Board Approves COVID-19 Preparedness and Response Plan
(amended)

and

Extended COVID-19 Learning Plan

For Immediate Release

September 15, 2020

Last night the Pine River Area School Board of Education approved an amended version of the COVID-19 Preparedness and Response (CPR) Plan and the Extended COVID-19 Learning (ECL) Plan. The CPR is required by Executive Order 142 and the ECL is required by recent *Return to Learn* legislation.

Both plans are required to be posted on the school district's website. Please take the time to read the plans. We certainly encourage calling the building office for questions pertaining to your student and the requirements of the plans.

In essence, each plan answers questions about teaching and learning in a Time of Covid-19. As we move forward through the school year, we recognize there may be a need to make changes or amend our plans, as we have done already with our CPR plan.
