ACSD iTECH ACADEMY

OFF TO A GREAT START!

The iTECH Academy classes are off to a great start. Teachers and students connected through Google Classroom and are navigating the technology better with each passing day. Thank you for working together with teachers to make this a beneficial learning experience for your child!

PARENTS NEED TO KNOW…

Online Assignments - instruction and assignments are delivered through each teacher's Google Classroom. Assignments are expected to be completed by the due dates, and grades are assigned. Work submitted late will receive a reduced grade. Student grades are recorded in Powerschool (1st grade – 12th grade) and may be accessed through Parent Portal.

Required Testing – Act 142 mandates that all students, regardless of their selected mode of instructional delivery (face-to-face or online learning) report to school in order to take district, state, and federally-mandated assessments. Please click the link HERE for more information about upcoming tests.

Attendance Policy – virtual attendance will be recorded based on the student's completion of assignments by the designated due dates. Extended absences and non-participation will result in truancy. Please click the link HERE for the revised iTECH Attendance Policy.

Our iTECH teachers, students, and parents make the iTECH Academy a success! We look forward to continued partnership throughout the semester. Information about plans for the spring semester will be released to students and parents around mid-October.
