RESIDENCE REQUIREMENTS

Definitions:

"In loco parentis" means relating to the responsibility to undertake the care and control of another person in the absence of:

1. Supervision by the person's parent or legal guardian; and
2. Formal legal approval.

"Reside" means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

"Resident" means a student whose parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside in the school district.

"Residential address" means the physical location where the student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty-one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District's schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

ENTRANCE REQUIREMENTS

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.37—HOMELESS STUDENTS or in policy 4.50—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option under Policy 4.5.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, will become five (5) years old during the year in which he/she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District. Any student who was enrolled in a state-accredited or state-approved kindergarten program in another state or in a kindergarten program equivalent in another country, becomes a resident of this state as a direct result of active military orders or a court-ordered change of custody, will become five (5) years of age during the year in which he or she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon a written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Private school students shall be evaluated by the District to determine their appropriate grade placement. Home school students enrolling or re-enrolling as a public school student shall be placed in accordance with policy 4.6—HOME SCHOOLING.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child's admission to a District school:

1. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall furnish the child's social security number, or if they request, the district will assign the child a nine (9)-digit number designated by the Division of Elementary and Secondary education.

2. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall provide the district with one (1) of the following documents indicating the child's age:
   a. A birth certificate;
   b. A statement by the local registrar or a county recorder certifying the child's date of birth;
   c. An attested baptismal certificate;
   d. A passport;
   e. An affidavit of the date and place of birth by the child's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis;
   f. United States military identification; or
   g. Previous school records.
3. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.[3]
4. In accordance with Policy 4.53—IMMUNIZATIONS, the child shall be age appropriately immunized or have an exemption issued by the Arkansas Department of Health.

Uniformed Services Member's Children

For the purposes of this policy:

"Activated reserve components" means members of the reserve component of the uniformed services who have received a notice of intent to deploy or mobilize under Title 10 of the United States Code, Title 32 of the United States Code, or state mobilization to active duty.

"Active duty" means full-time duty status in the active, uniformed services of the United States, including without limitation members of The National Guard and Reserve on active duty orders under 10 U.S.C. §§ 1209 and 1210.

"Deployment" means a period of time extending from six (6) months before a member of the uniformed services departure from their home station on military orders through six (6) months after return to his or her home station.

"Active duty members of the uniformed services" includes members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. Section 1209 and 1211;

"Eligible child" means the children of: Active duty members of the uniformed services;

- Members of the active and activated reserve components of the uniformed services;
- Members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and
- Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

"Uniformed services" means the United States Army, United States Navy, United States Air Force, United States Marine Corps, United States Coast Guard, the National Oceanic and Atmospheric Administration Commissioned Officer Corps, the United States Commissioned Corps of the Public Health Services, and the state and federal reserve components of each of these bodies.

"Veteran" means an individual who served in the uniformed services and who was discharged or released from the uniformed services under conditions other than dishonorable.

The superintendent shall designate an individual as the District's military education coordinator, who shall serve as the primary point of contact for an eligible child and for the eligible child's parent, legal guardian, person

having lawful control of the eligible child, or person standing in loco parentis. The individual the superintendent designates as the District's military education coordinator shall have specialized knowledge regarding the educational needs of children of military families and the obstacles that children of military families face in obtaining an education.

An eligible child as defined in this policy shall:

1. Be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. Be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
3. Enter the District's school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
4. Be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. Be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. Be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

In the event that official copies of an eligible child's education records are not available at the time the eligible child is transferring, then the District shall:

- Pre-register and place an eligible child based on the eligible child's unofficial education records pending receipt of the eligible child's official records; and
- Request the eligible child's official education records from the sending district.

COMPULSORY ATTENDANCE REQUIREMENTS

Every parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy (4.1---RESIDENCE REQUIREMENTS), within the District shall enroll and send the child to a District school with the following exceptions:

1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of policy (4.6---HOME SCHOOLING) have been met.
3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of the child elects not to have him/her attend kindergarten. A kindergarten wavier form prescribed by regulation of the Division of Elementary and Secondary Education must be signed and on file with the District administrative office.
4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.

5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.
6. The child is age sixteen (16) or seventeen (17) and has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).

STUDENT TRANSFERS

The Greenwood School District shall review and accept or reject requests for transfers, both into and out of the district, on a case-by-case basis at the July and December regularly scheduled board meetings.

The District may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the DESE to a District school shall be evaluated by District staff to determine the student's appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

SCHOOL CHOICE

Standard School Choice

Exemption

The District is under an enforceable desegregation court order/court-approved desegregation plan that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE). As a result of the desegregation order/desegregation plan, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption. The exemption prohibits the District from accepting any

school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.

Definition
"Sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care.

Transfers into the District

Capacity Determination and Public Pronouncement
The Board of Directors will adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline; the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made in the spring, but in no case later than March 1.

Application Process
The student's parent shall submit a school choice application on a form approved by ADE to this District along with a copy to the student's resident district. Except for students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, the transfer application must be postmarked or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, applications postmarked or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student's application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student's resident district to determine if the resident district's three percent (3%) cap has been met.

The Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who fails to initially enroll under the timelines and provisions provided in this policy; chooses to return to his/her resident district; or enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School Choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be

provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the District.

An application may be provisionally rejected if the student's application was beyond the student's resident district's three percent (3%) cap. The student's resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student's application was provisionally rejected due to the student's resident district having reached its three percent (3%) cap and the student's resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

Transfers Out of the District

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 1 of the immediately preceding year. By December 15 of each year, DESE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) cap if the student transfers:

- Through Opportunity School Choice due to the school receiving a rating of "F" or a district classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Due to the district's identification of Facilities Distress under A.C.A. § 6-21-812; or
- Through the Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect. The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

When the last successful application requesting to transfer out of the District before the District's three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District, the District shall allow all members of the individual's sibling group to transfer out of the District even though these applications are beyond the District's transfer cap.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in

facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the May 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers into or Within the District

For the purposes of this section of the policy, a "lack of capacity" is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student's assigned school to another school in the District or from the student's resident district into the District if:

- Either;
    - The student's resident district has been classified by the state board as in need of Level 5 – intensive support; or
    - The student's assigned school has a rating of "F"; and
- By May 1 of the year before the student intends to transfer, the student's parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student's request to transfer to the:
    - DESE
    - Sending school district; and
    - Receiving school district.

A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base The student may transfer at any time if the student's application:

a. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
b. Includes the parent's or guardian's military transfer orders; and
c. Incudes the parent's or guardian's proof of residency on the military base.

Within thirty (30) days from receipt of an application from a student seeking admission under this section of the policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student's enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

Transfers out of, or within, the District

If a District school receives a rating of "F" or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify parents, guardians, or students, if over eighteen (18) years of age, as soon as practicable after school or district designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in enroll the student in a school district that has not been classified by the State Board as in need of Level 5 Intensive Support or a public school that does not have a rating of "F".

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by DESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

HOME SCHOOLING

Enrollment in Home School

Parents or legal guardians desiring to provide a home school for their children shall give written notice to the Superintendent of their intent to home school. The notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian's intent to home school shall be delivered to the Superintendent through any of the following methods:

- Electronically, including without limitation by email;
- By mail; or
- In person.

The notice shall include:

a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
b. The mailing address and telephone number of the home school;
c. The name of the parent or legal guardian providing the home school;
d. Indicate if the home-schooled student intends to participate in extracurricular activities during the school year;
e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
f. A statement if the home-school student plans to seek a driver's license during the current school year;
g. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to home school; and
h. A signature of the parent or legal guardian, which must be notarized if the home-schooled student plans to seek a driver's license during the school year.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home schooling their children shall provide information that might indicate the need for special education services.

Enrollment or Re-Enrollment in Public School

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
    - Curricula used in the home school;
    - Tests taken and lessons completed by the home-schooled student; and
    - Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

a. Award of course credits earned in the home school;
b. Placement in the proper grade level and promotion to the next grade level;
c. Participation in any academic or extracurricular activity;
d. Membership in school-sponsored clubs, associations, or organizations;
e. A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
f. Scholarships.

ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction, which results in higher student achievement.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designees upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will **not** be accepted.

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal; or
7. Participation in an FFA, FHA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).
11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization wavier or whose immunizations are not up to date.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

Unexcused Absences

Absences not defined above or not having an accompanying note from the parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with six (6) unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has three (3) unexcused absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student has six (6) unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person with lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, personal with lawful control of the student or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The student, the student's parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, and the school or district administrator or designee shall sign the agreement.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

CLOSED CAMPUS

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day. Students may be given permission to leave the campus by a school official and must sign out in the office upon their departure.

EQUAL EDUCATIONAL OPPORTUNITY

No student in the Greenwood School District shall, on the grounds of race, color, religion, national origin, sex, sexual orientation, gender identity, age, or disability be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the

District. The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.

STUDENT ORGANIZATIONS/EQUAL ACCESS

Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

A. The meeting is to be voluntary and student initiated;
B. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
C. The meeting must occur during non-instructional time;
D. Employees or agents of the school are present at religious meetings only in a non-participatory capacity;
E. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
F. Non-school persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the wellbeing of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternities, sororities, and secret societies are forbidden in the District's schools. Membership to student organizations shall not be by a vote of the organization's members, nor be restricted by the student's race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization.

Students who are convicted of participation in hazing or the failure to report hazing shall be expelled.

PRIVACY OF STUDENTS' RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty-five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (hereinafter "PII") from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- Information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy, a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Greenwood School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been

presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters, postsecondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user,

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under FERPA does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

OBJECTION TO PUBLICATION OF DIRECTORY INFORMATION

(Not to be filed if the parent/student has no objection)

I, the undersigned, being a parent of a student, or a student eighteen (18) years of age or older, hereby note my objection to the disclosure or publication by the Greenwood School District of directory information, as defined in Policy No. 4.11 (Privacy of Students' Records), concerning the student named below. The district is required to continue to honor any signed opt-out form for any student no longer in attendance at the district.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, *etc.*, is not within the control of the District.

I understand that this form must be filed with the office of the appropriate building principal within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

Deny disclosure to military recruiter's_____

Selecting this option will prohibit the release of directory information to the first three categories listed above along with all other public sources (such as newspapers), but permit the student's directory information **to be included** in the school's yearbook and other school publications.

STUDENT MEDIA AND THE DISTRIBUTION OF LITERATURE

Student Media

All student media that are supported financially by the school or by use of school facilities, or are produced in conjunction with a class shall be considered school-sponsored media. School-sponsored media does not provide a forum for public expression. Student media, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial review of the District's administration, whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations:

1. Advertising may be accepted for media that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.
2. Media may be regulated to prohibit communications determined by the appropriate teacher, student media advisor, and/or administrator, to be ungrammatical; poorly written; inadequately researched; biased or prejudiced; vulgar or profane; or unsuitable for immature audiences.
3. Media may be regulated to prohibit the dissemination of material that may reasonably be perceived to advocate drug or alcohol use; irresponsible sex; conduct that is otherwise inconsistent with the shared values of a civilized social order; or to associate the school with any position other than neutrality on matters of political controversy.
4. Prohibited media includes those that:
    a. Are obscene as to minors;
    b. Are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, and made with knowledge of their falsity or a reckless disregard of the truth;
    c. Constitute an unwarranted invasion of privacy as defined by state law~~,~~;
    d. Suggest or urge the commission of unlawful acts on the school premises;
    e. Suggest or urge the violation of lawful school regulations;
    f. Attacks ethnic, religious, or racial groups; or
    g. Harass, threaten, or intimidate a student.

Student Media on School Web Pages

Student media displayed on school web pages shall follow the same guidelines as listed above and shall also:

1. Not contain any non-educational advertisements;
2. Adhere to the restrictions regarding use of Directory Information as prescribed in Policy 4.13 including not using a student's photograph when associated with the student's name unless written permission has been received from the student's parent or student if over the age of 18;
3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

Student Distribution of Non-school Literature, Publications, and Materials

A student or group of students who distribute ten (10) or fewer copies of the same non-school literature, publications, or materials (hereinafter "non-school materials"), shall do so in a time, place, and manner that does

not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of non-school materials shall have school authorities review their non-school materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the non-school materials, prior to their distribution and will bar from distribution those non-school materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non-school materials.
The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of non-school materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur; and
5. Not inhibit a person's right to accept or reject any literature distributed in accordance with the regulations.

The Superintendent, along with the student media advisors, shall develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and timelines for the review of materials.

CONTACT WITH STUDENTS WHILE AT SCHOOL

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal's designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student's building principal. Unless a valid no-contact order has been filed with the

student's principal or the principal's designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

Contact by Professional Licensure Standards Board Investigators

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

STUDENT VISITORS

Student visitors in the classroom can be disruptive to the educational process. Student visitation is not allowed.

STUDENT DISCIPLINE

The Greenwood Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an

orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult; an assault or battery; drug law violations; or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District's personnel policy committee shall annually review the District's student discipline policies, including State and District student discipline data and may recommend changes in the policies to the Greenwood School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the District's student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge reports to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which all include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

PROHIBITED CONDUCT

Students and staff require a safe and orderly learning environment that is conducive to high student achievement. Certain student behaviors are unacceptable in such an environment and are hereby prohibited by the Board. Prohibited behaviors include, but shall not be limited to the following.

The Board directs each school in the District to develop implementation regulations for prohibited student conduct consistent with applicable Board policy, State and Federal laws, and judicial decisions.

CONDUCT TO AND FROM SCHOOL

Students are subject to the same rules of conduct while traveling to and from school as they are while on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate student code of conduct rules.

The preceding paragraph also applies to student conduct while on school buses. The driver of a school bus shall not operate the school bus until every passenger is seated. Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating

the student's transportation privileges. Transporting students to and from school who have lost their transportation privileges shall become the responsibility of the student's parent or legal guardian.

DISRUPTION OF SCHOOL

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school's orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal's designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to teach the students, the class, or with the ability of the student's classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration or school resource officer.

STUDENT ASSAULT OR BATTERY

A student shall not threaten, physically abuse, attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures; vulgar, abusive or insulting language; taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common acceptation, is calculated to:

a. Cause a breach of the peace;
b. Materially and substantially interfere with the operation of the school; or
c. Arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation.

Students guilty of such an offense may be subject to legal proceedings in addition to student disciplinary measures.

WEAPONS AND DANGEROUS INSTRUMENTS

"Firearm" means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

"Possession" means having a weapon on the student's body or in an area under the student's control.

"Weapon" means any:

- Firearm;
- Knife;
- Razor;
- Ice pick;

- Dirk;
- Box cutter;
- Numchucks;
- Pepper spray, mace, or other noxious spray;
- Explosive;
- Taser or other instrument that uses electrical current to cause neuromuscular incapacitation; or
- Any other instrument or substance capable of causing bodily harm.

No student, except for Military personnel (such as ROTC cadets) acting in the course of their official duties or as otherwise expressly permitted by this policy, shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon before or after school while;

- In a school building;
- On or about school property;
- At any school sponsored activity or event;
- On route to or from school or any school sponsored activity; or
- Off the school grounds at any school bus stop.

If, prior to any questioning or search by any school personnel, a student discovers that he/she has accidentally brought a weapon to school including a weapon that is in a vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of one (1) year. The School Board shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities include ROTC programs; hunting safety or military education; or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The District shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

TOBACCO AND TOBACCO PRODUCTS

Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, is prohibited. Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is

manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pipes, or under any other name or descriptor.

Note: The statute requires the statute's posting "…in a conspicuous location at every entrance to each building owned or leased by a public school district and every school bus used to transport students"

STUDENT DRUGS AND ALCOHOL POLICY

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.
Therefore, no student in the Greenwood School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who: is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; or is on route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to: alcohol, or any alcoholic beverage; inhalants or any ingestible matter that alter a student's ability to act, think, or respond; LSD, or any other hallucinogen; marijuana, cocaine, heroin, or any other narcotic drug; PCP; amphetamines; steroids; "designer drugs"; look-alike drugs; or any controlled substance.

The sale, distribution, or attempted sale or distribution of over-the-counter (OTC) medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited. The possession or use of OTC medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited except as permitted under Policy 4.49—STUDENT MEDICATIONS.

Students found in violation of this policy maybe recommended for expulsion.

STUDENT DRESS AND GROOMING

The Greenwood Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, and unsafe, could cause property damage, or are offensive to common standards of decency.

The Principal shall establish student dress codes for the District's schools, to be included in the student handbook, which are consistent with the above criteria.

GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with
2. membership in, or representative of, any gang;
3. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative
4. of membership in any gang;
5. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain

6. a member of any gang; and/or
7. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.

Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

STUDENT SEXUAL HARASSMENT

The Greenwood School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to: the nature of sexual harassment; the District's written grievance procedures for complaints of sexual harassment; that the district does not tolerate sexual harassment; that students can report inappropriate behavior of a sexual nature without fear of adverse consequences; the redress that is available to the victim of sexual harassment; and the potential discipline for perpetrating sexual harassment.

"Sexual harassment" means conduct that is:

1. Of a sexual nature, including, but not limited to:
    a. Sexual advances;
    b. Requests for sexual favors;
    c. Sexual violence; or
    d. Other personally offensive verbal, visual, or physical conduct of a sexual nature;
2. Unwelcome; and
3. denies or limits a student's ability to participate in or benefit from any of the district's educational programs or activities through any or all of the following methods:
    a. Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual's education;
    b. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
    c. Such conduct has the purpose or effect of substantially interfering with an individual's academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms "intimidating," "hostile," and "offensive" include conduct of a sexual nature that has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student's ability to participate in, or benefit from, an educational program or activity.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person's alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will provide assistance on the complaint process. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

Complaints will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to: individuals who are responsible for handling the District's investigation to the extent necessary to complete a thorough investigation; the extent necessary to submit a report to the child maltreatment hotline; the Professional Licensure Standards Board for complaints alleging sexual harassment by an employee towards a student; or the extent necessary to provide the individual accused in the complaint due process during the investigation and disciplinary processes. Individuals who file a complaint have the right to request that the individual accused of sexual harassment not be informed of the name of the accuser; however, individuals should be aware that making such a request may substantially limit the District's ability to investigate the complaint and may make it impossible for the District to discipline the accused.

Students, or the parents/legal guardians/ other responsible adult of a student, who file a complaint of sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats, intimidation, coercion, or discrimination. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Following the completion of an investigation of a complaint, the District will inform the parents/legal guardian/other responsible adult of the student, or the student if over the age of eighteen (18), who filed the complaint:

- The final determination of the investigation;
- Remedies the District will make available to the student; and

- The sanctions, if any, imposed on the alleged harasser relevant to the student.

Following the completion of an investigation of a complaint, the District will inform the parents/legal guardian/other responsible adult of the student, or the student if over the age of eighteen (18), who was accused of sexual harassment in the complaint:

- The final determination of the investigation; and
- The sanctions, if any, the District intends to impose on the student.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following an investigation, any student who is found by the evidence to more likely than not have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion.

Individuals who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of sexual harassment shall be subject to disciplinary action up to and including expulsion.

LASER POINTERS

Students shall not possess any hand held laser pointer while in school; on or about school property, before or after school; in attendance at school or any school-sponsored activity; en route to or from school or any school-sponsored activity; off the school grounds at any school bus stop or at any school sponsored activity or event. School personnel shall seize any laser pointer from the student possessing it and the student may reclaim it at the close of the school year, or when the student is no longer enrolled in the District.

INTERNET SAFETY and ELECTRONIC DEVICE USE POLICY

Definition

For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and electronic device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Misuse of Internet

The opportunity to use the District's technology to access the Internet is a privilege and not a right. Misuse of the Internet includes:

- The disabling or bypassing of security procedures, compromising, attempting to compromise, or defeating the district's technology network security or Internet filtering software;

- Disclosing, using, or disseminating passwords, whether the passwords are the student's own or those of another student/faculty/community member, to other students;

SUSPENSION FROM SCHOOL

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5^{th}) grade unless the student's behavior:

a. Poses a physical risk to himself or herself or to others;
b. Causes a serious disruption that cannot be addressed through other means; or
c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and

3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18), older, or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents', legal guardians, person having lawful control of the student or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, personal having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number;
    - The contact may be by voice, voice mail, or text message.
- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education program.

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5^{th}) grade unless the student's behavior:

a. Poses a physical risk to himself or herself or to others;
b. Causes a serious disruption that cannot be addressed through other means; or
c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents or legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, designee, or representative will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion. The District's program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District is the student had not been expelled.

SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

STUDENTS' VEHICLES

Students using any type of vehicle as a means of transportation to and from school may be permitted to do so subject to all rules and regulations set forth by the Principal of the school. (bicycles, motorcycles, automobiles, trucks, etc.) Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege, which may be denied to a student for any disciplinary violation, at the discretion of the student's building principal.

Only students with a valid driver's license may be permitted to drive automobiles and trucks provided they meet all regulations and laws pertaining to such vehicles.

Students are not permitted to loiter in parking areas and are not to return to their vehicles during the school day for any reason unless given permission to do so by school personnel.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle.

COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: chicken pox, measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any blood borne, food borne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

The District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

STUDENT ILLNESS/ACCIDENT

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student or for required medical expenses. When available, current, and applicable, the student's emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

EMERGENCY DRILLS

All schools in the District shall conduct fire drills at least monthly. Tornado drills shall also be conducted no fewer than three (3) times per year with at least one each in the months of September, January, and February. Students, who ride school buses, shall also participate in emergency evacuation drills at least twice each school year.

The District shall annually conduct an active shooter drill and school safety assessment for all District schools in collaboration with local law enforcement and emergency management personnel. The training will include a lockdown exercise with panic button alert system training. Students will be included in the drills to the extent that is developmentally appropriate for the age of both the students and grade configuration of the school.

Drills may be conducted during the instructional day or during non-instructional time periods.

Other types of emergency drills may also be conducted to test the implementation of the District's emergency plans in the event of violence, terrorist attack, natural disaster, other emergency, or the District's Panic Button Alert System. Students shall be included in the drills to the extent practicable.

PERMANENT RECORDS

Permanent school records, as required by the Arkansas Department of Education, shall be maintained for each student enrolled in the District until the student receives a high school diploma or its equivalent or is beyond the age of compulsory school attendance. A copy of the student's permanent record shall be provided to the receiving school district within ten (10) school days after the date a request from the receiving school district is received.

CORPORAL PUNISHMENT

The Greenwood School Board authorizes the use of corporal punishment to be administered in accordance with this policy by the Superintendent or the superintendent's designated staff members who are required to have a state-issued certificate as a condition of their employment.

Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.

All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, and shall be administered in the presence of another certified staff member as a witness, shall not be excessive, or administered with malice.

Corporal punishment shall not be used as a form of discipline for a student who is intellectually disabled, non-ambulatory, non-verbal, or autistic.

HOMELESS STUDENTS

The Greenwood School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- Coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive Professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
    - Are enrolled in school;
    - Have opportunities to meet the same challenging State academic standards as other children and youths; and
    - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

- Continue the child's or youth's education in the school of origin for the duration of homelessness:
    - In any case in which a family becomes homeless between academic years or during an academic year; and
    - For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
    - Enroll the child or youth in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

1. Are:
    - Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
    - Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
    - Living in emergency or transitional shelters;
    - Abandoned in hospitals; or
2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
4. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.

PHYSICAL EXAMINATIONS OR SCREENINGS

The Greenwood School District may provide from time to time for the administration of physical exams or screenings of its students. The intent of the exams or screenings shall be to detect contagious or infectious diseases or defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to their full potential.

The district shall notify parents, at least annually, of the specific or approximate dates of any nonemergency, invasive physical examination or screening that is:

1. required as a condition of attendance;
2. administered by the school and scheduled by the school in advance; and
3. not necessary to protect the immediate health and safety of the student, or of other students.

For the purposes of this policy, "Invasive Physical Examination" is defined as any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

A student may be required to pass a physical exam before being allowed to participate in certain extracurricular activities to help ensure they are physically capable of withstanding the rigors of the activity. It is understood that students who refuse to take such an exam will not be allowed to participate in the desired activity.

The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

OBJECTION TO PHYSICAL EXAMINATIONS OR SCREENINGS

I, the undersigned, being a parent or guardian of a student, or a student eighteen (18) years of age or older, hereby note my objection to the physical examination or screening of the student named below.

STUDENT HANDBOOK

It shall be the policy of the Greenwood school district that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, and the student handbook is more recently adopted than the general board policy, the student handbook will be considered binding and controlling on the matter.

STUDENT TRANSPORTATION

Pupil transportation is a service of the school provided for the general welfare of students. Since transportation is a service and not required by state law, any student may be denied the privilege of this service if he or she cannot conform to the accepted rules of conduct of a bus student as provided in bus student regulations.

It shall be the duty of the Administrative Staff to route the buses to provide the best service for the greatest number of students. The bus driver shall not deviate from established route except on instructions from the Administrative Staff.

An effort shall be made to hire competent CDL licensed drivers who reside in the community center being served. Qualifications and standards shall conform with those set forth in the State Department Handbook, “Handbook for the School Bus Driver” provided by the State Department of Education.

Each driver's employment will be approved by the School Board. Drivers will be notified of their employment status for the following year after the School Board takes action on non-certified personnel.

Maintenance of the district buses is done by the school mechanics and paid by the school district.

It is the duty of the Administrative Staff and the mechanics to see that buses are always kept in a good state of maintenance and that all safety requirements are met as reflected by the annual inspection by the State Department of Education.

DRUG SCREEN TEST POLICY

The Greenwood School District recognizes that drug and alcohol use/misuse is a significant health problem for students, detrimentally effecting both overall health and safety within school activities. The Greenwood Board of Education is determined to help students by providing another option for them to say "No." Drug and alcohol use/misuse includes but is not limited to the use of illegal drugs/alcohol and the misuse of legal drugs.

Purpose of a Chemical Abuse Policy:

a. To allow the students of Greenwood Schools to know that the school is concerned about their total well-being.

b. To assist students of Greenwood Schools in resisting peer pressure that directs them toward drug use/misuse
c. To establish high standards of conduct for students of Greenwood Schools.
d. To emphasize concern for the health and safety of students while they are participating in activities and to emphasize the long-term physical and emotional effects of drug and alcohol use/misuse on their health.
e. To confirm and support laws which restrict the use/misuse of drugs.
f. To work cooperatively with custodial parent/legal guardian in keeping their children free from drug abuse/misuse.
g. To assist students by referring them for counseling or rehabilitation regarding their use/misuse of drugs.
h. To deter drug and alcohol use/misuse by all students through the use of random drug testing.

The provisions of this policy apply to students in Greenwood Schools in grades seven through twelve. No student will be allowed to participate in any school activity outside the regular curriculum until a consent form for random drug testing has been signed by both student and custodial parent/legal guardian and returned to the principal. Positive screening results are cumulative, meaning a third positive test at any point during that student's enrollment will result in loss of eligibility in the programs and/or loss of driving privileges and will follow the student for the duration of enrollment in the Greenwood School District.

Definitions

For the purposes of this policy, prohibited substances are those drugs which could be abused or misused under Arkansas Statutes or which are controlled by the Food and Drug Administration unless prescribed by a licensed physician.

Extra-curricular activities will be defined for the purpose of this policy to be participation in competitions, athletic practices and games, other before or after school practices, campus parking, school trips, presentations, and other activities.

Prescription Medication The detection of lawfully prescribed medication on a student's drug test is not a violation of this policy when taken in accordance with a physician's recommendation or prescription to that specific student. Students who test positive but refuse to provide a current and valid prescription will be subject to the actions specified in this policy for a positive test.

Consent Form

Students and custodial parent/legal guardian will be required to sign a consent form at the beginning of each year for random drug testing. No student will be allowed to participate in any extra-curricular activity or purchase a parking permit until the consent form has been signed by both student and custodial parent/legal guardian and returned to the principal. Students moving into the district during the school year must sign the consent form during the first two weeks of enrollment.

Random Testing Selection Process

While students are in school, they will be subject to random selection for testing. The number of names drawn will be no less than (2%) or greater than (15%) of the students in grades seven through twelve. Urinalysis will be the method utilized to test for the presence of abuse/misuse of drugs in the body. All students selected must report to the designated testing site immediately upon notification.

Testing Agency

The district will choose a qualified agency for the purpose of collecting and processing samples and maintaining privacy with respect to test results and related matters. The testing agency will provide a Medical Review Officer (MRO) for the purpose of interpreting test results. Upon notification by the school

district, the testing company will randomly select students by computer. Testing dates will be selected by the school district.

Cost
The cost of the test to be given during random selection will be paid by the district. Tests administered to regain eligibility after the first positive test will be at the expense of the student.

Refusal to Submit to Testing
Any student selected who refuses to submit to random drug testing and/or re-testing will be subject to the provisions of a positive test.

Testing Procedure
All urine specimens will be taken at a designated collection site. Any student who is requested to provide a urine specimen will be directed to the collection site where the student will complete the necessary forms and will conform to all collection site procedures. All test results and Medical Review Officer (MRO) communications will be sent to the Superintendent or Superintendent's designee.

Analysis Process
Testing protocol involves on-site collection and testing of urine samples. If a sample initially tests nonnegative for any substance, that sample will be immediately retested. In the event that the second test reports negative, the sample will be considered negative for reporting purposes. A second non-negative test will result in the sample being immediately delivered to district's test vendor for GC/MS confirmation with results provided directly to the MRO.

Results and Notification
All tests results including those verified by the designated MRO will be reported to the Superintendent or Superintendent's designee. All reports will be in writing.

Records
All records concerning drug/alcohol testing will be maintained by the Superintendent or Superintendent's designee and the school's designated MRO in a separate locked file. The records will not be kept in a student's regular file. Only the Superintendent or Superintendent's designee will have access to the files. The files on each student will be destroyed upon graduation or two years after termination of enrollment. A student and the student's custodial parent/legal guardian may obtain a copy of his/her drug/alcohol testing records upon written request.

First Positive Test
Upon verification of a positive test result for any donor, the student and custodial parent/legal guardian will be by the superintendent or superintendent's designee. Upon the first positive drug test, the student will be suspended from participation in athletics, extra-curricular activities and driving to and from school for a minimum of 14 school days and will not be reinstated until a negative test result has been provided to the school. Additionally, the student will be required to attend drug counseling sessions. Also, once the student has been reinstated, he/she will be on probation for a calendar year and may be drug tested on each testing date during the year probation period. Any counseling/rehabilitation service costs will be the responsibility of the student and/or custodial parent/legal guardian. Students who test positive are also subject to a Family in Need of Services Petition (FINS) filing through the office of the Sebastian County Juvenile Probation Officer. During the year probation period, if the student tests positive at any time, he/she will be required to follow the procedure for a second positive test. A positive test result

taken for re-instatement purposes after the first positive test will not be regarded as a second positive as long as the sample shows a decrease in the level of the illegal substance.

Second Positive Test
Upon verification of a second positive test, the student will not be allowed to participate in extracurricular activities or park on campus for one calendar year. Following the calendar year, the student will be assigned to a testing date with the results being reported to the district at the district's expense. As a function of the follow-up program, a student may be tested at any scheduled screening during the calendar year suspension from activities.

Third Positive Test
Upon verification of a third positive result, the student will be permanently suspended from participation in or attendance to any extra-curricular activity and parking on campus for the remainder of his/her enrollment at the school. A third positive test could be a positive test from the random pool, the follow-up program, or the test at the end of the year suspension period.

Nature of Policy
No student will be penalized academically for a positive test. The results of any drug test pursuant to this policy will not be documented in any student's academic records.

Other Disciplinary Measures
This policy does not preclude other disciplinary measures set forth in the student handbook, nor does it preclude the district from following disciplinary procedures and resulting actions founded upon reasonable suspicion that a student has participated in drug related activities.

STUDENTS WITH SPECIAL HEALTH CARE NEEDS

This School Policy on children with Special Health Care Needs of the Greenwood School District is developed in accordance with the Arkansas Act 1146 of 1995 to serve as a resource guide for students with special health care needs.

According to the law, a free appropriate public education means the provision by school districts of both special education and the related services that students need to make their schooling possible. Related services are defined to include, among other kinds of services, "school health services." In addition, there are students who require "school health services" who are not in need of special education. It is the responsibility of the school to provide "school health services" for these individuals.

School health services are provided to permit a student to benefit from his or her educational program. The school district will provide a particular health service when it:

a) is "necessary" to enable the student to attend school,
b) can be performed by a school nurse or some other "qualified person"
c) is not "unduly expensive"
d) and does not require "constant" attention by a staff person.

Students with special health care needs are those who require individualized health care intervention to enable participation in the educational process. Included within this population are students:

a) who may require administration of medication and/or special procedures during the school day;
b) who may use a particular health care device that compensates for the loss of a vital body function;
c) who may have a chronic medical condition that is currently stable, but may require routine or emergency health care procedures; and
d) who may require the provision of substantial, special, or frequent health care to avert death or further disability.

Educational and health care professionals use a variety of terms to describe students with chronic or special health conditions. Such students may be referred to as chronically ill, other health impaired, medically fragile or technology dependent. Each of these terms share overlapping features.

"Chronically ill" is the term used to describe a student whose condition is long-term and results in decreased strength, vitality and alertness. Chronic conditions often seen in students include asthma, diabetes, rheumatoid arthritis, cancer and epilepsy. Students who have a chronic illness often present a fluctuating state of health care needs. The condition may adversely affect the student's educational performance and require supervision to maintain, regulate, or intervene, as appropriate.

"Medically fragile" describes a condition in which the absence of immediate, health-related, special-skilled care threatens the life or health of the student. A medical protocol is required to ensure a person's safety. There is no foreseeable end to this condition. (Brodsky & Wilson, 1989).

"Technology dependent" describes a condition in which a student requires a medical device, such as mechanical ventilation, tracheotomies, oxygen, or respirator to compensate for the loss of a vital body function.

In Arkansas, the term "other health impairment" is used in the educational setting to identify a student who requires special education and related services because of a health condition which results in

“limited strength, vitality, or alertness, due to chronic or acute health problems such as a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, epilepsy, lead poisoning, leukemia or diabetes, that adversely affects a child’s educational performance” (Arkansas Department of Education Program Standards document, page 23-1).

The definition of special health care needs includes students with a wide continuum of needs, from mild to severe. Some students may only require medication during the school day, while other students may require more extensive health care services. For example, a student with asthma may just need medication, while another student with diabetes may need injections and a special diet. It is important for school personnel to have a process in place where an Individualized Health Care Plan (IHP) is developed for every student with a special health care needs.

AGE LIMIT FOR STUDENT ATTENDANCE

It is the policy of Greenwood School District that on the day a student reaches his/her 21st birthday, his/her attendance shall cease and any services provided to the student by the school shall also cease.

After any student completes graduation requirements that student will no longer be permitted to attend Greenwood School District.

GRADUATION CEREMONY PARTICIPATION

In order to participate in graduation ceremonies students must be in position to complete graduation requirements by the end of the summer term following the graduation ceremony.

SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2021 AND THEREAFTER

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, a *Smart Core Information Sheet* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh (7^{th}) grade, or when a seventh (7^{th}) through twelfth (12^{th}) grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the waiver forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;

- Discussions held by the school's counselors with students and their parents; and/or Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of "eligible child" in Policy 4.2— ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A home-schooled student who is not a resident of the District and is prohibited under this policy from participating in an interscholastic activity that is an athletic activity for one (1) calendar year may immediately participate in rehearsals, tryouts, practices, auditions, classes, or other endeavors associated with the interscholastic activity.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services ("DHS"), the Division of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child's placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District's foster care liaison by a foster child's caseworker that a foster child's school enrollment is being changed to one of the District's schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by DESE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, rules for standards of accreditation, or other applicable rule or regulation; or

2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
  - ✓ The Foster Child School Choice Act; Opportunity Public School Choice Act of 2004;
  - ✓ The Public School Choice Act of 2015; or
  - ✓ Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child's school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child's transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

1. There have been a minimum of 30 instructional days since the start of the school year; and
   - After consulting with each classroom teacher in which the siblings were placed, the school determines the parent's classroom placement request is:
     - Detrimental to the educational achievement of one or more of the siblings;
     - Disruptive to the siblings' assigned classroom learning environment; or
     - Disruptive to the school's educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings' classroom placement to the Superintendent. The Superintendent's decision regarding the appeal shall be final.

POSSESSION AND USE OF CELL PHONES AND OTHER ELECTRONIC DEVICES

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of statewide assessments, no electronic device, as defined in this policy, shall be accessible by a student at any time during assessment administration unless specifically permitted by a student's individualized education program (IEP) or individual health plan, this means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions.

As used in this policy, “electronic devices” means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to record audio or video or to take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms.
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student’s IEP or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school-sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

The student and/or the student’s parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school’s administration office by the student’s parents or guardians. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated. A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.30—SEARCH, SEIZURE, AND INTERROGATIONS.

Students who use school issued cell phones and/or computers for non-school purposes, except as permitted by the district’s Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle that is in motion and on school property. Violation may result in disciplinary action up to and including suspension.

IMMUNIZATIONS

Definitions

"In process" means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

“Serologic testing” refers to a medical procedure used to determine an individual’s immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella; Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by

A. Licensed physician;
B. Health department
C. Military service; or
D. Official record from another educational institution in Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating “up-to-date”, “complete”, “adequate”, and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted. Valid proof of immunization and of immunity based on serological testing shall be entered into the student’s record.

In order to continue attending classes in the District, the student must have submitted:

1) Proof of immunization showing the student to be fully age appropriately vaccinated;
2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student’s next immunization;
3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

Temporary Admittance

While students who are not fully age appropriately immunized or have not yet submitted an immunization waver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student's admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student's temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion from School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for twenty-one (21) days or longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.

It is the responsibility of the student or the student's parent/legal guardian to make sure that the student's assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in "examinations" and the District has no control over administering state mandated make-up

assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

Annually by December 1, the District shall create, maintain, and post to the District's website a report that includes the following for each disease requiring immunization under this policy;

- The number of students in the District that were granted an exemption by the Department of Health from an immunization;
- The percentage of students in the District that were granted an exemption by the Department of Health from an immunization; and
- The percentage of a population that must receive an immunization for herd immunity to exist.

SCHOOL MEAL MODIFICATIONS

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to the district's Director of Child Nutrition a medical statement completed by a State licensed healthcare professional, which includes:

  - The Arkansas State Medical Board;
  - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
  - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student's disability that is sufficient to understand how the disability restricts the student's diet;
2. An explanation of what must be done to accommodate the disability, which may include:
   a. Food(s) to avoid or restrict;
   b. Food(s) to substitute;
   c. Caloric modifications; or
   d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District's 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

FOOD SERVICE PREPAYMENT

Meals, a la carte, or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Parents, or students choosing to do so, may pay in advance for meals, a la carte, or other food and beverage items through any of the following methods:

STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8^{th}) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the criteria. Detailed information regarding the criteria for promotion and retention can be found in the individual building level student handbook sections. If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

a. The building principal or designee;
b. The student's teacher(s);
c. School counselor;
d. A 504/special education representative (if applicable); and
e. The student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Beginning with the 2018-2019 school year, each student shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;

- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion/retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP or completion of the Alternate Pathway to Graduation when applicable.

ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOOLED STUDENTS

The District allows private school and home schooled students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered by the District.

A private school or home schooled student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:

a. August 1 for Fall semester courses; or
b. December 1 for Spring semester courses.

The superintendent, or designee, is authorized to waive the application deadline on a case by case basis.

The District permits a private school or home schooled student to attend a maximum of six (6) courses per semester.

The District may reject a private school or home schooled student's request for attendance if the District's acceptance would:

- Require the addition of staff or classrooms;
- Exceed the capacity of a program, class, grade level, or school building;
- Cost the District more for the student to attend the academic course than the District receives for the student's attendance;
- Cause the District to provide educational services the District does not currently provide at a financial burden to the District; or
- Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home schooled student's request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home schooled student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the

date and time stamp on the request for attendance to determine the private school or home schooled student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home schooled student shall:

- Indicate the course(s) the private school or home schooled student is interested in attending;
- If the course(s) the private school or home schooled student is interested in attending is being offered by the District in both a physical and a digital format, whether the private school or home schooled student intends to attend the physical course or the digital course;
    - Submit, along with the student's application, a copy of the student's transcript indicating that the student has received credit for the course(s), or equivalent course(s), that are a prerequisite to the course(s) the student desires to attend at the District;
- Agree to follow the District's discipline policies; and
- Submit immunization documentation required by Policy 4.53—IMMUNIZATIONS.

A private school or home schooled student who fails to attend an academic course by the eleventh (11) day of class or who is absent without excuse for eleven (11) consecutive days during the semester shall be dropped from the course.; however, a private school or home schooled student shall not be considered truant for unexcused absences from the course(s) the student is attending at the District.

Private school or home schooled students shall receive a final grade and transcript for each academic course the student completes.

The responsibility for transportation of any private school or home schooled student attending academic courses in the District shall be borne by the student or the student's parents.

The opportunity provided to home schooled students under this policy is in addition to the opportunity provided in Policy 4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS.

If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. The school shall also send timely progress reports and issue grades for each nine (9) week grading period 1 to keep parents/guardians informed of their student's progress.

The evaluation of each student's performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Students' grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

We seek additional involvement of parents in support of every phase of their children's education. We will make this policy available to our community by posting it to our web site and making it available to parents upon request.

    - Involvement in the education of their children
    - Volunteer activities
    - Learning activities that support classroom instruction

    - Collaboration with the community
    - Development of school goals and priorities
    - Evaluating the effectiveness of the comprehensive school improvement plan
2. Be comprehensive and coordinated in nature.
3. Recognize that communication between home and school should be regular, two-way, and meaningful.
4. Promote and support responsible parenting.
5. Acknowledge that parents play an integral role in assisting student learning.
6. Welcome parents into the school and seek parental support and assistance.
7. Recognize that a parent is a full partner in the decisions that affect his or her child and family.
8. Recognize that community resources strengthen school programs, family practices, and student learning.
9. Support the development, implementation, and regular evaluation of the program to involve parents in the decisions and practices of the school district.

The Greenwood Public School Policy includes the following components:

d. We are coordinating and integrating parental involvement strategies included in other programs such as: Head Start, Reading First, Early Reading First, Even Start, Parents as Teachers, HIPPY and State operated preschool programs.
e. We will, on an annual basis, conduct an evaluation of the content and effectiveness of the LEA's parental involvement policy. These evaluations will be in conjunction with our parents and community.
f. We seek to confirm whether our policy is helping improve the academic quality of our schools, including identifying any barriers to greater participation by parents. We are determined to use the results of this evaluation to help us design better strategies for parental involvement and revise our policies.

In accordance with ACT 397 of 2009, our school district shall provide:

More information can be obtained through the Greenwood Junior High Office, the Greenwood School District Office, or the Special Education Office.

ABSENTEE ASSIGNMENTS

1. Work assigned before a planned absence such as a trip or vacation is due the day the student returns to school. Work not turned in upon the student's return to school will result in the work receiving a zero.
2. Work assigned before an absence and due on the day of the absence is due the day a student returns to school.
3. Students will be allowed one day for each day absent to make up work missed during unplanned absences. After time has expired the student will receive a zero for the work.

4. With the principal's approval, exceptions may be made for absences due to the death of an immediate family member or for serious medical procedures, which render the student incapable of completing the work. Other extraordinary situations might also qualify.
5. Students who miss a test and do not have a study hall may make up that test during a regular class period.
6. Students absent from school may pick up homework assignments in the office after two consecutive absences.

ACADEMIC IMPROVEMENT PLAN (AIP)

Beginning with the 2004–05 school year, any student who scores basic or below basic on the state mandated tests will have a student Academic Improvement Plan. That student will be evaluated by school personnel who will develop this plan jointly with the student's parent/guardian to assist the student in achieving the expected standard in subject area(s) where performance is deficient. The AIP shall describe the parent's role and responsibilities as well as the consequences for the student's failure to participate in the plan. Beginning with the 2005–06 school year, students in grades three through eight (3–8) identified as not passing a benchmark assessment and who fail to participate in the subsequent academic improvement plan shall be retained and shall not be promoted to the next appropriate grade until:

A. The student is deemed to have participated in an academic improvement plan; or
B. The student passes the benchmark assessment for the current grade level in which the student is retained.

ACCESS TO STUDENT RECORDS

Parents and legal guardians of students may have access to student records as provided by the Family Educational Rights and Privacy Act of 1974. This act allows for the inspection of the contents of records and for the right of a parent to challenge anything contained within the records that he/she considers to be inaccurate or misleading. The person making the request is also entitled to the opportunity to receive an interpretation of the records.

1. The parent or legal guardian of a student will have access to these records upon written request to the principal maintaining those records within the school system. If the student is 18 years old or older, only that student has the right to determine who, outside the school system, has access to his/her records. A parent or a student over 18 years of age has the right to inspect educational records. The right for a hearing exists should one choose to challenge the contents of such records to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students, and to provide an opportunity for the correction or deletion of such inaccurate, misleading, or otherwise inappropriate data contained therein, and to insert into such records a written explanation by the parents respecting the contents of such records. The request to inspect such records will be complied with as soon as possible and in no case more than 45 days from the receipt of the request. The same time limits apply for a request for a hearing to challenge the content of such records.
2. School personnel having access to that data are defined as any person or persons under contract to the district and directly involved in working toward either the affective or cognitive goals of the system.
3. Student transcripts, grades, test records, health records, psychological and diagnostic evaluation records may be transferred to or from other schools by the Greenwood School officials whenever a student transfers to or from this school without obtaining the student's, parent's, or guardian's written consent.

4. Student records will be furnished in compliance with judicial orders or pursuant to any lawfully issued subpoena if the parents, legal guardians and students are notified in advance.
5. All authorizations for release of information will be filed in the cumulative folder.
6. Directory information must be identified by board policy (name, date of birth, place of birth, etc.). School districts may release directory information without the prior consent of the student or student's parent or guardian if the following steps are taken:
    a. Notice of intention to release information that states the type of information to be released must be given.
    b. Student, parent, or guardians know they have the right to refuse to permit release.

BALLOON POLICY

Helium filled balloons will not be allowed on any bus within the district. These balloons are a distraction to the drivers and a safety hazard on the busses. Parents will have to make arrangements to pick up any balloon deliveries their child may receive.

BODY MASS INDEX

In accordance with state law, students will take part in body mass index measurements unless specifically otherwise requested by the parents. The results of these measurements will be provided to parents as part of the individual student health report.

CANINE UNIT

In an effort to better serve the community and school district, upon the request of the school administration, the school resource officer may call upon the services of the Greenwood Police Department's Canine Unit. The Canine Unit may be called upon to search any school district facility and property, including all school district parking lots.

CLASSROOM RULES

Classroom rules and consequences are established by each individual teacher. Teachers will use appropriate classroom rules/procedures. These will be communicated with parents at the beginning of each school year.

CONFLICT RESOLUTION

We welcome parent involvement at every building. If there is ever a problem or concern, the best way to resolve this problem is to take the following steps in order:

1. Talk with the teacher.
2. Talk with the principal.
3. Talk with the Assistant Superintendent.
4. Talk with the Superintendent.
5. Talk with the School board.

COUNSELOR

The counselor is available to students from 7:30 until 3:15 each day. For non-emergencies, students should sign up for an appointment in the reception area of the counselor's office.

Counselor Referrals

1. The student needs to make a written request to see the counselor by signing the request form between classes. The counselor will then schedule a conference time with the student. Students must not be dismissed from class without a pass.

2. Teacher referral forms need to be completed and placed in the counselor's office. The counselor will schedule a conference time during the student's study hall or another time, such as before school, lunch, etc.
3. Students will be seen during class time in the event of an emergency or critical situation.
4. Students must have a hall pass before school or during lunchtime from the counselor's office to be admitted in the hall.
5. Students who are late for class due to conferencing with a counselor must have a note from the counselor in order to be admitted to class without penalty.

DIRECTORY INFORMATION

Each year there are situations in which the school will publish lists of student names in programs, newspapers, or in lists to be provided for certain agencies, such as colleges or branches of the military. This is considered to be directory information. Examples of directory information include names or photographs for honor rolls, yearbook pictures, school newspapers, district publications, athletic rosters, and graduation programs. Each student's name will be included in such routine lists that have traditionally been a part of the school program unless the parents or guardians make a written request that their child's name not appear on lists of this type. Any parent or guardian who does not want their child included in directory information must file a written request to the effect within two weeks of the beginning of the school year. This request shall be sent to the principal's office at the school in which the child is enrolled.

DISCIPLINE FOR STUDENTS WITH DISABILITIES

1. Disabled students who engage in misbehavior are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to free appropriate public education.
2. The individualized education plan (IEP) team for a disabled student should consider whether particular discipline procedures should be adopted for that student and included in the IEP.
3. Disabled students may be excluded from school only in emergencies and only for the duration of the emergency in no case should a disabled student be excluded for more than ten days in a school year.
4. After an emergency suspension is imposed on a disabled student, an immediate meeting of the student's IEP team should be held to determine the cause and effect of the suspension with a view toward assessing the effectiveness and appropriateness of the student's placement and toward minimizing the harm resulting from the exclusion.
5. The suspended student should be offered alternate educational programming for the duration of the exclusion.
6. There is a staff member designated as a grievance officer for Act 504.

*****For Specific discipline guidelines for each school, refer to the individual school sections of this handbook.***

DISTRIBUTION OF LITERATURE

The federal courts have not always been consistent in interpreting the First Amendment rights of students regarding the distribution of literature. Federal courts in Arkansas and the Eighth Circuit Court of Appeals have not ruled on this subject.

1. Students shall have the right to distribute and possess literature including, but not limited to, newspapers, magazines, leaflets and pamphlets, except that the district may prohibit a specific

issue of a specific publication if there is substantial, factual basis to believe its possession or distribution will cause, or is causing substantial disruption of school activities.

2. Prior to the issuance of the petition, the person or persons responsible shall make the building principal aware of said petition and understand the rules and regulations regarding circulation. The time, place, and the manner of student distribution of literature, shall be at the discretion of the building principal.
3. Petitions shall be free of obscenities, libelous statements, and personal attack and shall be within the bound of reasonable conduct.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility. Upon request, the school

discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Some exceptions to Limiting Access to Foods and Beverages in All Schools:

1.02 Exceptions to Limiting Access to Foods and Beverages in All Schools

INCLEMENT WEATHER

School will not be in session when the weather makes it dangerous for school buses to run. On mornings when the weather is severe, the local radio and television stations will announce the decision on whether or not school will be in session. Parents will also receive notification through Blackboard Connect, the School Messenger System. You may also check Greenwood School District's Facebook page or follow Twitter (GSD_Excellence). Many times it is impossible to predict the road conditions in advance, so the decision on bus operation may have to be made shortly before regular bus departure time. During the day if weather conditions become bad enough to require buses to make their runs before regularly scheduled time, local radio and television stations will be notified. The School Messenger System will also be utilized. Announcements will be posted on Facebook and Twitter.

Parents are responsible for making arrangements for their child/children in the case of early dismissal.

INSURANCE

Each year the Greenwood School District makes available to the parents of all students, a student accident insurance policy to provide low cost medical hospitalization coverage for accidents during the school year. The school principal will furnish information regarding this coverage shortly after the opening of school. It is also very important to read the exclusions that list the cases which the accident policy does not cover. The Greenwood School District has absolutely no affiliation with any insurance company and does not receive financial return from any policy which may be issued. This is simply a service to the parents in which the school district serves as the agent to collect the premiums and forward them to the insurance company. The school district assumes no obligation with regard to payment of claims, but, is always ready to assist parents with special problems. If you have a question about school insurance, please contact the school principal. Parents should read about benefits carefully before deciding to insure a child.

LIBRARY/MEDIA CENTER

Our school libraries are well equipped and vital to the quality of the educational program. Students are encouraged to utilize and check out any of the available materials, especially books. In order to maintain an adequate collection, students, teachers, and parents or guardians must cooperate to see that materials are returned in good condition. If they are damaged or lost, a charge equal to the current replacement will be made. Borrowers are responsible for damage to library materials. Lost books should be reported to the librarian. A lost book must be paid for before the end of the **9 week/18 week grading periods**. In the event the book is found and returned in satisfactory condition, the school will return the student's money.

MEALS-SCHOOL LUNCHES / BREAKFASTS

The school cafeteria serves a balanced meal. All students are encouraged to eat at school. In order to meet the requirement, a lunch is served consisting of a meat or meat substitute, vegetable fruit, grain product and milk. Monthly menus are available online.

MEDICAID SERVICES

Under the Family Education Rights and Privacy Act (FERPA), parental permission is required in order to release student personal identifiable information to Medicaid. This permission grants the Greenwood School District the ability to release these records for the purposes of billing Medicaid. The information that may be released includes: student's name, student's date of birth, student social security number, student evaluation and referral information, IEP goals and progress notes. The parent has the right to revoke this permission at any time. The parent's signature on the handbook page gives the permission to Greenwood Public Schools to access Medicaid to receive reimbursement for healthcare services delivered to a child in the school district. The Greenwood School District can release education records each time access is made for the purpose of determining eligibility, billing for services and/or completing audit/review requests.

PARENTAL INVOLVEMENT-SUPERINTENDENT STATEMENT

The superintendent of Greenwood School District supports and encourages parental involvement in school activities and the educational process. Students whose parents are involved in their education are more likely to be successful.

PARENT RESPONSIBILITY

Parents can do much in helping their child in school through having a positive attitude regarding education and in providing experiences which will enrich the child's life. It is at home at an early age that a child forms his/her attitude about learning. A genuine interest in the child's learning activities is important in attitude development. By being receptive to new ideas, the parent aids the child in learning new things. The parent, as an interested party, may welcome the opportunity to visit the school and confer with teachers. Teamwork between the parent and school is essential to the child's progress and adjustment and is encouraged. Parents are urged to have their children at school on time each day.

PHYSICAL EDUCATION

All elementary schools are required to participate in physical education classes. If a student's participation has some limitations, this should be indicated in a note form from the child's doctor. Most everyday school clothing is satisfactory for the physical education activities. Wearing tennis shoes is encouraged to prevent accidents.

RANK-IN-CLASS

Graduating seniors will be assigned a class rank determined by accumulative points using the following weighted grading scale:

Regular Classes/Pre AP/GHS Concurrent Courses	*Advanced Placement*
A = 4	A = 5
B = 3	B = 4
C = 2	C = 3
D = 1	D = 2
F = 0	F = 1

Credits earned in Home School: Credits earned at any school not fully accredited by a state's education department or one of the state's regional accrediting agencies (i.e., North Central Association) must be approved by the principal.

REPORT CARDS

Each nine -week period students in grades K-6 will receive a report card. **Students in grades 7-12 will receive report cards at the end of each semester.** Please study the card carefully. This report card will tell you about his/her progress in school. Remember that the card is an individual report. No two children are alike. For that reason, it is unwise to compare your child's report card with that of another child.

RESOURCE OFFICER

The Greenwood School District, along with the city of Greenwood provides a School Resource Officer Program. The objective of the School Resource Officer Program is to promote and assist the Greenwood School District in providing a safe learning environment and to improve relations between the law enforcement officers and the youth of our community. The role of the School Resource Officer is:

2. **Protective.** The first priority is the protection of the students and staff from negative outside influences and to assist in the maintenance of order.
3. **Consultant.** The second priority is to act as an advisor to staff in safety matters, violence reduction strategies and legal aspects of activities of students.
4. **Instructo**r. The third priority is to facilitate learning in citizenship and related law education. Specialized lectures will be prepared and presented to classes and guest lecturers will present topics discussed by the school staff. Students will be provided with information about their rights and responsibilities in the school and community.
5. **Community Relations.** The fourth priority is to provide a positive role model to students and to foster better understanding between the law enforcement community, the students, and staff.

Crisis Intervention. The final priority is to assist students through counseling about law related problems and to assist them by mediation of disputes. School resource officers will attempt to identify problems with students and guide them to addressing their problems in a non-violent manner.

SKATEBOARDS

Skateboards are not allowed on campus at any time during the school day. They may not be carried to school and stored in lockers. After school hours, skateboards may be ridden on the following areas only:

- Sidewalks
- Streets
- Parking lots

STUDENT NEWSPAPERS AND UNOFFICIAL PUBLICATIONS

School newspapers are for reporting school news and are under the direct supervision of a certified instructor and the building principal. Students have the right to editorialize. Recognizing the power of the written word, students are urged to be constantly aware of the implications of published articles.

Consultation with the sponsor shall occur. Students must refrain from printing anything that might contain obscene language or libelous materials.

SURVEYS

In accordance with district policy 5.17, no student shall be required to submit to a survey, analysis, or evaluation which is administered or distributed by a school, and is funded in whole or in part by any program administered by the U.S. Department of Education without the prior written consent of the parent/guardian that reveals information concerning the following:

CHILDREN ARE NOT TO BE CALLED TO THE TELEPHONE EXCEPT IN CASE OF AN EMERGENCY. If parents wish to speak to a teacher, they may leave their name and telephone number and the teacher will return you call as soon as possible. Our teachers also have access to E-mail. You may obtain the teachers E-mail address by contacting the teacher or the school office.

TEXTBOOKS

Textbooks are furnished to each student free of charge. However, if the textbook is lost or damaged, the student will be charged with the current replacement cost of the textbook. If the book should be found, money will be refunded, according to the condition of the book.

TITLE IX

In June 1972, Congress passed Title IX of the Education Amendments, a law which affects virtually every educational institution in the country. The law prohibits discrimination by sex in educational programs that receive federal funds.

The law states in part that "no person in the United States shall on the basis of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal assistance…"

TRANSPORTED STUDENTS

The Greenwood School District strives to offer the highest quality of educational opportunities to all its students so they may reach their maximum potential. The District will make every effort to provide our children with the safest environment possible when riding a school bus. Rules must be established and followed so a safe environment can be maintained. The Greenwood Board of Education has adopted the following policies to help ensure our students are transported in a safe manner.

GENERAL SAFETY RULES FOR RIDING THE BUS

- Be at your bus stop five minutes before your scheduled pickup time and stand a safe distance from the road.
- Do not play on the roadways while waiting for the bus.
- Wait until the bus stops and the driver signals it is safe to approach or cross in front of the bus.
- Always cross the road in front of the bus where the driver can see you. Never behind the bus.
- Wait until the bus leaves before you cross the road to check the mail.
- Speak quietly with other students. Do not make loud noises that would distract the bus driver.

These rules must be observed at all times when riding a bus:

1. Observe same conduct as in the classroom at all times.
2. Cooperate with and Respect the bus driver. Follow the directions of the bus driver all times.
3. Be courteous; no use of profane language allowed.
4. Do not eat or drink on the bus.
5. Keep the bus clean. Keep the bus aisle clear of all books, bags, feet, legs, etc. at all times.
6. No drugs, alcohol or tobacco products of any kind are allowed on the bus.
7. Do not be destructive or tamper with Emergency Exits or safety equipment.
8. Find your seat quickly, stay in your seat and face the front.
9. Keep head, hands, and feet and other objects inside the bus.
10. The bus driver is authorized to assign seats.
11. No student may have more than one (1) guest riding the bus home with them.
12. Any student riding any bus other than their regular bus must have a permission note from their parent or guardian. This note must be stamped in the principal's office and taken to the bus driver.

It is fair to the parents and to the child to be informed as to what steps will be taken to correct any violations of the rules set forth in these policies. Acts of deliberate vandalism will result in restitution of cost or suspension from the bus, or both beginning with the first offense. In extreme cases any of the following steps may be eliminated for a more appropriate action.

STEPS FOR VIOLATION OF PROCEDURES: Verbal warnings will be given by the driver. Thereafter, written warnings *may* be given by the driver. A copy of the report will be sent home.

FIRST OFFENSE: The student will be called to the office and appropriate action will be taken. A copy of the report will be sent home.
SECOND OFFENSE: The student will be called to the office and disciplinary action can be taken by the principal as warranted. Parents will receive a copy of the report.
THIRD OFFENSE: The students will be suspended from the bus for five (5) school days. Parents will be notified of action taken.
FOURTH OFFENSE: The student will be suspended form the bus for ten (10) school days. Parents will be notified of action taken.
FIFTH OFFENSE: The student will be suspended from the bus for the remainder of the school year. Parents will be notified of action taken.

For offenses determined severe in nature, the District has the right to surpass any offense number as determined by the Administration and immediately deny a student bus privileges due to the severity of the act.

RIDING THE BUS IS A PRIVILEGE NOT A RIGHT. When student contact requires this privilege be denied, it will be the responsibility of the student and the parents/guardians to find alternate means of transportation to and from school.

The following rules are aimed at maintaining a safe, secure environment for bus riders:

- Groups will be allowed to ride our shuttle buses from one school to another. Students will need a note signed by a parent or guardian with the proper information to do this.
- The schools will not accept phone calls to change students to another bus. This may create an unsafe situation for the child and for the school district.
- The schools will not allow helium filled balloons on the buses. Balloons may be sent to children at school, however, they must be transported home by the parent.

TRUANCY

The Board of Education shall not tolerate truancy or the habitual and unlawful absence from school. The parent or legal guardian is responsible for requiring any student under his control or charge and under eighteen (18) years of age to attend school regularly except for legal absences as defined by state law. If a student under eighteen (18) years of age becomes a truant, the parent or legal guardian of said student may be guilty of a misdemeanor and subject to punishment by law. The teacher or attendance officer shall report such truant children to the juvenile court or county court, who shall determine the treatment for such children.

VOLUNTEER POLICY

Greenwood Public School encourages the utilization of volunteers from the community to assist in the educational development of students. The volunteers are under the direct supervision of the teachers they are helping. The volunteer program is under the direction of the principal.

SECOND CHANCE PROGRAM

1. Student serves five days of out-of-school suspension (ISS) and five days of In-school Suspension (ISS) before returning to his/her regular classes.
2. After suspension is served, the student may return to class under disciplinary probation (probationary time period will be determined by board and/or superintendent). Probation may include any/all of the following conditions (conditions of probation determined by the school board and/or superintendent:
    - Exemplary conduct – Students enrolled in the Second Chance Program will be held to a higher standard of conduct than all other students within the Greenwood School District. Any violation of school rules resulting in suspension, ISS or OSS, may result in an immediate expulsion.
    - Acceptable attendance – Students enrolled in the Second Chance Program may have no unexcused absences. A parent/guardian must call to excuse the student absence or medical documentation must be provided. Any unexcused absence may result in an immediate expulsion.
    - Acceptable grades – Students enrolled in the Second Chance Program may not have any failing grades. If a student does have failing grades after their suspension has been served, those grades must increase gradually to the point of passing before being released from the Second Chance Program.
    - Drug testing at any "random" drug testing session – It is the intent of the Greenwood School District to assist your student in being drug free. Should your student test positive, a parent/guardian will be contacted.
    - Completion of 15 -hour service/work project prescribed, monitored, and verified in writing by parent/guardian.
    - Counseling sessions – If this option is selected, the student will meet with a school counselor or a mental health therapist during the student's regular school day. Counselors/therapists try to pull the

student from an elective on their current school schedule. Therefore, the meeting timeframes may be limited to the time constraints of those individual periods.

- Alternative placement – Student may be placed in an alternative learning environment.
- Right to board hearing waived – Parent/guardian and student agree that any violation of the Second Chance Program will result in immediate expulsion with the right to a School Board Hearing waived.

3. Students may only be placed on the Second Chance Program one time. Therefore, any/all future expulsionary offenses committed by the student throughout the student's tenure within the Greenwood School District may result in an expulsion.

GENERAL INFORMATION

ATTENDANCE

When your child is enrolled in the Greenwood Preschool Program, regular attendance is VERY important and mandatory. ABC Guidelines require that your child be in attendance for the seven hours designated by the Early Childhood program. The regular operating hours of your child's preschool program are Monday through Friday, 7:30 a.m. to 3:00 p.m. We will have the same holidays and breaks as the Greenwood Public Schools.

All children should arrive at their classroom no later than **8:00** a.m. each day. If your child arrives late or leaves early, he/she will miss learning activities and not receive the full benefit of the program.

It is in the best interest of your child and the Greenwood Preschool Center to establish a pattern of regular attendance for your child. Therefore, please note the following policies:

- After 10 absences, or excessive tardies, a conference with the parent and school personnel will be held.
- At the conference, a plan of action will be determined, put in writing, and signed by both the parent and school personnel.
- In the case of extreme illness, a doctor's statement given to your child's teacher will prevent a conference or further action.

ARRIVAL AND DEPARTURE

When you bring your child to school, please be sure to:

- Accompany them into school (unless they are a bus rider)
- Sign your child in on the attendance log
- Take your child into the classroom
- **When picking your child up, you MUST meet them at their classroom and sign them out.**

- Children must be signed in and out of the classroom each day. Whoever brings the child to school or picks a child up from school, MUST come into the center and sign the child in or out.
- Parent or guardians(s) are responsible for picking up their child by 3:00 p.m. (Teacher's will let students dismiss beginning at 2:50.) If an emergency arises, call the school office. For safety reasons it is important that you pick up your child no more than 10 minutes after dismissal time. Teachers are on bus duty and may be unavailable to watch your child.
- During the enrollment process, you will be asked to complete a form listing who is allowed to pick up your child from the center. Please list everyone you think might need to pick them up. For your child's safety, persons picking your child up will be asked to show identification. Under NO circumstance will the child be allowed to leave with someone whose name is not on the list or who has not been properly identified by a parent's note.

EMERGENCY CONTACTS

In case we are unable to reach the parents, we require all children have emergency contact (s) listed on their data registration card. If we need to contact someone, it is very important that we have current home, work, or cellular numbers for yourself and emergency contacts. Be sure to notify your child's teacher of any changes to this and all the information on your child's card.

DRESS

Just as adults must wear clothes suited to their working environment, children must wear appropriate play clothes. Please help your child pick out clothes that are comfortable for active play and allow for an occasional spill. Think about floor and outdoor play, also the fun, messy stuff like art and cooking activities – please send your child in "play clothes". **Flip flops and backless shoes are not allowed.**

All children must have a **complete change of clothes** (socks included) in their classroom. These items should be placed in a large Ziploc type plastic bag and marked with your child's name.

THINGS FROM HOME

Children should **not** bring any items from home such as toys, jewelry, money, candy, or food unless approved in advance by the teachers. These items can create unnecessary conflict between children. ***Items of special interest are allowed only with your child's teacher's permission.***

FOOD GUIDELINES

- Greenwood Preschool Center participates in a Special Nutrition Program monitored by the State of Arkansas. Information must be on file for each child in attendance for meals to be served. These forms must be filled out each year or whenever the income of the family changes.
- Because we are on this program, children are not allowed to bring food into the building except on special occasions or with their physician's orders. These will be placed in the child's file.
- Every child must have Free/Reduced paperwork filled out for ABC guidelines.
- If children present specific food allergies that disallow them from eating food from our program, the parent will provide these meals and ensure they meet the Special Nutrition Guidelines.
- Birthday Celebrations will be held monthly at a designated time. Parents will be allowed to assist in planning these celebrations.
- Each child needs a water bottle daily. Please do not fill with anything except water.

REST TIME

Rest and relaxation is important to a child's growth and development. Rest periods occur between the hours of 12:00 and 1:00 and generally last 1 hour. Please refrain from interrupting your child's rest- if you need to pick your child up early, please come before 12:00 or after 1:00 if possible.

CHILD ABUSE PREVENTION

For the well-being of all children, all members of the Greenwood Preschool Center staff are **required** to report all known or suspected cases of child abuse to the proper authorities. Such a report is not a statement of blame; it is simply a statement that will result in an investigation by the proper authorities. In the event that the Department of Health & Human Services carries out an investigation of child abuse, Greenwood Preschool Center and its staff will cooperate fully with investigators.

All workers must be and are screened by the State of Arkansas for abuse and criminal records. The child maltreatment hotline number is 1-800-482-5964. Children may be subject to interviews by licensing staff, child maltreatment investigators and law enforcement officials.

CONFIDENTIALITY OF RECORDS

Children's records are open only to the child's teachers, the Directors of the organization, authorized employees of the licensing agencies and its subsidiaries, and the child's parents or legal guardians.

CURRICULUM

Greenwood Preschool Center is a complete child development program. A daily schedule of activities is posted in each classroom. We have a curriculum that supports children's learning in many ways. This curriculum will provide learning opportunities in many areas such as language, literacy, math, science, and art. This Curriculum is developmentally appropriate for 3-5 year olds.

ADVENTURES IN LEARNING

Adventures in Learning is a comprehensive curriculum for children from ages three to five, which features 40 topics of study in nine focus areas. Each topic is introduced with familiar children's books and has a strong language and literacy emphasis.

FUNDATIONS

Pre K Fundations offers an introduction, or "pre-dose," to the letter-sound and writing skills that will be taught to mastery in the Fundations Level K program. It supports students' emerging understanding of the alphabetic principles of letter-sound associations and alphabetical order, and the written language skill of manuscript letter formation. The skills taught align with those that the Report of the National Early Literacy Panel (2008) identified as strong and consistent predictors for the later development of literacy skills.

EVERYDAY MATH

Everyday Math has a wide variety of fact practice games. Because children find these games much more engaging than standard drill exercises, they are willing and eager to spend more time practicing to develop skills they will use throughout life.

FIELD TRIPS

Another important part of our curriculum is for the child to explore and learn about their environment. We will take several field trips throughout the year. Parents are encouraged to attend field trips, but they will have to supply their own transportation. Your child's teacher will give you adequate notice of upcoming field trips so you can make arrangements to experience these things with your child.

PARENT INVOLVEMENT

A strong Parent-School partnership is important for your child's development. Your child's social, emotional, physical, and intellectual development will be enhanced by a strong two-way communication. We want you to gain a good understanding of our overall operations and program. The entire Greenwood Preschool Staff is committed

to providing every child with the best possible education and care. The concerns and ideas of all parents are an important part of this care.

We encourage parents to volunteer at school, have lunch with their child, and participate in parties and field trips.

TRANSPORTATION

Children riding the school bus must be accompanied by an authorized adult to the bus stop. Children will not be allowed to dismiss from the bus unless the authorized adult is at the bus stop. Preschool children are not permitted to cross a street.

If you want your child to ride the school bus, there is a **two-day waiting period** from the time your child's teacher receives the information until the change will be made. We do this to ensure the safety of the children. If an emergency occurs, please make arrangements with an adult on your emergency contact list to pick up your child.

Students riding a school bus may be assigned a buddy on the bus. They will be seated with this student near the front of the bus. Upon arrival at the school, they will be met by preschool personal and escorted to the classroom. The same policy is in effect for returning home. If you have questions or concerns regarding transportation issues, please discuss this with your child's teacher. We will make every effort to answer your questions or put you in contact with our transportation supervisor if necessary.

Transportation Behavior

These rules must be observed at all times while riding the bus:

9. Keep head, hands and feet inside the bus.

AMI (Alternate Method of Instruction) Policies

In the event of a school closure due to weather, pandemics, or catastrophic events, Greenwood Preschool Center will utilize our AMI plan for instruction. For more information on AMI instruction or blended learning, please access our Preschool webpage at greenwoodk12.com.

GENERAL HEALTH

The following guidelines are to ensure the health and safety of all students and staff. No child or staff shall be admitted who has a contagious or infectious disease. Parents and guardians will be notified to pick up the child if the child exhibits any of the symptoms below:

- Temperature of 100.0 or greater, the child cannot attend school. Parents should not give Tylenol to mask the symptoms of a fever for the sake of sending the child to school. The child cannot return to school until he/she has exhibited no fever for at least 24 hours without a fever reducing medication.
- Diarrhea: water stools. Do not return until 24 hours from last episode
- Vomiting: Do not return until 24 hours from last vomiting episode
- Rash: Body rashes. With an exception to those associated with heat or allergic reactions to medications.
- Sore throat: if associated with fever or swollen glands in the neck
- Severe coughing: Episodes of coughing which may lead to repeated gagging, vomiting, or difficulty breathing.
- Pink Eye: Pink or red eye(s) which may be swollen with white or yellow discharge, until on antibiotics for 24 hours.

- Impetigo: may return 24 hours after treatment is initiated (doctor's note needed)

MEDICATION PROCEDURES

If your child will need medication at school, the following rules must be followed:

- All medications, prescription or non-prescription, must be brought to school in the containers in which they were purchased and must have current labels. The label is not to be changed in any way.
- No prescription medication will be given unless it is specifically ordered by the child's physician to be given during school hours. Medication ordered to be given 1, 2, or 3 times a day will be given at home unless specifically ordered to be given during school hours.
- The parent or legal guardian must read and sign the Greenwood Public School Medication Policy form.
- Non-prescription medication will not be given without a written doctor's order and is not kept on hand.

COVID-19 PANDEMIC PROCEDURES/POLICIES

The facility shall follow all specific directives given by the Arkansas Department of Health and/or Department of Human Services related to the current pandemic. You may keep up to date with the guidelines on their website. https://humanservices.arkansas.gov/about-dhs/dccece

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

A. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or

appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will arrange for access and notify the parent or eligible student of the time and place where the records may be inspected.

B. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal (or appropriate official), clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

C. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records, including discipline records, without consent to officials of another school district in which a student seeks or intends to enroll.

D. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 202024605

Under FERPA, parental permission is required in order to release student personal identifiable information to Medicaid. This permission grants the Greenwood School District the ability to release these records for the purposes of billing Medicaid. The information that may be released includes: student's name, student's date of birth, student's social security number, student evaluation and referral information, IEP goals, and progress notes. The parent has the right to revoke this permission at any time. The parent's signature of the handbook gives the permission to Greenwood Public Schools to access Medicaid to receive reimbursement for healthcare services delivered to a child in the school district. The Greenwood School District can release education records each time that they access Medicaid for the purpose of determining eligibility, billing for services, and/or completing audit/review requests.

ABC FUNDS AND RELIGIOUS ACTIVITIES

Each ABC provider must maintain documentation that it has provided parents and guardians with the following written notice:

"To assure that no religious activity is paid or subsidized by public funds or occurs in any manner suggesting governmental endorsement of any religion or message:

a) ABC funds must be used exclusively to support allowable ABC program costs incurred to provide non-religious instruction and activities during the ABC day; and

b) No religious activity may occur during any ABC day regardless of the source of funds used to support the activity."

The Leader in Me

Great Things Happen at East Hills Middle School, East Pointe Elementary, and Westwood Elementary School

The Seven Habits

Habit 1: Be Proactive

I am a responsible person. I take initiative. I choose my actions, attitudes, and moods. I do not blame others for my wrong actions. I do the right thing without being asked, even when no one is looking.

Habit 2: Begin with the End in Mind

I plan ahead and set goals. I do things that have meaning and make a difference. I am an important part of my classroom and contribute to my school's mission and vision. I look for ways to be a good citizen.

Habit 3: Put First Things First

I spend my time on things that are most important. This means I say no to things I know I should not do. I set priorities, make a schedule, and follow my plan. I am disciplined and organized.

Habit 4: Think Win-Win

I balance courage for getting what I want with consideration for what others want. I make deposits in others' Emotional Bank Accounts. When conflicts arise, I look for third alternatives.

Habit 5: Seek First to Understand, then to be Understood

I listen to other people's ideas and feelings. I try to see things from their viewpoints. I listen to others without interrupting. I am confident in voicing my ideas. I look people in the eyes when talking.

Habit 6: Synergize

I value other people's strengths and learn from them. I get along well with others, even people who are different than me. I work well in groups. I seek out other people's ideas to solve problems because I know that by teaming with others we can create better solutions than anyone of us alone. I am humble.

Habit 7: Sharpen the Saw

I take care of my body by eating right, exercising, and getting sleep. I spend time with family and friends. I learn in lots of ways and lots of places, not just at school. I find meaningful ways to help others.

ABSENCES

1. Parent permission may be granted for any reason, including personal illness without written verification, provided the parent contacts the office on the day of the absence.
2. A student may not exceed six (6) parent permission absence days for the semester. If a student exceeds six (6) days of parent permission absences in any class for the semester, all parent permission days thereafter are classified as unexcused.
3. Eleven (11) absences constitutes chronic absenteeism. Further action could be taken by the school administrator.

ABSENTEE ASSIGNMENTS

1. Work assigned before a planned absence, such as a trip or vacation, is due the day the student returns to school.
2. Class work or tests assigned prior to an absence and due on the day of the absence are due the day a student returns to school.
3. Students will be allowed two days for each day absent to make up work missed during unplanned absences. With the principal's approval, exceptions may be made for absences due to the death of an immediate family member or for a serious medical procedure, which renders the student incapable of completing the work. Other extraordinary situations might also qualify.

ARRIVAL/DISMISSAL TIME

Students should not arrive on campus prior to 7:30 a.m. The first bell rings at 7:55 a.m. and it is important that your child be on campus and ready to learn by that time each day.

Tardies

- First Bell rings @ 7:55 a.m.
- Classes begin @ 8:00 a.m.
- Consistent tardies will be monitored by the school administrator and appropriate action will be taken at the principal's discretion.

Early Checkouts

- Excessive early checkouts will be monitored by school administrator and could affect perfect attendance.

Late Check In

- Any student checked in after 12:00 p.m. will be counted as one-half (½) day absent.

CAFETERIA-SCHOOL LUNCHES

Students are encouraged to pay for lunches by the week with a check on each Monday or through EZSchoolPay.com. Parents with more than one child are asked to give separate checks to maintain separate lunch accounts. Students will not be allowed to accumulate more than five (5) charges. If a student has excessive charges, he/she will be served an alternate meal of nutritional value. NO CHARGES ARE ALLOWED DURING THE LAST MONTH OF THE SCHOOL YEAR.

"Parents that want to eat with their children must check-in through the office. Parents are welcome to bring lunch/food for their own student but may not bring any food items for other students. -Act 1220 of 2003"

Applications for free and reduced lunches/milk will be sent home at the beginning of the school year. Qualification will be based on need.

School personnel will supervise the students while they enter, eat and leave the cafeteria. The following rules are to be observed while children are in the cafeteria:

1. Obey teachers and cafeteria staff.
2. Walk and stand in line quietly.

DRESS AND APPEARANCE

The dress and appearance of students must not present health or safety hazards. In order to establish high standards, it is important to maintain neatness, cleanliness, and decency in the dress of all students. With the realization that there is accepted dress for all occasions and what is appropriate for one occasion may not be for another, the Greenwood School Board has established the following dress code.

1. Dress and grooming shall be clean and in keeping with health and sanitary practices.
2. A student shall not, by grooming practices, clothing or use of emblems, insignias, badges, or other symbols cause disruption or interference with the operation of the school.

Some examples of dress that **<u>are not</u>** acceptable are:

A. “See-through” blouses/shirt/pants that expose undergarments.
B. Bare feet.
C. Bare midriffs.
D. Skirts or dresses that the bottom hem is not within mid-thigh length.
E. Items of clothing which have vulgar, obscene, violent or offensive messages or pictures will not be allowed on campus. T-shirts advertising drugs, tobacco, or alcohol will not be permitted. Clothing that is negative or disruptive in nature or promotes social disorder is strictly prohibited.
F. No jeans or other pants may have holes above the acceptable length for shorts and skirts unless the hole has a backing (does not expose skin or undergarments)
G. The wearing of extremely oversized or excessively baggy pants.
H. The practice of “sagging” or having the waist of the pants well below the top of the hips – Ark State Law Code Act 835.
I. The carrying of chains attached to billfolds or the wearing of any other large chain as an accessory.
J. Any type of clothing, apparel, accessory, or dress concept or style that may be gang related or have gang related origins.
K. Piercing of visible body parts or visible areas of the body will not be allowed with the exception of the ears. Ears may be pierced as long as the piercing is not considered to be a safety factor or a distraction.
L. Shorts/Skirts may be worn if they are mid-thigh length. Wearing shorts is discouraged during cold weather months.
M. Heelys or any shoes with wheels on the bottom.
N. Hats and sunglasses may be worn outside the building only. We recommend that students not bring hats to school except on special days.
O. Leggings, yoga pants, etc. may be worn with an appropriate length shirt over them. If lower body garments are see-through (such as pantyhose or tights), another garment must be worn over them that meets length requirements.

A student’s personal appearance is most important since it represents him/her as an individual to fellow students and faculty. Any student in violation of the dress code will not be allowed to attend class until the problem has been corrected. The discretion of the principals will be final in deciding cases of dress code violations. Any deviation from this guideline because of physical limitations must be submitted in writing to the principal for consideration.

EXTRA-CURRICULAR ACTIVITIES

Students may be denied the privilege of participating in school parties or field trips on the basis of behavior.

FUNDRAISING

No student will be allowed to sell anything for any organization without the permission of the principal.

HOMEWORK POLICY

The Greenwood Public Schools believe homework is an important element of student learning and achievement. Students must be encouraged to become actively involved in learning and accepting responsibility for their own progress and achievement at home as well as at school. Homework is an essential part of the total instructional program and allows students extended time to master basic skills, concepts, and learning objectives.

Homework Must Be Planned to Provide:

- Positive success experience
- Reinforcement and extension of learning
- The opportunity to manage self-guided learning away from school
- The possibility for communication with parents regarding learning and involvement of parents and others in the learning process

Homework Assignments Will:

- Extend the learning directly related to the curriculum and current learning objectives. Be explained by the teacher so that students understand objectives, procedures, content, and expectations.

- Be varied. Some subjects will require more homework than others.
- Be considered when student grades are assigned. Assignments will be reviewed by the teacher.

Homework Deficiency:
Teacher and parent will work to determine what course of action to take in dealing with the student's incomplete work. When there is a persistent problem with homework, the teacher may refer the student to the counselor.

PERFECT ATTENDANCE AWARD
At the end of the school year, we recognize students who achieve "perfect attendance" during the school year. Perfect Attendance is defined as no absences and no more than five (5) early checkouts and/or tardies.

PERMISSION SLIPS
Permission slips, signed by the parent, will be required for school related or extra-curricular activities that are specialized or particular to a class or organization. Activities that are on-going (i.e., activities sanctioned by the Arkansas Activities Association) will not require signed permission slips. Permission slips for other school activities may be required at the discretion of the principal.

PROGRESS REPORTS AND GRADING SYSTEM
Grades assigned to students reflect education objectives only. Report cards will be issued to students each nine weeks of the school year. Information other than grades on the cards will be absences and social behavior. A report of the student's progress is sent to parents every nine weeks. Teachers will send out a mid-quarter progress report on each student at the end of the 4th week.

Each nine weeks your child will receive a report card. Please study the card carefully. This report card will tell you about his/her progress in school. It reports his/her efforts in social behavior, work habits and whether he/she is on grade level. Remember that the card is an individual report. No two children are alike. For that reason, it is unwise to compare your child's report card with that of another child.

Principal's Roll and Honor Roll will be determined strictly by letter **grades in 6th grade.** Art, Music, and P.E. will be included in figuring Principal's and Honor Roll.

Principal's Roll: All A's **Honor Roll: A's and B's**

The percentage system of grading is used. The grade markings used on report cards and progress reports are as follows:

SIXTH GRADE

PERCENTAGE			*GRADE*
90	**-**	**100**	**A**
80	**-**	**89**	**B**
70	**-**	**79**	**C**
60	**-**	**69**	**D**

K-5 Report Cards
K-5 students will receive a Standard-Based Report Card. The purpose of a standard-based report card is to provide feedback that is more detailed to parents regarding progress their children are making toward specific learning standards. These standards are aligned to National Common Core Standards and Arkansas Adopted Standards.

PROMOTION/RETENTION POLICY

Greenwood Public Schools is a child-centered institution concerned about the educational, social, emotional and physical development of each student. Educational decisions concerning grade level placements are made on an individual basis. Decisions regarding promotion/retention will be based upon careful consideration of various factors. These factors include the following:

1. Mastery of expected grade level objectives
2. Data collected based upon daily school work, SST, retention scales, etc.
3. Chronological age and/or previous retention
4. Attendance
5. Classroom achievement
6. Identification of academic or emotional needs

The preceding factors will be evaluated by a committee comprised of the teacher, counselor, principal and parent/ guardian. Consideration of the six factors will be the basis for a grade retention decision. The final decision concerning grade level placement will be determined by the building principal.

TELEPHONE RULES

The school telephone is for business calls only. Necessary plans should be made between parents and students before leaving home in the morning. CHILDREN ARE NOT TO BE CALLED TO THE TELEPHONE EXCEPT IN CASE OF AN EMERGENCY.

RESOLVING PARENTAL CONCERNS

The process for conflict or concern resolution will be:

1. Contact the teacher (on teacher concerns) or the counselor to define the problem
2. With the counselor's help, determine whom to approach with the concern
3. Together, a solution should be developed.

If further attention is needed:

4. Make an appointment with the building administrator
5. Meet with Central Office personnel

It is our desire to resolve any parental concerns that might exist concerning Greenwood students.

PARENT AND FAMILY ENGAGEMENT

The superintendent of Greenwood School District supports and encourages parental involvement in school activities and in the educational process. Students whose parents are involved in their education are more likely to be successful.

The Parent and Family Engagement Committee will address the diverse needs of the students and their parents to increase the school's ability to provide opportunities for the educational success of the students at East Hills Middle School, East Pointe Elementary and Westwood Elementary. The parents of Greenwood students will be invited to an orientation where they can share their concerns and expectations for the upcoming school year. Parents will be asked to complete a survey during the school year to identify ways that they might be interested in assisting students at school and at home.

East Hills Middle School, East Pointe Elementary and Westwood Elementary will seek to communicate in a number of ways. Among these are the Blackboard Connect system, social media and the Home Access Center (HAC). Home Access Center provides real time data on student grades and attendance. It also provides a means of contacting the teacher through links to email addresses

Please see district policy for additional information.

PARENT COMMUNICATION

Communication between parents and teachers is essential for student progress. Teachers communicate in various ways: Take-home folders, email, Remind 101 texts, and phone. Please visit with your child's teacher regarding communication specifics.

SCHOOL COUNSELOR

The guidance program in Greenwood Junior High School is designed to assist every student to make the best possible adjustment to the problems he/she encounters whether it involves educational, vocational, health, social or personal concerns. The program endeavors to help students to know themselves as individuals and as members of society; to enable them to correct certain aspects of their shortcomings that interfere with progress, to know about occupations, that they may intelligently choose and prepare for a career, and to assist them in their discovery and development of creative and recreational interests.

The cumulative records of each student, kept in the counselor's office, are tools to be used by the counselor and other staff members in assisting the individual student in taking the next step in education, whether that step is high school, college, vocational training, work or military.

Students needing forms, information, or guidance from a counselor must sign up in the counselor's office and they will be called in at the earliest convenience.

Parents needing information, forms or transcripts sent home are asked to send a written request with their child to be given to the counselor.

CHECK-OUT PROCEDURES

In order for a student to be checked out at GJHS, a parent/guardian/contact on the contact list must notify the office staff. A student will not be allowed to leave class to check out unless called by the office. If students leave class or campus without permission from the principal or his/her designee, it will be considered truancy.

PARENT PERMISSION ABSENCES

1. Parent permission may be granted for any reason, including personal illness without written verification, provided the parent has contacted the office prior to 8:00 AM by phone on the day the absence occurs.
2. The student may not exceed six (6) parent permission absence days for the semester. If a student exceeds six (6) days of parent permission absences in any class for the semester, all parent permission days thereafter are classified as unexcused.
3. Parent permission shall afford the student the privilege of making up all assignments and/or class activities.
4. Absences for parent permission shall not be granted in conflict with semester examination schedules.

Eleven (11) total absences will constitute excessive absenteeism. Students who accumulate more than ten (10) absences in an individual class during the semester may be denied course credit.

The following classification of absences will NOT count toward the six (6) parent permission absences or the ten (10) day limit:

- Documented Medical - Must submit documentation from doctor/dental office (medical documentation provided during an illness will supersede parent excused absences for adjacent days)
- Legal - Subpoena or other legal documentation must be provided
- Death of immediate family - Must submit documentation (such as copy of funeral program)
- Participation in 4-H sanctioned activities do not count as absences of any kind if documented by letter from the extension office

Complete District Attendance Policy located in the district section of this handbook.

PRE-AP/ACCELERATED CLASSES

Pre-AP/Accelerated status is offered to qualifying students in Algebra I. Pre-AP/Accelerated classes will **NOT** receive an added weight in determining grade point averages.

HIGH SCHOOL CREDIT FOR 8TH GRADE STUDENTS

Greenwood Junior High offers a number of courses for high school credit. Accelerated Algebra I (for qualifying 8th graders) and Technology Design and Applications (TDA) are full-year courses (1 credit). Health, physical education, and visual art appreciation are semester courses (0.5 credits). Collectively, these courses can be applied as up to 3.5 credits toward the required 23 credits of Greenwood High School. Accelerated Algebra I will count as a credit toward the Greenwood High School Honor Diploma.

Students who transfer into Greenwood Junior High from another junior high or middle school may not be placed in credit earning courses if it is late in the semester. This will be at the discretion of administration. Students who transfer from a high school credit class at Greenwood Junior High may not be able to enroll in the same class for credit at the school of transfer. This will be at the discretion of the transfer school.

SCHEDULE CHANGES

A class schedule may be changed under the following circumstances:

1. In the event that an error has been made regarding a student's academic plan.
2. Prior to the second week of school, provided space is available in another appropriate class.
3. In special circumstances in which the principal, counselor, and teacher recommend the change.
4. The student must bring a note signed by the parent/legal guardian giving his/her permission for the schedule change.

PRINCIPAL'S ROLL

Students who have all A's each semester are recognized as having made the principal's roll. Activity grades will not be used to determine eligibility.

HONOR ROLL

Students who have all A's and B's each semester and for the year are recognized as having made the honor roll.

GRADE AND PROGRESS REPORTS

Parents or guardians shall be kept informed concerning the progress of their student. The school shall send timely progress reports and issue grades for each grading period to keep parents/guardians informed of their student's progress. Progress reports are sent out after the sixth and twelfth weeks in each semester, and a report card is sent at the end of the semester grading period.

The evaluation of each student's performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help affect academic improvement. Students' grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

ACADEMIC DISHONESTY

Academic dishonesty at any level will not be tolerated. In the event that a student has committed academic dishonesty, the teacher shall give the student no credit for the assignment or exam. Disciplinary penalties may result at the discretion of the administration.

ACADEMIC PROMOTION/RETENTION POLICY

Greenwood Public Schools is a child-centered institution concerned about the educational, social, emotional and physical development of each student. Educational decisions concerning grade level placements are made on an individual basis. Decisions regarding promotion/retention will be based upon careful consideration of various factors. These factors may include the following:

1. Academic skills and mastery of grade level objectives
2. Classroom achievement and attendance
3. Chronological age and/or previous retention
4. Identification of learning or emotional needs

For more information regarding academic promotion and retention, please refer to the district portion of this handbook (STUDENT PROMOTION AND RETENTION 4.57).

MAKE-UP WORK AND INCOMPLETE GRADES

When a student has missed class work due to absences, school business or planned absences, it is the responsibility of the student to make arrangements to make up the work. This shall be done at the discretion of the teacher between 8 a.m. and 3:15 p.m. unless both student and teacher agree to a time outside the normal school day.

Students will be allowed one day for each day absent to make up work missed during unplanned absences. However, if a student misses **three** consecutive days it is recommended that the parent/guardian contact the counselor's or principal's office to request assignments be collected and sent home or be picked up if it is apparent that the student will miss additional days. After the time has expired, the student will receive a zero for the work. For example: If a student has missed five days of school then the student would have five school days to make up their work. With principal's approval, exceptions may be made for absences due to the death of an immediate family member or for serious medical procedures, which render the student incapable of completing the work. Other extraordinary situations might also qualify.

Incomplete grades will be entered on grade reports, if a student has not completed their course work for reasons which were excused. Incomplete grades will not be given for a student who has failed to complete his work as a result of his own negligence. All assignments or make-up tests which are not completed within a reasonable time, set by the teacher will be averaged into his/her grade as a zero.

SEMESTER EXAMS / EXEMPTION POLICY

Students who are continuously enrolled at Greenwood from the beginning of the semester have the option of being exempt from semester tests on a per class basis if they meet the following grade and attendance requirements:

- Students receiving an A in the class will be allowed 4 absences per semester.
- Students receiving a B in a class will be allowed 3 absences per semester.
- Students with a C or D in a class will be allowed 2 absences per semester.
- Students with a failing grade in a class will be required to take the semester test.

In extreme circumstances parents may appeal a student's exemption status to the building principal. The building principal's decisions on exemption appeals are final. No further appeal will be heard.
Students not continuously enrolled from the beginning of the semester do not have the option of being exempt and will be held responsible for the material on the semester tests, which has been covered during their time of enrollment at Greenwood. Students who are enrolled less than 10 days will be expected to be in attendance with their semester test grades not being applied to their average. The only absence situations outside of these guidelines are those related to being subpoenaed to court or 4-H program involvement, which is exempted by legislative mandate.

If a student who is exempt from semester tests chooses to take the test, that student's test score will be averaged in to figure the semester grade only if it raises the student's average.

A student will automatically lose his semester test exemption if he/she is assigned a day of in school suspension, one or more days of alternative school, or is suspended from school.

Students who are exempt from semester tests are not to be on campus. Exempt students who come on campus will lose their exempt status and be required to take the tests.

The semester exam will be comprehensive for the grading period and count as 10 percent of the semester grade.

Semester exams may not be taken early. They must be taken at their scheduled time or made up after the semester ends.

EXTRA-CURRICULAR ACTIVITIES

All students are reminded that they are subject to all school rules anytime they are at a school sponsored activity or event regardless of whether it is after school, at night, on the weekend, or out of town. When students are on the school property and/or representing our school, they should set a good example and act as a responsible individual. A student must be present the day of the activity in order to participate unless prior approval has been granted by the principal.

Activities outside the regular school setting are governed by School Board Policy and the Arkansas Activities Association rules and regulations.

Failure to abide by prescribed rules at any school sponsored activity or event or while on school property may result in disciplinary action.

Students at Greenwood School who choose to participate in a sport or extracurricular activity will be held to high moral, ethical and academic standards. The possession of or use of illegal drugs or alcohol, as well as the misuse of prescription drugs, will not be permitted at any time - on or off school property and during or after school hours. Violation of this policy may result in disciplinary action by the coach or sponsor of that activity or sport. A second offense may result in the student being removed from that activity or sport for that calendar year. Further offense may result in the student being removed from that activity or sport.

In order to participate in an athletic event, extracurricular activity or other Arkansas Activities Association event, a student must attend school on the day of the event. Exceptions can only be made by approval of the school principal.

ELIGIBILITY REQUIREMENTS

Academic Requirements for Competitive Interscholastic Activity Participation

A student promoted from the seventh grade automatically meets scholarship requirements for the first semester. The second semester eighth grade or ninth grade student meets the scholarship requirements for junior high if he/she has successfully completed, the previous semester, four (4) courses approved by the Arkansas Department of Education, three of which shall be in the core curriculum areas specified by the Arkansas Department of Education's Standards for accrediting schools.

BEHAVIORAL EXPECTATIONS OF STUDENT ATHLETES

Students at Greenwood Schools who choose to participate in a sport or extracurricular activity will be held to high moral, ethical and academic standards. The possession of or use of illegal drugs will not be permitted at any time, on or off school property and during or after school hours. Violation of this policy will result in disciplinary action by the coach or sponsor of that activity or sport, and the student will be placed on probation for a calendar year. A second offense may result in the student being removed from that activity or sport. The selling or distribution of these same products may result in expulsion from the Greenwood School District.

PERMISSION SLIPS

Permission slips, signed by the parent, will be required for school related or extracurricular activities that are specialized or particular to a class or organization. Activities that are ongoing (i.e. activities sanctioned by the Arkansas Activities Association) will not require signed permission slips. Permission slips for other school activities may be required at the discretion of the principal.

SCHOOL ORGANIZATIONS

The following information and rulings should be followed to determine policy on school organizations:

1. Students have the right to join an existing club and should not be restricted from membership on the basis of race, color, sex, national origin, qualified handicap, or religion.
2. School fraternities and secret societies are banned in Arkansas public schools.
3. To hold a class office or to serve on the student council, a student must have a 3.0 cumulative grade point average and may be asked to file an appropriate petition.
4. **Students may be elected to (2) two officer positions. Only one position may be a presidential office.**

FIELD TRIPS

For field trips, the teacher or sponsor must provide the assistant principal with a list of students scheduled to attend at least three days in advance. Permission to attend can be denied based on attendance, discipline, in school suspension (ISS) or out of school suspension (OSS). Violation of trip or school rules may cause loss of future privileges. The decision will be made at the discretion of the principal. A student who has accumulated 10 or more absences in a semester will not be eligible to attend field trips in that semester unless permission is granted by the principal or assistant principal. Sponsors shall make every effort to provide male and female chaperones on overnight trips with male and female students.

PERSONAL VEHICLES AND SCHOOL TRIPS

Students on school activity or athletic trips are required to ride the school bus with the coach or sponsor. Exceptions will be made only in extreme situations and must be approved by the principal, coach/sponsor, and guardians.

STUDENT PARKING LOT GUIDELINES

A student must have a valid driver's license and a vehicle before he/she will be allowed to drive to school. Each student who drives a vehicle to school must park in the area designated by administration. Once students arrive on campus, they are to **immediately** leave their vehicle and proceed to appropriate areas of supervision. Students are **not permitted** to sit in their vehicles or remain in the parking lot. Students are not to access their vehicle at

any time during the school day unless they have permission from the office. Any student parking a vehicle on campus is granting permission for school or law enforcement authorities to search that vehicle. ***No marking or painting is allowed on windshields, driver's side window or front passenger window. Over-sized flags, banners, etc. which create a safety issue, are not to be attached to student vehicles.***

ARRIVAL AT SCHOOL

Upon arrival at school in the morning, students should proceed to the volleyball parking lot, the volleyball gym bleachers, and/or the Rock Gym, depending on weather and season. Students wishing to eat breakfast in the cafeteria should do so before reporting to the area where students are gathered, if after 7:30 AM. Students may not enter the GJHS building until 7:30. Athletes who must report to their practice area upon arrival to school are expected to do so without loitering in other areas of the campus. No students should be in the halls or classrooms before school unless meeting with a teacher, or attending an organizational meeting. No student is to be off the junior high campus prior to school starting unless specifically approved by an administrator or participating in an approved activity.

LUNCH

During the lunch period, students may eat in the cafeteria. All food purchased in the cafeteria **must** be consumed in the cafeteria. Students who bring their lunch from home may eat in the courtyard when weather permits. Students must accept responsibility for getting their trash in the trash receptacles that are provided. Only those students who are authorized to do so may take a tray out of the cafeteria to another area for lunch.

Students should report to the courtyard when they are finished eating in the cafeteria. When the bell sounds ending lunch, students are to re-enter the building. On days of inclement weather, students will remain in the cafeteria until the bell sounds to go to class.

Free lunch applications will be handed out by the students' advisors. These applications will be processed and the student notified if he/she qualifies for free lunches. Charges for lunch will be made in the office. **No student will be allowed to charge a second time until he/she has paid for the first charge.**

BACKPACKS, GYM BAGS, AND PURSES

Students may carry a backpack to, from school, and during the school day. Students' backpacks may not block classroom aisles, doorways, or other areas and are the sole responsibility of the individual student at lunch or any other time during the school day.

Where applicable, textbooks will be provided for students to keep at home. Each classroom, study hall, and ISS room will have a set of textbooks. Students may carry backpacks to their classes, but should use common sense in packing them so as not to impact their health in a negative way. Athletic bags should be stored in the appropriate sport locker area.

In the event that a student must bring a bag to school for overnight purposes, after-school activities, or some other situation outside of regularly occurring events, he or she may leave the bag in the office for safekeeping until the end of the school day.

ROLLER BLADES, ROLLER SKATES AND SKATEBOARDS

The possession of or use of roller blades, roller skates, and skateboards is prohibited on campus at any time during the school day. They may not be carried to school. After school hours, skateboards may be ridden on the following areas only: *sidewalks, streets, and parking lots*. Skateboards are not to be ridden in the following areas or on the following items: *patios, brickwork or brick walls, handrails, benches, or picnic tables.* For the safety or skateboarders and the protection of personal vehicles, skateboards are not to be ridden on school property during football games or other major events. During less attended activities, skateboarders may ride in vacant parking lots only.

ASSEMBLIES

All students are required to attend assemblies. The programs consist of pep rallies, entertainment and other educational programs. Students are expected to conduct themselves in an appropriate manner at all assemblies.

MEDIA CENTER

The Greenwood Junior High School library will open each day at 7:45 and close at 3:20. Students interested in reading, studying or working on homework before school, may enter the building and proceed directly to the library. Once in the library, students are to remain there until the dismissal bell unless given specific permission.

LIBRARY REGULATIONS

1. No student will be allowed to check out more than one book at a time unless special permission is obtained from the librarian.
2. Books may be checked out for two weeks and then renewed for two more weeks if necessary.
3. Borrowers are responsible for damage done to library materials. Lost books should be reported to the librarian.
4. A lost book must be paid for before the end of the grading period in which it is lost. In the event the book is found by the end of the school year and is returned in satisfactory condition, the student's money will be refunded. A minimal fine will be assessed to overdue books per day.

TEXTBOOKS

Textbooks are issued to each student and caring for the books becomes the responsibility of the student. Should a book be lost the replacement cost must be paid before another book will be issued. Money will be refunded if the lost book is returned. Excessive damage to a textbook will result in a reasonable fine being charged when the book is returned at the end of the school year.

ELECTRONIC DEVICES

Use of electronic devices such as cell phones, iPads, iPods, laptop computers, etc. should be limited during the school day. During class time, such devices should be turned off and put away. Any use of electronics during the class period is at the sole discretion of the classroom teacher. Although possession and use of these devices may be permitted, the school accepts no responsibility for technical support and no liability for damage to the equipment. Furthermore, the school has the right to govern their use.

Students using electronic devices will not be allowed to wear headphones, ear buds, or other noise cancelling devices on their ears when walking in hallways between classes or around buses before or after school. This is a dangerous practice and limits students' abilities to hear warnings or commands regarding safety. **FOR MORE CONCERNING ELECTRONIC DEVICES, REFER TO DISTRICT POLICY.**

STUDENT CONDUCT AND DISCIPLINE

Students are expected to conduct themselves in a manner consistent with sound public practice, responsibility, and self-awareness. When student conduct varies from acceptable expectations, disciplinary measures will be implemented. DISCIPLINARY MEASURES MAY RANGE FROM A MINIMUM OF A VERBAL WARNING OR REPRIMAND TO A MAXIMUM OF EXPULSION FROM SCHOOL BY THE GREENWOOD BOARD OF EDUCATION.

ROUTINE STUDENT REGULATIONS

3. Students are forbidden to hold hands or engage in close contact of any nature while on the school premises.
4. Students are not to sit on tops of tables in the cafeteria or classroom or on the writing portion of a student desk.
5. When a student is called out of class to the office, fellow students are not to make any kind of remark concerning the call.

6. Students who make obscene gestures toward the camera when being filmed by the school or while having pictures made for the annual will be assigned 3 days **ISS**.
7. Students who refuse to go to the office when instructed to do so by a school official may be suspended.
8. Students should keep any money or other valuables locked in athletic lockers during their athletic period. Students are encouraged to pre-pay for lunches in the cafeteria to eliminate the need to carry money to school. Dressing room doors should be locked unless supervised by a coach.
9. Possession of "stink bombs" on campus will bring a minimum penalty of three days assignment to **ISS**. Setting one off will result in a minimum of three days suspension from school.

PROHIBITED STUDENT CONDUCT

The school district reserves the right to punish behavior which is not conducive to good order and discipline in the schools, even though such behavior is not specified in the following written rules. Discipline and penalties for the infraction of board policies will be according to the severity and frequency of occurrence ranging from simple warnings to expulsion as outlined in *DISCIPLINE PROCEDURES.*

18. **Cell phones out in class without permission.** No cell phones out in class without permission. The first offense may result in a noon detention. The second offense may result in an office referral. Students may not record audio or video or take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms. (For more information, refer to the Possession and Use of Cell Phones and Other Electronic Devices section of the district portion of the handbook.)
19. **Behavior Not Covered Above -** The school and school district reserve the right to punish behavior that is not conducive to good order and discipline in the schools, even though such behavior is not specified in the preceding written rules.

DRESS CODE

In order to establish high standards for Greenwood Junior High School, it is important to maintain neatness, cleanliness, and decency in the dress of all students. With the realization that there is an accepted dress for all occasions and that, what is appropriate for one occasion may not be for another, the Greenwood School Board has established the following dress code policy:

The following items are **NOT** appropriate for school or school events:

1. Tank tops, backless blouses, shirts, dresses or tops ***which expose undergarments.***
2. See-through or low cut blouses.
3. Bare feet.
4. Bare midriffs. (Tops that cannot be tucked in or that do not cover the waistband of jeans, slacks or skirts at all times.)
5. Skirts, dresses, or shorts that are not within six inches of the top of the knee. This can be measured easily with a dollar bill (or any other denomination of paper currency). **NOTE: The goal of a length requirement is to give guidance on what is uniformly acceptable. Six inches is an arbitrary single measurement of what is considered acceptable. Individual students and garments may vary, and there may be circumstances when six inches above the knee is not appropriate. Please use discretion when selecting attire.**
6. Clothing displaying suggestive, vulgar, obscene, violent or offensive messages or pictures, or which promote an illegal activity.
7. Clothing advertising drugs, tobacco, or alcohol.
8. **No jeans or other pants may have any holes above the acceptable length for shorts and skirts unless the hole has a backing (does not expose skin or undergarments).**
9. Sagging of pants by wearing the pants well below the top of the hips.

10. Wearing of chains attached to billfolds or the wearing of other large chains as accessories.
11. Clothing, apparel, accessories or styles that are deemed to be gang related or have gang related origins.
12. Piercing of body parts with the exception of the ears.
13. Pajama pants or house shoes.
14. Hats or caps worn in the building.
15. ***Leggings, yoga pants, etc. may be worn with appropriate length shirt over them. If lower body garments are see-through (such as pantyhose or tights), another garment must be worn over them that meets length requirements).***

Any student addressed or removed from class for dress code violation may receive disciplinary action. Any student who is sent home to change clothes because of a dress code violation will receive an absence for all class time missed.

Dress code will be at the discretion of the administration. Clothing which is not specifically addressed named above may still constitute inappropriate attire if it poses a safety concern or a disruption.

DISCIPLINARY ACTIONS

Noon Detention

Routine discipline will be handled in the following procedure:

1. Detention may be assigned to a student by either the teacher or the principals. Students should initial each detention. The initials signify that the student is aware of his detention.
2. **ORANGE DETENTIONS** will be assigned to students for lesser offenses that occur on an irregular basis. Occasional tardy or lack of class preparation would be handled by an orange detention**. An orange detention is served the same as a white detention, but carries no cumulative effect.**
3. **WHITE DETENTIONS** may be assigned for offenses of a more serious nature or for lesser offenses, which persist after teachers have addressed them with orange detentions. Detention is served in the cafeteria during the student lunchtime. The following rules are to be observed while in noon detention:
    a. Students must be in their seats by the tardy bell
    b. Students will sit erect with no hands or elbows on the table.
    c. Students will not recognize the presence of other students in any way.
    d. Students will make no effort to communicate to others in any form.
    e. Students will respond to roll check by raising their hand.
    f. Only cafeteria meals or lunch brought from home will be allowed.
    g. Students may not stop and visit at adjoining tables on their way to pick up food trays.
    h. Students who leave to pick up food must bring back food.
    i. Routine misbehavior will result in noon detention.
    j. Flagrant misbehavior will result in the student being sent out of detention to the principal.
4. Failure to attend an assigned detention may result in the student being given additional disciplinary action.
5. Students absent from school the day a detention has been assigned are required to serve the day they return to school.
6. Receiving three detentions in the same day will result in Parent Phone Conference/Student Conference and three (3) noon detentions.

The steps in the detention process are as follows (per semester):

Three Detentions	Letter sent home to parents
Six Detentions	Parent Phone Conference/Student Conference and 3 noon detentions
Nine Detentions	In-school suspension (ISS) for one day
Twelve Detentions	In-school suspension (ISS) for three days

Discipline problems of a more serious nature than those mentioned above will be handled by the principal using whatever measure is most appropriate for the offense.

Morning Detention/After-School Detention

Students may be assigned morning detentions or after school detentions. Morning detentions will be from 7:25-7:55 AM. After school detentions are from 3:18-3:48 PM. Either detention will take priority over all athletic and school activities as well as personal business. Failure to attend either detention will result in additional penalties.

Discipline problems of a more serious nature than those mentioned above will be handled by the principal by whatever means he feels would be most appropriate.

In School Suspension (ISS)

If a student receives In School Suspension, he/she will be in the in-school suspension from arrival at school to 3:05 p.m., which will necessitate a separate lunch period and separate restroom privileges. The student will have no contact with the other students during the day.

In-school suspension shall be treated as if the student was present at school. The student shall not attend any school-sponsored activities during the imposed suspension nor shall the student participate in any school-sponsored activities (including the night immediately following the school day of ISS).

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board. A.C.A. 6-18-507

A student may receive ISS for a maximum of three separate offenses during the year. For any offense which calls for ISS after that point, the student will be suspended for three days, then five days, then 10 days if necessary, for subsequent offenses.

Classroom assignments for the student who is in ISS will be sent to ISS by the teacher and it is the responsibility of the student to complete those assignments. Students who are required to serve ISS will not be exempt from semester exams for that semester.

Corporal Punishment

Under certain circumstances, corporal punishment may be assessed as a disciplinary measure. Corporal punishment will be administered out of sight of other students and with the accompaniment of a staff member serving as a witness.

Out of School Suspension

Students suspended from school will not be allowed to make up any class assignment without administrative approval. Make up work will be limited to major class assignments and only with approval from the principal. Students will not be allowed to attend any school functions while under suspension. After the initial suspension, any further problems will be handled through whatever method the principal views as most effective.

Each principal is authorized to suspend a student from school for disciplinary reasons up to 10 school days, including the day upon which the suspension is imposed. Unless the official imposing the suspension has personally witnessed the infraction, he/she will conduct such investigation into the matter as deemed necessary, including an interview with the subject before imposing the suspension.

a. The custodial parent or guardian will be given notice of each suspension, which shall include the reasons for the suspension, its duration, and the manner in which the student may be readmitted to school.
b. Any conduct that tends to be disruptive to the educational program will be grounds for suspension. When a student has been notified that he/she is suspended from school, he/she shall stay away from school premises until the principal or designee reinstates him/her, unless given special permission by the building principal. A suspended student may return to school when accompanied by his/her parent or guardian for a student, parent, and principal conference.
c. When a suspension occurs, it may be reviewed by the superintendent or his designee at the request of the parent. At such review, the student may make a statement in his/her own behalf and present any other available evidence in support of his/her position. The reviewing officer shall have the authority to

revoke, terminate or otherwise modify the suspension and will notify the parent of his/her action in this regard on the day the review is complete.

d. A student may challenge any part of his/her discipline record maintained by the school district on grounds that it is an inaccurate record or that his/her conduct did not warrant the discipline assessed. The superintendent or designee will receive any evidence tendered on behalf of the student on the issue and will make such other investigations as he or she deems necessary. If the record is found to be inaccurate, it will be corrected. If it is found that the student's conduct did not warrant the discipline assessed, the record will be amended to reflect that finding.
e. A student's disciplinary actions will not be entered on the student's permanent record card. Discipline records shall be treated as confidential and disclosed only to public authorities requesting information in the course and scope of their legal duties.
f. Make-up work may be limited to major class assignments and tests. All other classwork will be recorded as a zero.
g. It is the parents' or legal guardians' responsibility to provide current contact information to the district which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority.
    - A primary call number
    - The contact may be by voice, voice mail, or text message
    - An email address
    - A regular first class letter to the last known mailing address

NURSE

The school nurse will be at school between 7:45 a.m. and 3:30 p.m. Prescription medication will be administered by the school nurse. If the nurse is not present, prescription medication may be administered by the school principal or by his/her designee. Non-prescription medications may be given to students at the discretion of the principal or nurse or their designee(s).

OFF-CAMPUS EVENTS

Students at school-sponsored, off-campus events shall be governed by school district rules and regulations and are subject to the authority of school district personnel.

DISTRICT WEBSITE

The address of the official school website is http://greenwoodk12.com. Updates and announcements are posted daily. There is also a wealth of general information about the school there.

PARENTS ON CAMPUS

We ask that any parents visiting on campus be sure to stop by and check in at the office. Parents **must** come to the office if they wish to check out their child or if they need to speak with them. If parents need to be in parts of the building other than the office, a visitor pass will be issued to admit them to other sections.

PARENT INVOLVEMENT

The superintendent of Greenwood School District supports and encourages parental involvement in school activities and the educational process. Students whose parents are involved in their education are more likely to be successful.

The parent involvement committee will address the diverse needs of the students and their parents to increase the schools ability to provide opportunities for the educational success of the students at Greenwood Junior High. The parents of Greenwood students will be invited to an open house where they can share their concerns and expectations for the upcoming school year. Parents will be asked to fill out a survey during the school year to identify ways that the parents might be interested in assisting students at school and home.

Greenwood Junior High School will seek to communicate in a number of ways. Among these are the Blackboard Connect system, social media (Facebook, Twitter, or Instagram), and the Home Access Center (HAC). Home Access Center provides real time data on student grades and attendance. It also provides a means of contacting the teacher through links to email addresses.

RESOLVING PARENTAL CONCERNS

The process for conflict or concern resolution will be:

- Contact the teacher (on teacher concerns) or the counselor to define the problem
- With the counselor's help, determine whom to approach with the concern
- Together a solution should be developed…if further attention is needed…
- Make an appointment with the building administrator
- Meet with district administration

It is the desire of Greenwood Junior High School to resolve any parental concerns that might exist concerning Greenwood students. Concerned parents should contact the counselor, with any concerns regarding their students. The counselor can then assist the parent(s) in speaking with teachers to answer questions or resolve conflicts. If the need arises, concerns may be passed on to the principal for further attention. Collaboration between the school and parents will dictate appropriate solutions for individual situations. In the event that a parent needs to speak further about the issue, he/she may contact the Director of Student Services, at the Greenwood Office of Administration, 420 N. Main, Greenwood, Arkansas, 72936, (479) 996-4142.

PARENT CENTER

Parents of Greenwood students can access information regarding parenting in the Greenwood Media Center. Parents wishing to obtain parenting information will need to check in at the office during normal school hours.

Greenwood Schools also has a district Parent Center located at 416 East El Paso Street, in a lot adjacent to the Performing Arts Center. Parents are encouraged to use the facility. More information can be obtained through the Greenwood Junior High Office, the Greenwood School District Office, or the Special Education Office.

PARENT/TEACHER CONFERENCES

In accordance with State Law, the Greenwood School District will hold two parent teacher conferences during the school year. The dates of the parent/teacher conference will be placed on the school calendar.

SCHOOL COUNSELOR

The guidance program at Greenwood High School endeavors to help all students in the areas of academic achievement, personal/social development, and college/career readiness, ensuring our students become the productive, well-adjusted adults of tomorrow.

The cumulative records of each student, kept in the counselors' office, are tools to be used by the counselors and other staff members in assisting the individual student in taking the next step after graduation, whether that step is college, vocational training, work, or military. GHS school counselors also use the following tools to help students: Small-group counseling, individual counseling, and school counseling core curriculum lessons.

Students needing forms or information from a counselor must sign-up in the counselors' office, and they will be called in at the earliest convenience.

Parents needing information, forms, or transcripts sent home are asked to send a written request with their child to be given to the counselor.

Students and parents requesting forms or transcripts need to request items 24 hours in advance.

ABSENCES/TARDIES

Student absence information is covered in detail in the district section of the handbook. Any student who is tardy for class may receive a lunch detention. Additionally, any student who misses more than ten minutes of a class period shall be counted absent for that class period.

PARENT PERMISSION ABSENCES

1. Parent permission may be granted for any reason, including personal illness without written verification. Parents are urged to contact the office prior to 8:00 a.m. by phone or email on the day the absence occurs.
2. The student may not exceed six (6) parent permission absence days for the semester. If a student exceeds six (6) days of parent permission absences in any class for the semester, all parent permission days thereafter may be classified as unexcused.
3. Parent permission shall afford the student the privilege of making up all assignments and/or class activities.
4. Absences for parent permission shall not be granted in conflict with semester examination schedules without prior principal approval.

Students with more than five (5) unexcused absences within a course in a semester may not receive credit for that course.

The following classification of absences will **NOT** count toward the six (6) parent permission absences or the ten (ten) day limit:

- Documented Medical – Must submit documentation from doctor/dental office (medical documentation provided during an illness will supersede parent excused absences for adjacent days).

- Legal – Subpoena or other legal documentation must be provided.
- Participation in an FFA, FHA, or 4-H sanctioned activities.

GRADUATION REQUIREMENTS

The two types of diplomas granted to the graduating seniors of Greenwood High School are the Standard Diploma and Honors Diploma.

Requirements for the Standard Diploma

1. Earn 23 credits (units), 22 of which must be core credits. A unit of credit shall be defined as the credit given for a course which meets for the equivalent of a regular school period each day for a full school year.
2. For all graduating classes, the required 23 units shall be taken from the "Smart Core" curriculum or from the "Core" curriculum. All students will participate in the Smart Core curriculum unless the parent or guardian waives the student's right to participate. In such case of a waiver, the student will be required to participate in the Core curriculum. The required 23 credits are to be taken from the Smart Core or Core curriculums or concurrent credit offered through GHS.

Requirements for the Honors Diploma

1. Meet all the requirements listed above and compile a grade point average of 3.50 or higher at the end of the seventh semester.
2. Successfully complete a total of nine honors courses from which at least one honors course must be selected from four of these eight academic areas: English, mathematics, science, social studies, foreign language, fine arts, business, and computer technology.
3. If a student received a final grade of an "A" or "B," the concurrent class will be counted as an honors credit toward the honors diploma.

DISTINGUISHED GRADUATES

Distinguished graduates are those graduating seniors who have a 4.0 grade point average or higher at the end of the seventh semester and have met the requirements for an honors diploma. Distinguished graduates must complete the Smart Core curriculum.

HONOR GRADUATES

Honor graduates are those graduating seniors who have a 3.50 to 3.99 grade point average at the end of the seventh semester. Honors graduates must complete the Smart Core curriculum.

RANK IN CLASS

For college and scholarship purposes, students will be assigned a GPA based on the college scale. Quality points will be assigned as designated by the letter grade scale below:

REGULAR/PAP	**AP/IB**
A = 4 points	A = 5 points
B = 3 points	B = 4 points
C = 2 points	C = 3 points
D = 1 points	D = 2 points
F = 0 points	F = 0 points

SPECIAL EDUCATION GRADUATION

Students who receive special education services are eligible for a standard diploma. They must meet regular graduation requirements and/or fulfill the terms of their Individualized Education Plan (IEP).

ACTIVITY CREDITS

Per state requirements, students will only be able to count **one** activity credit toward graduation.

CONCURRENT CREDIT COURSES

A ninth through twelfth grade student who successfully completes a college course(s) from an institution approved by the Arkansas Department of Education shall be given high school/graduation credit at the rate of one high school credit for every three (3) or four (4) semester hours of college credit completed.

Courses and Degree Programs

All courses offered by UAFS and/or ATU will abide by the admission and progression requirements as stated in the appropriate collegiate course catalog. Academic guidance for any course will be provided as outlined in this agreement.

Prospective concurrent credit students will be provided information concerning the academic preparation required for enrollment in and completion of each course. It is agreed that each partnering university will apply their own evaluation measures to ensure quality instruction is being delivered within all concurrent credit courses offered at GHS. Partnering universities also have the right to determine the requirements for each course.

UAFS Admission Requirements and Program Operations

1. Only students who have been officially admitted to UAFS may enroll in courses offered by UAFS. Students must be approved by the high school counselor.
2. High school students must meet the minimum ACT test score requirements or comparable placement scores:
3. Registration for these courses will be coordinated by the UAFS concurrent program coordinator and the high school counselor. Once students are enrolled and listed on the class roster, UAFS drop policies must be followed as listed below:
    a. Information will be presented to interested Greenwood High School students and parents by UAFS. Registration will be determined by space availability. All enrollments are final by the official reporting dates set by UAFS for the fall and spring terms. Withdrawals before the official reporting day are not recorded on the permanent student record.
    b. All student withdrawals and course additions will be processed through the UAFS Records Office.
    c. Students must officially withdraw through their high school counselor in coordination with the concurrent program coordinator by the specified timeline.
    d. Student withdraw information will be available through the high school counselor. Students who withdraw by the official deadlines will receive a “W” on their permanent record. After the official withdraw deadline, students will receive the grade they earned. If withdrawing after payment has been processed by UAFS, students will be charged an additional $125 for the course.
4. Final class rosters, mid-term grades, and final grades will be processed through the UAFS Records Office and sent to the high school lead counselor by the concurrent program coordinator.
5. UAFS will be responsible for the preparation and submission of all ADHE Student Information System files pertaining to the enrollment in the courses covered under this agreement (only students who are enrolled for college credit may be counted for FTE purposes by UAFS).
6. Students will be required to attend a scheduled program orientation on the UAFS campus.

UAFS Grade Process

1. UAFS faculty will administer all assignments. UAFS faculty will post grades on the class roster for submission to the Records Office.
2. The concurrent enrollment coordinator will send the midterm and final grades to high school counselor once all grades are submitted to the Records Office.

UAFS Program Administration

1. All UAFS online courses offered to Greenwood High School students must be approved by UAFS and adhere to the UAFS academic policies.
2. The concurrent enrollment coordinator will inform the high school counselor of any students who receive Academic Early Alerts from faculty.

3. UAFS will adhere to the Greenwood High School attendance and academic policies requiring good standing to receive credit for a university course.
4. Students may take proctored tests at the high school with the approval of UAFS.

UAFS General Information

1. Students will be responsible for a $125.00 fee plus the cost of books for each online concurrent course.
2. All online concurrent course content is the responsibility of UAFS and does not fall under the supervision of the Greenwood School District. Any concerns regarding course content will need to be addressed with UAFS.
3. Students attending UAFS must maintain a 2.0 GPA or higher each semester to qualify for the concurrent program. If a student has the required 2.0 GPA but has a grade of D or F, he/she would be required to pay all costs associated with repeating the course.
4. All grades received through concurrent course offerings will be permanently recorded on the students' college and high school transcripts.
5. Greenwood High School reserves the right to dismiss a student from the concurrent program for violations of school policies and below average academic performance.
6. If a student receives a final grade of an "A" or "B," the concurrent class will be counted as an honors credit toward the honors diploma.

ADVANCED PLACEMENT (AP) GRADE WEIGHTING

Students taking AP courses shall receive weighted credit for each grading period during the course of the year. Students who do not take the AP exam shall receive the same numeric value for the grade they would receive if it were a non-AP course, and the course will not count toward an honors diploma. ACA § 6-15-902

PAP/ACCELERATED CLASSES

Pre-AP (PAP)/ACCELERATED classes are offered to students in several core areas. Students who wish to be considered for a PAP/ACCELERATED class should meet the criteria as outlined in the class policy. PAP/ACCELERATED classes will **NOT** receive an added weight in determining grade point averages.

BAND AND CHOIR CREDIT

Band and Choir will receive academic credit.

REPLACEMENT CREDIT

In order for students to receive replacement credit for courses required for graduation, prior approval of the building principal is required to insure consistency in the course content.

SPORTS/ PE CREDITS

In order for a student to receive credit for an athletic sport or PE, the sport must be taught during the regular seven (7) period school day. A maximum of ½ credit per semester will be allowed regardless of the number of sports he/she participates.

STUDENT AIDE

In grades 9-12, faculty members may request one aide per day, unless exceptions are approved by a principal. Student aides may also be requested to assist counselors, office staff, and the media specialist. Preference will be given to juniors and seniors, and all aides must be approved by the high school office.

TRANSFER STUDENT CREDIT

Students entering Greenwood Public Schools from another State Department of Education accredited school shall be placed into the same grade as he/she had been placed at the previous school. Those students will be expected to follow the Greenwood plan for graduation during their remaining years in the Greenwood district and must meet all minimum state requirements for high school graduation.

Any student entering Greenwood Public Schools from a school that is **NOT** accredited by the state's department of education or one of the regional accrediting agencies (i.e. North Central Association) shall be evaluated by the staff of our school to determine proper placement. Transfer credits must be approved by the principal.

TRANSCRIPTS

Official transcripts will provide college GPA. A student who plans to attend college should request a counselor to send an official transcript to the school of his/her choice. Unofficial transcripts can be requested in the counselor's office. All transcripts, official and unofficial, must be requested 24 hours in advance. There is a $1 charge per request.

GRADUATION CEREMONY PARTICIPATION

For students to be entitled to participate in the graduation ceremony, they must be on track to graduate at the end of their seventh semester. They must also have sufficient credits for graduation provided they pass all courses in which they are enrolled for their eighth semester.

Students whose cumulative grade point average cannot mathematically be raised to a 1.50 by the end of the eighth semester will not be allowed to participate in the graduation ceremony. Students, who are not entitled to go through the graduation ceremony for the reasons stated above, will be allowed to go through the first graduation ceremony occurring after they complete their graduation requirements.

Special Education students' participation in the graduation ceremony will be according to the provisions of Section 504 of the Rehabilitation Act of 1973. When a student with a disability has completed his/her IEP, and/or completed the high school graduation requirements established by the local school board, the district's responsibility for special education and related services is terminated.

EARLY GRADUATION

In compliance with ACA § 6-18-224, a high school student will be allowed early graduation when the requisite number of credits are earned regardless of his/her current grade level. Students graduating early will not be required to attend classes after the graduation ceremony.

CAREER ACTION PLAN (CAP)

The student body is divided into groups and assigned to a CAP faculty advisor. The primary goal is to assist students with curriculum selections based upon their future career objectives. This program surveys interests and aptitudes to help guide students in their career selections. Advisors evaluate transcripts and meet with parents and students to inform them of the educational opportunities available throughout high school. After careful consideration, classes are chosen to meet career and graduation goals.

SCHEDULE CHANGES

Our CAP process gives students and parents time to meet with an advisor and research the best courses to take. Once students and parents have signed off on the class schedule, the schedule will only be changed for the following:

1. An error has been made regarding a student's action plan;
2. A student earns credit over the summer;
3. A senior is not scheduled in a class needed for graduation;
4. There is a conflict in the master schedule that requires a schedule change;
5. Students taking AP classes may drop to an on level course;
6. Extenuating circumstances approved by principal, teacher, and counselor.

The student must bring a note signed by the parent/legal guardian giving his/her permission for the schedule change if approved.

PRINCIPAL'S ROLL

Students who have all A's each semester are recognized as having made the principal's roll. Activity grades will not be used to determine eligibility.

HONOR ROLL

Students who have all A's and B's for both semester will be recognized as having made the honor roll.

GRADE AND PROGRESS REPORTS

The school shall provide timely progress reports to keep parents/guardians informed of their student's academic progress. Progress reports will be provided after the sixth and twelfth week during each school semester. A report card will be sent home at the end of each semester.

Students' grades shall reflect only the extent to which they have achieved the expressed educational objectives of the courses in which they are enrolled.

ACADEMIC DISHONESTY

Academic dishonesty at any level will not be tolerated. In the event that a student has committed academic dishonesty, the teacher may give the student no credit for the assignment or exam. Disciplinary penalties may result at the discretion of the administration.

MAKE-UP WORK AND INCOMPLETE GRADES

When a student has missed class work due to absences, school business, or planned absences, it is the responsibility of the student to make arrangements to make up the missed work. This shall be done at the discretion of the teacher between 8 a.m. and 3:15 p.m., unless both student and teacher agree to a time outside of the normal school day.

Students will be allowed one day for each day absent to make up work missed during planned or excused absences. However, if a student misses **three** consecutive days, it is recommended that the parent/guardian contact the counselors' office to request that assignments be collected to be sent home or picked up if it is apparent that the student will miss additional days. After the allowed time to complete the make-up work has expired, the student may receive a zero for the missing work. For example, a student who misses five school days would have five days upon returning to school to make up the missed work. With a principal's approval, exceptions may be made for absences due to the death of an immediate family member or for serious medical procedures which render the student incapable of completing the work. Other extraordinary circumstances may also qualify.

Incomplete grades will be entered on grade reports if a student has not completed his/her course work for reasons which were excused. Incomplete grades will not be given for a student who has failed to complete his/her work as a result of his/her own negligence. All assignments or make-up tests which are not completed within a reasonable time as set by the teacher will be averaged into his/her grade as a zero.

Work during an unexcused absence will not be allowed to be made up and a zero will be assigned unless principal approval is received.

RETAKING CLASSES

A student whose semester grade in any class is a D or below may retake the class with the principal's approval. Acceptable courses may include summer school, online courses, correspondence courses, college courses, or other approved courses. The new grade and the former grade will both be reflected on the student's transcript, but the student will receive only one credit for the two courses.

SEMESTER EXAMS / EXEMPTION POLICY

Students who are continuously enrolled at Greenwood from the beginning of the semester have the option of being exempt from semester tests on a per class basis if they meet the following grade and attendance requirements:

- Students receiving an **A** in the class will be allowed **four absences per semester**.
- Students receiving a **B** in a class will be allowed **three absences per semester**.
- Students with a **C or D** in a class will be allowed **two absences per semester**.
- Students with a **failing grade** will be **required** to take the semester test.

In extreme circumstances, parents may appeal a student's exemption status to the building principal. The building principal's decisions on exemption appeals are final. No further appeal will be heard.

Students who were not continuously enrolled from the beginning of the semester do not have the option of being exempt and will be held responsible for the material on the semester tests which has been covered during their time of enrollment at Greenwood. Students who have been enrolled fewer than 10 days will be expected to be in attendance with their semester test grades not being applied to their average. The only absence situations outside of these guidelines are those related to being subpoenaed to court or 4-H program involvement, which is exempted by legislative mandate.

- If a student who is exempt from semester tests chooses to take the test, the student's test score will be averaged into the semester grade only if it raises the student's average.
- A student will automatically lose his/her semester test exemption eligibility if he/she is assigned a day of in school suspension or is suspended from school. Students who are exempt from semester tests are not to be on campus without permission.
- The semester exam will be comprehensive and count as ten (10) percent of the semester grade.
- AP students must comply with the semester test exemption policy.
- **Semester exams may not be taken early. They must be taken at their scheduled time or made up after the semester ends.**

EXTRA-CURRICULAR ACTIVITIES

Students are responsible for all school rules at all school events whether on or off campus. Failure to abide by prescribed rules at any school sponsored activity/event or while on school property may result in disciplinary action.

A student must attend school the day of an activity in order to participate, unless prior approval has been granted by the principal.

Students at GHS who choose to participate in a sport or extracurricular activity will be held to high moral, ethical, and academic standards.

SUPPLEMENTAL INSTRUCTION PROGRAM (SIP)

The Arkansas Department of Education enacted in 1997 the following rules and regulations establishing the academic standards for student participation in competitive interscholastic activities.

Students participating in competitive interscholastic activities must pass four academic courses and maintain a 2.0 from all academic courses the previous semester.

If a student has passed four academic courses but does not have a 2.0 from the previous semester, he/she must be enrolled and attending a supplemental instruction program for at least 100 minutes per week outside of the school day. A student must be in the program every week of the semester.

If a student in the supplemental program does not meet his/her required 100 minutes, the student will be ineligible to participate in any/all activities from that week until the end of the semester.

If any student participating in fall activities is not compliant at the end of the first semester, he/she must be in the supplemental program for the spring semester to be eligible to participate in fall activities the next year. The same is true for students out of compliance at the end of the spring semester in order to participate in activities the following spring.

If a student does not stay in the supplemental program or does not attend his/her required 100 minutes per week, the student would need to pass four academic subjects and have a 2.0 grade point average at the end of the semester in which the violation occurred in order to participate in activities the following semester.

All times and places for supplemental instruction shall be decided by the building principal. All students in the program will be expected to bring material to class on which to work and provide the supervisor with a copy of his/her progress report and report card. In addition, for a student to have an excused absence, he/she must have prior approval from the program coordinator.

HOMECOMING – Football and Basketball

Homecoming days are red-letter days on the GHS school calendar. The queen and her court are honored in a formal ceremony in both football and basketball. The queen is selected by the football team or basketball team and the maids by the respective classes.

Qualifications for all homecoming royalty include:

1. The queen and maid of honor are seniors.
2. Candidates for homecoming royalty must have at least a 2.0 cumulative grade point average.
3. Candidates must have attended GHS the previous semester.

Eligible girls (10-12th grade) may be a maid/maid of honor one time during their high school career for football homecoming. Eligible girls may also be a maid/maid of honor one time during their high school career for basketball homecoming. All eligible senior girls may be chosen as queen one time for either football or basketball but not both.

SCHOOL ORGANIZATIONS

The following information and rulings should be followed to determine policy on school organizations:

1. Students have the right to join an existing club and should not be restricted from membership on the basis of race, color, sex, national origin, qualified handicap, or religion.
2. School fraternities and secret societies are banned in Arkansas public schools.
3. To hold a class office or to serve on the student council, a student must have a 3.0 cumulative grade point average and must file an appropriate petition.
4. Students may be elected to two officer positions. Only one position may be a presidential office.
5. All school organizations must have a faculty sponsor. All non-academic groups or groups not recognized by the Arkansas Activities Association (AAA) will be required to meet outside regular school hours.

FIELD TRIPS

The teacher or sponsor must provide the assistant principal with a list of the students who are scheduled to attend a field trip at least three days prior to the trip. Permission to attend can be denied based on academics, attendance, discipline, ISS, or suspension. Violation of trip or school rules may cause loss of future privileges. The decision will be made at the discretion of the principal. Sponsors shall make every effort to provide male and female chaperones on overnight trips that include male and female students. Sponsors and chaperones shall be responsible for stating guidelines and enforcing school policies and rules.

The following items must be addressed with all participants: time for departures and arrivals, agendas, meetings, meals, room checks, lights out procedures, and chaperone responsibilities. A field trip form must be completed and signed by each student and parent/guardian. **All** school rules and policies are in effect on all school trips.

PERSONAL VEHICLES AND SCHOOL TRIPS

Students on school activity/athletic trips are required to ride the school bus with the coach or sponsor. Students are not allowed to drive unless written permission is given by a principal, and students shall not ride with other students. Exceptions will be made only in extreme situations and must be approved by the principal, coach/sponsor, and guardians.

PARKING PERMITS/ PARKING LOT GUIDELINES

A student must have a valid driver's license and a vehicle before he/she will be issued a parking permit. Each student who drives a vehicle to school must have a parking permit displayed on the front mirror or dash of the vehicle. The cost of each parking tag is $5.00. Student drivers will be assigned a colored parking tag for a corresponding colored parking lot. Students are not assigned to a specific numbered spot. Students are free to park in any parking space in their assigned colored lot.

Once students arrive on campus, they are to **immediately** leave their vehicle and proceed to appropriate areas of supervision. Students are not to access their vehicle at any time during the school day, unless they have written permission from the office. Any student parking a vehicle on campus is granting permission for school or law enforcement authorities to search that vehicle. If a student quits a program or is removed from a program, he/she will turn in the area parking tag for that program, and a new tag and parking area will be assigned.

No marking or painting is allowed on windshields, driver's side window, or front passenger window. Oversized flags, banners, etc. which create a safety issue are not to be attached to student vehicles.

WATC ATTENDANCE AND COMPLIANCE

Students may be afforded the opportunity to enroll in courses offered at the Western Arkansas Technical Center (WATC). The following regulations and expectations are required in order for students to receive credit from Greenwood High School for their courses at WATC or to reenroll in the courses.

1. In order to receive credit from Greenwood High School for the courses taken at WATC, students must comply with both UAFS and GHS attendance policies. Course attendance at WATC is mandatory and such attendance shall be recorded and assessed by the high school office.
2. Students who are denied credit based on poor attendance shall not be allowed to re-enroll at WATC the next semester.
3. Students who receive a grade lower than a "C" shall not be allowed to re-enroll at WATC the next semester and may lose financial aid if they decide to attend UAFS after graduation.
4. Students who have graduated early from Greenwood High School will not receive tuition assistance for WATC courses.
5. Students are required to follow all GHS rules while attending WATC classes on the UAFS campus.
6. Students enrolled in WATC are subject to random drug testing per the regulations of the Random Drug Testing Policy.

ADMISSION TO BUILDING

Upon arrival at school in the morning, students should proceed to the following locations: GHS Student Union, Commons area, and outside the PE Gym. Students will be taken inside the GHS Student Union when inclement weather situations arise.

Students wishing to eat breakfast should do so before reporting to a designated area. Students may begin entering the GHS Library and/or individual teacher classrooms for tutoring at 7:30. No students shall be in the halls of the Freshman Center or Greenwood High School prior to the 8:00 bell unless meeting with a teacher.

BACKPACKS
Students may carry a backpack throughout the school day. However, student backpacks may not block areas such as classroom aisles or doorways. Backpacks are the sole responsibility of the individual student during the school day and on school trips.

ROLLER BLADES, ROLLER SKATES, AND SKATEBOARDS
The possession of or use of roller blades, roller skates, and skateboards is prohibited on campus at any time during the school day. After school hours, skateboards may be ridden on the following areas only: *sidewalks, streets, and parking lots*. Skateboards are not to be ridden in the following areas or on the following items: *brickwork or brick walls, handrails, benches, or picnic tables.* For the safety of the skateboarders and the protection of personal vehicles, skateboards are not to be ridden on school property during football games or other major events. During activities with lower attendance, skateboarders may ride in vacant parking lots only.

ASSEMBLIES
All students are required to attend assemblies including pep rallies, entertainment, and other educational programs Students are expected to conduct themselves in an appropriate manner at all assemblies. Cell phones are not allowed to be used at any time during assemblies. No food or drinks will be allowed at assemblies.

HIGH SCHOOL MEDIA CENTER ACCESS AND USE
The media center is open before, after school, and during both lunch periods. Students also have individual access during study halls and classes that have library assignments. Teachers may reserve the library for research projects, guest speakers, and computer assignments.

The book and media collections are selected to support the curriculum, including literacy encouragement programs. Suggestions are welcome from faculty, students, and parents.

As books are checked out, a date due is stamped in the front of the book. Students are responsible for returning books to the library on or before that date. Books that have not been reserved by another student may be rechecked for additional time. Overdue books may not be rechecked.

A fine of $1 per week (up to $5 maximum per book) is charged for overdue books. Students are responsible for paying the replacement cost of any books they lose. While a student has an overdue book, owes a fine, or owes for a lost book, his/her library privileges are suspended and disciplinary penalties may be assigned until payment is made.

TEXTBOOKS
Textbooks are issued to each student, and care of the books is the responsibility of that student. Should a book be lost, the replacement cost must be paid before another book will be issued. Money will be refunded if the lost book is returned. Excessive damage to a textbook will result in a reasonable fine or replacement costs being charged when the book is returned at the end of the school year.

LOCKERS
Locker rental is $5 per year and will be rented to students in grades 10-12 on a first come, first served basis. Lockers are to be used only by the students to whom they have been assigned. Lockers remain the property of Greenwood High School and are subject to inspection by school administrators. Any locker damage or loss of lock will result in a fine or penalty to the student to whom that locker has been assigned.

ELECTRONIC DEVICES
The use of electronic devices such as cell phones, tablets, laptop computers, etc. may be permitted during the school day with staff approval and supervision. Any use of electronics during the class period is at the sole

discretion of the classroom teacher. Although possession and use of these devices may be permitted, the school accepts no responsibility for technical support, no liability for damage to the equipment, and has the right to govern their use.

FILMING/RECORDING

Students are not to use cameras, cell phones, or any other devices to record or film students, teachers, or other employees without office or staff permission. Students may not record audio or video or take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms. (For more information, refer to the Possession and Use of Cell Phones and Other Electronic Devices section in the district portion of the handbook.)

PROHIBITED STUDENT CONDUCT

The school district reserves the right to punish behavior that is not considered appropriate in the schools, even though such behavior is not specified in the following written rules. DRESS CODE

In order to establish high standards for Greenwood High School, it is important to maintain neatness, cleanliness, and decency in the dress of all students. With the realization that there is an accepted dress for all occasions and that what is appropriate for one occasion may not be for another, the Greenwood School Board has established the following dress code policy:

The following items are **NOT** appropriate for school or school events:

1. Tank tops, backless blouses, and shirts, dresses or tops ***which expose undergarments.***
2. See-through or low cut blouses.
3. Bare feet.
4. Bare midriffs. (Tops that cannot be tucked in or that do not cover the waistband of jeans, slacks, or skirts at all times.)
5. Skirts, dresses, or shorts that are not within six inches of the top of the knee. This can be measured easily with a dollar bill (or any denomination of paper currency). **NOTE: The goal of a length requirement is to give guidance on what is uniformly acceptable. Six inches is an arbitrary single measurement of what is considered acceptable. Individual students and garments may vary, and there may be circumstances when six inches above the knee is not appropriate. Please use discretion when selecting attire.**
6. Clothing displaying suggestive, vulgar, obscene, violent, or offensive messages or pictures.
7. Clothing advertising drugs, tobacco, or alcohol.
8. Clothing that is negative or disruptive in nature or that promotes social disorder.

9. **No jeans or other pants may have any holes above the acceptable length for shorts and skirts unless the hole has a backing (does not expose skin or undergarments).**
10. Sagging of pants by wearing the pants well below the top of the hips.
11. Excessively long shirt tails worn outside the pants.
12. Clothing, apparel, accessories, or styles that are deemed to be gang related or have gang related origins.
13. Piercings are allowed with exceptions. Ear piercings are allowed, provided the piercing is not deemed to be a safety hazard or a distraction. Nose piercings will be limited to small studs or spacers (no loops, rings or large piercings).
14. Pajama pants, house shoes, or blankets.
15. Hats, beanies, or caps are not to be worn by students except for approved events.
16. ***Leggings, yoga pants, etc. may be worn with appropriate length shirt over them. If lower body garments are see-through (such as pantyhose or tights), another garment must be worn over them that meets the length requirement.***
17. If multiple garments are worn, the outer garment must meet dress code rules.

Students who miss more than 10 minutes of class due to a dress code violation may receive an unexcused absence in accordance with the attendance policy. Students with multiple dress code offenses may be subject to further disciplinary action.

SCHOOL NURSE

The school nurse will be at the high school between 7:45 a.m. and 3:30 p.m. Prescription medication will be administered by the school nurse. If the nurse is not present, prescription medication may be administered by the school principal or by his/her designee. Nonprescription medications may be given to students at the discretion of the principal or nurse or their designee(s).

DISCIPLINARY ACTIONS

1. Noon Detentions

Routine discipline problems will be handled in the following manner. Detention may be assigned to a student by either the teacher or the principal. Detention is served in the cafeteria during the student's lunchtime. Students assigned detention will be given time to eat their lunch.

Students are required to sign noon detentions to verify they are aware of receiving a detention. Refusal to sign may result in additional disciplinary action. Frequent recorded detentions over the course of a semester will result in cumulative discipline according to the list below:

- 3 Detentions – Letter sent home to parents
- 6 Detentions – Morning detention or 3-Day Noon Detention
- 9 Detentions – 1 Day In-School Suspension
- 12 Detentions – 2 Days In-School Suspension

The accumulation will reset after each semester ends, and consequences may be adjusted at the discernment of the principal or his/her designee.

2. Morning Detention/After School Detention

Students may be assigned morning detentions or after school detentions. Morning detentions will be from 7:15 a.m. to 7:45 a.m. After school detentions are from 3:15-3:45. Either detention will take priority over all athletic and school activities as well as personal business. Failure to attend either detention will result in additional penalties.

Discipline problems of a more serious nature than those mentioned above will be handled by the principal by whatever means he/she deems appropriate.

3. In School Suspension (ISS)

If a student receives a full day of In-School Suspension, he /she will be required to attend from 8:05 a.m. to 3:05 p.m., which will necessitate a separate lunch period and separate restroom privileges. The student will have no contact with other students during the day. In-school suspension shall be treated as if the

student was present at school. However, the student will be ineligible and shall not attend nor participate in any school-sponsored activities during the day of the imposed suspension and not until the day after he/she completes the ISS. Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board. A.C.A. 6-18-507

Classroom assignments for the student who is in ISS will be sent to ISS by the classroom teacher, and it is the responsibility of the student to complete those assignments. Students who are required to serve ISS will not be exempt from semester exams for that semester.

4. ***Corporal Punishment***

Under certain circumstances, corporal punishment may be assessed as a disciplinary measure. Corporal punishment will be administered out of sight of other students and with the accompaniment of a staff member serving as a witness. Students who are intellectually disabled, non-ambulatory, non-verbal, or autistic shall not receive corporal punishment.

5. Suspension

Make up work will be limited to major class assignments and tests during out of school suspension. All other graded assignments during the suspension may be recorded as a zero. Students will not be allowed to attend any school functions while under suspension and not until the day after the suspension is satisfied. After the initial suspension, any further problems will be handled according to the method the principal deems most effective. Each principal is authorized to suspend a student from school for disciplinary reasons for up to ten (10) school days, including the day upon which the suspension is imposed. Unless the official imposing the suspension has personally witnessed the infraction, he/she will conduct an investigation into the matter as deemed necessary, including an interview with the subject before imposing the suspension.

a. The custodial parent or guardian will be given notice of each suspension, which shall include the reasons for the suspension, its duration, and the manner in which the student may be readmitted to school.
b. Any conduct that tends to be disruptive to the educational program will be grounds for suspension. When a student has been notified that he/she is suspended from school, he/she shall stay away from school premises and school activities, both home and away, until the principal or designee reinstates him/her.
c. When a suspension occurs, it may be reviewed by the superintendent or his designee at the request of the parent. At such review, the student may make a statement in his/her own behalf and present any other available evidence in support of his/her position. The reviewing officer shall have the authority to revoke, terminate, or otherwise modify the suspension and will notify the parent of his/her action in this regard on the day the review is complete.
d. A student may challenge any part of his/her discipline record maintained by the school district on the grounds that it is an inaccurate record or that his/her conduct did not warrant the discipline assigned. The superintendent or designee will receive any evidence tendered on behalf of the student on the issue and will conduct further investigations as he/she deems necessary. If the record is found to be inaccurate, it will be corrected. If it is found that the student's conduct did not warrant the discipline assessed, the record will be amended to reflect that finding.
e. A student's disciplinary actions will not be entered on the student's permanent record card. Records shall be treated as confidential and disclosed only to public authorities requesting information in the course and scope of their legal duties.
f. It is the parent's or legal guardian's responsibility to provide current contact information to the district which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:
    - A phone call
    - An email
    - A first class letter

OFF-CAMPUS EVENTS

Students at school-sponsored, off-campus events shall be governed by school district rules and regulations and are subject to the authority of school district personnel.

CANINE UNIT

In an effort to better serve the community and the school district, upon the request of the school administration, the school resource office may call upon the services of the Greenwood Police Department's and/or Sebastian County's Canine Unit. The Canine Unit may be called upon to search any school district facility, property, or locker including all school district parking lots.

PARENTS ON CAMPUS

Parents must come to the office if they wish to check out their child or if they need to speak with them. If parents need to be in parts of the building other than the office, a visitor pass will be issued to admit them to other sections. GHS utilizes the Hall Pass visitor screening system. The system is designed to screen school visitors before giving them building access. The computer software and screening device utilizes the visitor's motor vehicle license to search for any background information that might prohibit the visitor from having access to the school.

PARENT INVOLVEMENT

The superintendent of Greenwood School District supports and encourages parental involvement in school activities and in the educational process. Students whose parents are involved in their education are more likely to be successful.

The Parent Involvement Committee will address the diverse needs of the students and their parents to increase the school's ability to provide opportunities for the educational success of the students at Greenwood High School. The parents of Greenwood students will be invited to an open house where they can share their concerns and expectations for the upcoming school year. Parents will be asked to complete a survey during the school year to identify ways that they might be interested in assisting students at school and at home.

Greenwood High School will seek to communicate in a number of ways. Among these are the district online communication platform, social media (Facebook, Twitter, or Instagram), and the Home Access Center (HAC). Home Access Center provides real time data on student grades and attendance. It also provides a means of contacting the teacher through links to email addresses.

RESOLVING PARENTAL CONCERNS

The process for conflict or concern resolution will be as follows:

- Contact the teacher (regarding teacher concerns) or the counselor to define the problem
- With the counselor's help, determine whom to approach with the concern
- Together, a solution should be developed if needed
- Make an appointment with the building administrator
- Meet with Central Office personnel

It is the desire of Greenwood High School to resolve any parental concerns that might exist regarding Greenwood students. Parents should contact a school counselor at Greenwood High School with any concerns regarding their students. Counselors can then assist the parent(s) in speaking with teachers to answer questions or resolve conflicts. If the need arises, concerns may be passed on to an administrator for further attention. Collaboration between the school and parent(s) will dictate appropriate solutions for individual situations. In the event that a parent needs additional assistance regarding an issue, he/she may contact the Secondary Director of Student Services located at the Greenwood Office of Administration, 420 N. Main, Greenwood, Arkansas, 72936, (479) 996-4142.

PARENT CENTER

The Greenwood District also has a Parent Center located on El Paso Street (adjacent to the Performing Arts Center). Parents are encouraged to use the facility. The parent center has informative materials regarding responsible parenting. These materials are available for the parents of Greenwood School District students to checkout. More information can be obtained through the Greenwood High School office, the Greenwood School District office, or the Special Education office.

PARENT/TEACHER CONFERENCES

In accordance with State Law, the Greenwood school district will hold two parent/teacher and/or CAP conferences, one each semester during the school year. The dates for each parent/teacher day will placed on the school district calendar.
