Student Requirements to stay in Digital Learning

- The student must complete all assignments each day for all classes.
- The student must maintain a passing average grade. In grade 3-12 that would be a minimum of 70. In grades K-2 students must maintain a minimum of 70 on Mastery Connect weekly assessments.
- The student must submit the work in an appropriate manner/ per the teacher’s request.
- Please allow the teacher time to respond to questions. Teachers have office hours during their plan time and they are teaching in person the rest of the day. Teachers will only respond during those office hours.
- Any technology issues will need to be addressed through the help desk in Schoology. Teachers will only answer instructional questions.

The failure to do any of the above for more than 5 days will result in the student’s digital learning privileges being revoked. Should the student not return to school, they will be counted as absent and turned over for truancy.
