September 14, 2020

Hello,

There has been notification that a student from RSU 10 has tested positive to Covid-19. They have only attended school at Region 9, one of our CTE schools. Region 9 is closing for 72 hours to complete a deep cleaning and the CDC is working with them to identify any students who have had 15 or more minutes of direct contact with the student testing positive. Those students or staff identified will be quarantining for 14-days from the exposure. Please review our [Positive Covid-19 Test Response](#) at this link. The student did not ride on any RSU 10 transportation and they do not have siblings in our school. Please remember it is important to have the facts and to know we are following DOE/CDC guidelines.

Thank you,

Deb Alden
