

Watch for symptoms

People with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness. Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms may have COVID-19:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Any one of these symptoms can be a COVID symptom. No student or staff member in a household can return to school unless all family members are cleared. Please see

RETURN TO SCHOOL OPTIONS

Spot emergency warning signs* for COVID-19. If someone is showing any of these signs, seek emergency medical care immediately:

- **Trouble breathing**
- **Persistent pain or pressure in the chest**
