. He's one who will surely be missed.

Jordan Velez, great friend, nice guy and heck of a player. Jordan was injured during the summer and had to sit out all of his Jr year but will be back and better than ever to finish strong.
